

Zoning Resolution

THE CITY OF NEW YORK

Eric Adams, Mayor

CITY PLANNING COMMISSION

Daniel R. Garodnick, Chair

36-50 - ADDITIONAL REGULATIONS FOR PERMITTED OR REQUIRED ACCESSORY OFF-STREET PARKING SPACES

File generated by <https://zr.planning.nyc.gov> on 8/18/2025

36-50 - ADDITIONAL REGULATIONS FOR PERMITTED OR REQUIRED ACCESSORY OFF-STREET PARKING SPACES

LAST AMENDED
12/15/1961

36-51 - General Provisions

LAST AMENDED
9/29/2010

C1 C2 C3 C4 C5 C6 C7 C8

In all districts, as indicated, all permitted or required #accessory# off-street parking spaces shall conform to the provisions of Section [36-50](#), inclusive.

Special regulations applying to #large-scale community facility developments# or #large-scale residential developments# are set forth in Article VII, Chapter 9 or 8, respectively.

36-52 - Size, Location and Identification of Spaces

LAST AMENDED
9/29/2010

C1 C2 C3 C4 C5 C6 C7 C8

In the districts indicated, all #accessory# off-street parking spaces shall comply with the size and location provisions of this Section.

36-521 - Size of spaces

LAST AMENDED
12/5/2024

C1 C2 C3 C4 C5 C6 C7 C8

(a) Minimum maneuvering space

In all districts, as indicated, for all #accessory# off-street parking spaces, open or enclosed, each 300 square feet of unobstructed standing or maneuvering area shall be considered one parking space., except as follows:

(1) Standard attended facilities

An area of less than 300 square feet, but in no event less than 200 square feet, may be considered as one space, where the layout and design of the parking area are adequate to permit convenient access and maneuvering in accordance with regulations promulgated by the Commissioner of Buildings, or where the developer or applicant for a building permit or certificate of occupancy certifies that such spaces will be fully attended.

In any case where a reduction of the required area per parking space is permitted on the basis of the developer's certification that such spaces will be fully attended, it shall be set forth in the certificate of occupancy that paid

attendants employed by the owners or operators of such spaces shall be available to handle the parking and moving of automobiles at all times when such spaces are in use.

(2) Attended facilities with parking lift systems

For portions of an attended parking facility with parking lift systems, each individually lifted tray upon which a vehicle is stored shall be considered one parking space. Any other attended space not on a lifted tray shall be subject to the provisions of paragraph (a)(1) of this Section.

(3) #Automated parking facilities#

For #automated parking facilities#, each tray upon which a vehicle is stored shall constitute one street parking space. The term “tray” shall refer to the structural support for vehicle storage in both pallet and non-pallet vehicle storage systems.

However, auxiliary parking trays in #automated parking facilities# may be exempted from constituting a parking space where the Commissioner of Buildings determines that such auxiliary parking trays are necessary to store and retrieve vehicles for the efficient operation of such #automated parking facility#.

(4) #Single-# and #two-family residences#

For #accessory# off-street parking spaces serving #single-# or #two-family# #residences#, an area of less than 300 square feet may be considered as one space.

(b) Driveway access

Driveways used to access required parking spaces must be unobstructed for a width of at least eight feet and a height of eight feet above grade and, if connecting to a #street#, such driveway may only be accessed by a curb cut.

(c) Minimum size for each parking space

In no event shall the dimensions of any parking stall be less than 18 feet long and 8 feet, 6 inches wide.

(d) Special rules for certain areas

In the Borough of Staten Island and in #lower density growth management areas# in Community District 10 in the Borough of the Bronx, for #commercial# or #community facility# #uses#, each required parking space not within a #building# shall be within a parking stall accessed from a travel aisle, where each such stall and aisle complies with the maneuverability standards of paragraph (b) of Section [36-56](#) (Parking Lot Maneuverability and Curb Cut Regulations). The use of an attendant shall be permitted only where necessary to accommodate additional, non-required parking spaces within the travel aisles. For such parking areas with 18 or more spaces, or greater than 6,000 square feet in area, the provisions of Section [37-90](#) (PARKING LOTS) shall also apply.

