42-10 - USE ALLOWANCES

LAST AMENDED

6/6/2024

The provisions of Sections [42-11](#) (Use Group I – Agriculture and Open Uses) through [42-20](#) (Use Group X – Production Uses), inclusive, establish #use# allowances by Use Group. A brief statement is inserted at the start of each Section to describe and clarify the basic characteristics of that Use Group. For Use Groups I, and III through X, #use# allowances by zoning district are summarized in Use Group tables. For each #use# and zoning district, the tables contain up to two levels of notation in a particular cell:

- (a) The top level will always contain a symbol and denotes:
 - (1) permitted as-of-right (“●”);
 - (2) permitted as-of-right in some instances, but with broad #use# limitations on as-of-right applicability, either by district or geographic restrictions (“◆”);
 - (3) allowed by special permit (“○”) of the Board of Standards and Appeals or the City Planning Commission; or
 - (4) not permitted in the district (“–”).
- (b) The second level may or may not be present, depending on the #use# and the zoning district. Where present, the table denotes one or more allowances or restrictions on the as-of-right #use#. Specifically, they denote where the following apply:
 - (1) size restrictions (“S”), including establishment or #lot area# size limitations or person capacities;
 - (2) additional conditions (“P”), including environmental standards or other measures other than size restrictions or open #use# regulations; or
 - (3) open #use# allowances (“U”), including exemptions from enclosure rules and additional open #use# regulations. Such allowances may be supplemented or superseded by the provisions of Section [42-50](#) (SUPPLEMENTARY USE REGULATIONS), inclusive.

Such notations are illustrated in the following diagram:

For a given zoning district, #use# allowances are denoted as permitted as-of-right (“●”), with limited applicability (“◆”), by special permit (“○”) or not permitted in such district (“-”)

Additional conditions and requirements are grouped below #use# allowances. Such provisions include size restrictions (“S”), additional conditions (“P”) or open #use# allowances (“U”)

Where a #use# is permitted and no second level symbology is included, the #use# is permitted without size restrictions, additional conditions or open #use# allowances. However, all #uses#, where applicable, are subject to the provisions of Sections [42-30](#) (SPECIAL PROVISIONS APPLICABLE TO CERTAIN AREAS AND DISTRICTS), [42-40](#) (PERFORMANCE STANDARDS), and [42-50](#) (SUPPLEMENTARY USE REGULATIONS).

Use Group tables also show the parking requirement category, denoted as “PRC”, for the applicable #use#, where applicable. PRC letters A through G refer to the classification of #commercial uses# and #manufacturing uses# to determine required accessory off-street parking spaces as set forth in the table in Section [44-21](#) (General Provisions). Subcategories within, denoted by number suffices, indicate variations of the same parking category. Where the PRC for a #use# is denoted as “N/A”, no parking requirement applies except as specified in other provisions of this Resolution.

Subsections following the table for a particular Use Group contain specific provisions applicable to certain #uses#, including size restrictions, additional conditions, or permission for unenclosed #uses#. Other subsections contain references for #uses# permitted by special permits of the Board of Standards and Appeals or the City Planning Commission, or provisions for #uses# where two PRCs are assigned.

The following diagram provides an illustrative example of how such provisions are notated across zoning districts for a given #use#:
