In all districts, other than districts with an A suffix, if an open area is provided along the full length of the #front lot line# with the minimum depth set forth in the following table, the provisions of Section [43-43](#) (Maximum Height of Front Wall and Required Front Setbacks) shall not apply. The minimum depth of such open area shall be measured perpendicular to the #front lot line#. However, in such instances, except as otherwise provided in this Section or in Sections [43-42](#) (Permitted Obstructions) or [43-45](#) (Tower Regulations), no #building or other structure# shall penetrate the alternate #sky exposure plane# set forth in the table in this Section. The #sky exposure plane# shall be measured from a point above the #street line#.

In an M1-6 District, if the open area provided under the terms of this Section is a #public plaza#, such open area may be counted toward the bonus provided for a #public plaza#, pursuant to Section [43-14](#) (Floor Area Bonus for Public Plazas and Arcades).

In M1-1 Districts, for #community facility buildings# the height above the #street line# shall be 35 feet.