36-522 - Location of parking spaces on zoning lots containing residences

LAST AMENDED

12/5/2024

C1 C2 C3 C4 C5 C6 C7 C8

In all districts, as indicated, for #zoning lots# with #buildings# containing #residences#, all #accessory# off-street parking spaces shall be located only within such #buildings# or in any open area on the #zoning lot# that is not between the #street line# and the #street wall# of such #buildings# and their prolongations.

However, on #through lots#, such limitation shall only apply along one #street# frontage.

In addition, such limitation shall not apply on #zoning lots# occupying an entire #block# or to #large sites#.

36-523 - Identification of car sharing vehicles

LAST AMENDED

9/29/2010

C1 C2 C3 C4 C5 C6 C7 C8

Within an off-street parking facility that contains #car sharing vehicles#, an information plaque shall be placed within 20 feet of either the entrance to the parking facility or the attendant's station, at a location accessible to and visible to users of such facility. The plaque shall be fully opaque, non-reflective and constructed of permanent, highly durable materials and shall contain the following statements in lettering no less than one inch high:

- (a) "Total parking spaces in facility:" which shall specify the total number of parking spaces permitted within such parking facility;
- (b) "Maximum number of car sharing vehicles:" which shall specify the total number of #car sharing vehicles# permitted within such parking facility; and
- (c) where such parking facility contains #accessory# #residential# parking spaces, "Accessory residential parking spaces shall be made available to residents of this building within 30 days after a written request is made to the landlord".

36-524 - Calculating floor area in parking facilities with lift systems, or in automated parking facilities

LAST AMENDED

12/6/2023

For enclosed #accessory# off-street parking facilities, or #public parking garages#, for the purposes of determining #floor area# in an #automated parking facility#, or an attended parking facility with parking lift systems, each tray upon which a vehicle is stored at a height that exceeds the permitted exemption set forth in the definition of #floor area# in Section [12-10](#), or as otherwise modified in this Resolution, as applicable, shall be considered #floor area# in an amount of 153 square feet, or the size of such lifted tray, whichever is greater.

36-53 - Width of Curb Cuts and Location of Access to the Street

LAST AMENDED

4/14/2010

C1 C2 C3 C4 C5 C6 C7 C8

In all districts, as indicated, the entrances and exits of all permitted or required #accessory# #group parking facilities# and all permitted #public parking lots# or #public parking garages# with 10 or more spaces, shall be located not less than 50 feet from the intersection of any two #street lines#. However, access located within 50 feet of such intersection may be permitted if the

Commissioner of Buildings or, in the case of #public parking lots# or #public parking garages# permitted in accordance with the provisions of Article VII, Chapter 4, the City Planning Commission, certifies that such a location is not hazardous to traffic safety and not likely to create traffic congestion. The Commissioner of Buildings or the City Planning Commission may refer such matter to the Department of Transportation for a report and may base its determination on such report.

The waiver provisions of Sections [36-24](#) or [36-33](#) (Waiver of Requirements for All Zoning Lots Where Access Would Be Forbidden) shall apply when the Commissioner of Buildings has certified that there is no way to arrange the spaces with access to the #street# to conform to the provisions of this Section.

36-531 - Location of curb cuts in C1 or C2 Districts mapped within R5D Districts

LAST AMENDED
6/29/2006

In C1 or C2 Districts mapped within R5D Districts, a minimum distance of 34 feet of uninterrupted curb space shall be provided between all curb cuts constructed after June 29, 2006.

Furthermore, no curb cuts shall be permitted on the ## frontage of any #zoning lot# existing on June 29, 2006, with access to a #narrow street#.

36-532 - Location and width of curb cuts accessing residential parking spaces in certain districts

LAST AMENDED
2/2/2011

The provisions of this Section shall apply to all curb cuts accessing off-street parking spaces #accessory# to #residences# in #Commercial Districts# mapped within, or with a #residential equivalent# of, an R3 through R12 District.

- (a) All such curb cuts shall comply with the provisions of Section [25-631](#) (Location and width of curb cuts in certain districts), as set forth for the applicable #building#, #building segment# and #Residence District#. All #buildings# containing #residences# in C1 and C2 Districts mapped within R1, R2, R3-1, R3A, R3X, R4-1, R4A and R5A Districts shall comply with the provisions set forth in Section [25-631](#) for an R3-2 District;
- (b) All such curb cuts shall be prohibited on the #wide street# frontage of any #zoning lot# existing on April 14, 2010, with access to a #narrow street#; and
- (c) Where a #Commercial District# with only #narrow street# frontage is mapped along the short end of a #block#, and a #zoning lot# existing on April 14, 2010, has access to both the short and long ends of such #block#, all such curb cuts shall be prohibited along the #street line# of the short end of such #block#.

