25-31 - General Provisions

LAST AMENDED 12/5/2024

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10 R11 R12

In all districts, as indicated, #accessory# off-street parking spaces, open or enclosed, shall be provided in conformity with the requirements set forth in the table at the end of this Section for all #development# after December 15, 1961, for the #uses# listed in the table. In addition, all other applicable requirements of this Chapter shall apply as a condition precedent to the #use# of such #development#.

After December 15, 1961, if an #enlargement# results in a net increase in the #floor area# or other applicable unit of measurement specified in the table in this Section, the same requirements set forth in the table shall apply to such net increase in the #floor area# or other specified unit of measurement.

A parking space is required for a portion of a unit of measurement one-half or more of the amount set forth in the table.

For the purposes of this Section, a tract of land on which a group of such #uses# is #developed# under single ownership or control shall be considered a single #zoning lot#.

For those #uses# for which rated capacity is specified as the unit of measurement, the Commissioner of Buildings shall determine the rated capacity as the number of persons which may be accommodated by such #uses#.

The requirements of this Section shall be waived in the following situations:

- (a) when, as the result of the application of such requirements, a smaller number of spaces would be required than is specified by the provisions of Section <u>25-33</u> (Waiver of Requirements for Spaces Below Minimum Number);
- (b) when the Commissioner of Buildings has certified, in accordance with the provisions of Section <u>25-34</u> (Waiver of Requirements for All Zoning Lots Where Access Would Be Forbidden) that there is no way to arrange the spaces with access to the #street# to conform to the provisions of Section <u>25-63</u> (Location of Access to the Street); or
- (c) for certain #zoning lots#, #developments# or #enlargements# below minimum thresholds pursuant to Section <u>25-36</u> (Waiver of Requirements for Certain Small Zoning Lots).

For the purposes of applying the loading requirements of this Chapter, #uses# are grouped into the following Parking Requirement Categories (PRC) based on how requirements are measured. The specific designations for #uses# are set forth in the Use Group tables.