36-54 - Surfacing

LAST AMENDED
12/5/2024

C1 C2 C3 C4 C5 C6 C7 C8

In all districts, as indicated, all open #accessory# off-street parking spaces or permitted #public parking lots# shall be graded, constructed, surfaced and maintained so as to provide adequate drainage and to prevent the release of dust, in accordance with rules and regulations promulgated by the Commissioner of Buildings.

Any area intended to be used permanently for an open #accessory# #group parking facility# shall be surfaced with permeable paving materials, asphaltic or Portland cement concrete, or other hard-surfaced dustless material.

36-55 - Screening

LAST AMENDED

12/5/2024

C1 C2 C3 C4 C5 C6 C7 C8

In all districts, as indicated, all open off-street parking areas with 10 spaces or more, which are located on #zoning lots# adjacent to the boundary of a #Residence District#, either at natural grade or on a roof:

- (a) shall be screened from all adjoining #zoning lots# in #Residence Districts#, including such #zoning lots# situated across a #street#, by either:
 - (1) a strip at least four feet wide, densely planted with shrubs or trees at least four feet high at the time of planting, and which are of a type which may be expected to form a year-round dense screen at least six feet high within three years; or
 - (2) a wall or barrier or uniformly painted fence of fire resistant material at least six feet high, but not more than eight feet above finished grade (or above the roof level, if on a roof). Such wall, barrier or fence may be opaque or perforated, provided that not more than 50 percent of the face is open;
- (b) shall be maintained in good condition at all times;
- (c) may be interrupted by normal entrances or exits; and
- (d) shall have no #signs# hung or attached thereto other than those permitted in Sections [32-62](#) (Permitted Signs) or [32-63](#) (Permitted Advertising Signs).

Paragraph (a) of this Section shall not apply at the #street line# of #zoning lots# where the requirements of Section [37-921](#) (Perimeter landscaping) apply.

36-56 - Accessory Off-Street Parking Spaces in Public Garages

LAST AMENDED

12/5/2024

C1 C2 C4 C5 C6 C7 C8

In the districts indicated, permitted or required #accessory# off-street parking spaces may be provided in a permitted #public parking garage#, but only on the same #zoning lot# as the #building# or #use# to which such spaces are #accessory# and subject to all the other applicable regulations of this Chapter.

Such #accessory# off-street parking spaces shall be included with all other spaces in such #public parking garage# for the purpose of applying any regulations in this Resolution relating to the number of spaces in such #public parking garage#.

The computation of #floor area# for such #public parking garage# shall be in accordance with the definition of #floor area# as set forth in Section [12-10](#) (DEFINITIONS), except as otherwise specifically authorized in accordance with the provisions of Sections [73-67](#) (Additional Floor Space for Public Parking Garages), [74-193](#) (Public parking garages or public parking lots outside high density areas) or [74-194](#) (Public parking garages or public parking lots inside high density areas).

36-57 - Parking Lot Maneuverability and Curb Cut Regulations

LAST AMENDED

12/5/2024

C1 C2 C3 C4 C5 C6 C7 C8

(a) Applicability

In all districts, as indicated, the provisions of this Section shall apply to:

- (1) #developments# with #accessory# open parking areas in which 70 percent or more of the #floor area# on the #zoning lot# is occupied by a #commercial# or #community facility# #use#; and
- (2) #enlargements# of a #building# with #accessory# open parking areas or the #enlargement# of an open parking area, that result in an increase in:
 - (i) the total number of parking spaces #accessory# to #commercial# or #community facility# #uses# on the #zoning lot# that is at least 20 percent greater than the number of such spaces existing on November 28, 2007; or
 - (ii) the total amount of #floor area# on the #zoning lot# that is at least 20 percent greater than the amount of #floor area# existing on November 28, 2007, and where at least 70 percent of the #floor area# on the #zoning lot# is occupied by #commercial# or #community facility# #uses#; and
- (3) existing #buildings# with new #accessory# open parking areas in which 70 percent or more of the #floor area# on the #zoning lot# is occupied by a #commercial# or #community facility# #use#.

The provisions of this Section shall not apply to surface parking located on the roof of a #building#, indoor parking garages, #public parking garages#, structured parking facilities, or #developments# or #enlargements# in which at least 70 percent of the #floor area# or #lot area# on a #zoning lot# is used for automobile dealers, automotive repair and maintenance, or #automotive service stations# listed under Use Group VI.

In addition, all #public parking lots# shall comply with the curb cut requirements of paragraph (c) of this Section.

For the purposes of this Section, an “open parking area” shall mean that portion of a #zoning lot# used for the parking or maneuvering of vehicles, including service vehicles, which is not covered by a #building#. Open parking areas shall also include all required landscaped areas within and adjacent to the open parking area.

For all such new or #enlarged# open parking areas, a site plan shall be submitted to the Department of Buildings showing the location of all parking spaces, curb cuts and compliance with the maneuverability standards set forth in this Section.

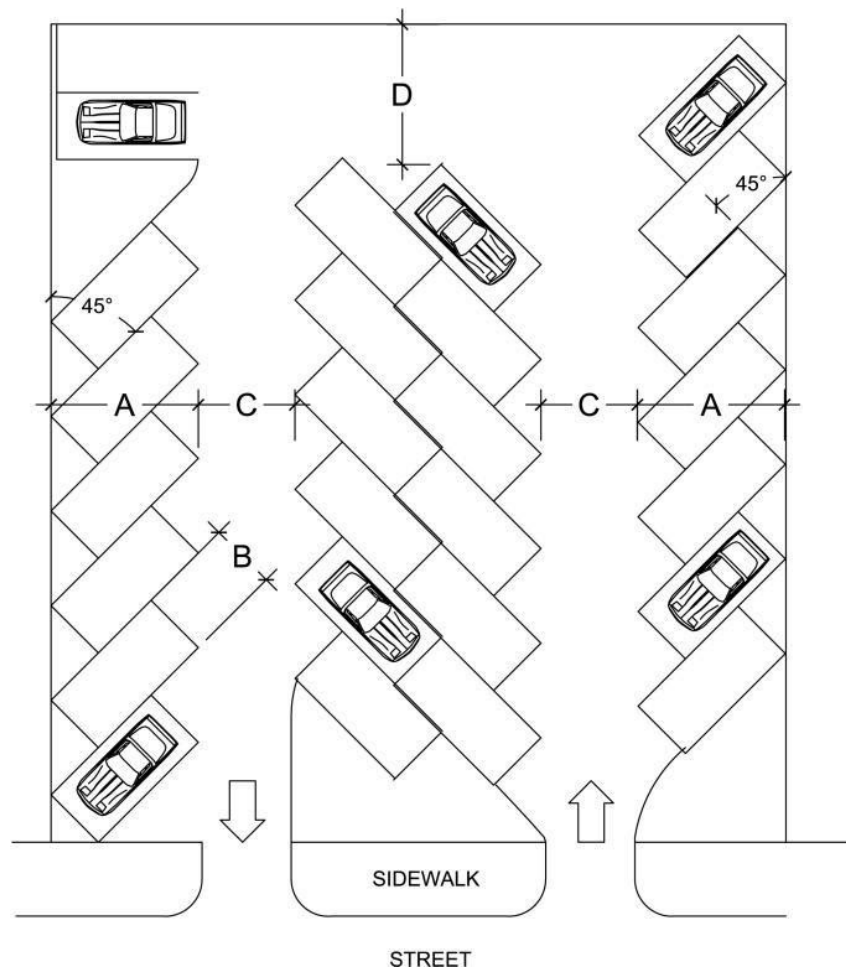

(b) Parking Lot Maneuverability

All open parking areas shall comply with the maneuverability standards set forth in the following table.

	A	B	C	D
Angle of Park	Minimum length	Minimum Width	Minimum Travel Lane	Minimum Turnaround
0 *	8'-6"	20'-0"	13'-2"	N/A
0 **	8'-6"	20'-0"	23'-3"	N/A
45	17'-1"	8'-6"	12'-10"	18'-0"
50	17'-8"	8'-6"	13'-2"	17'-6"
55	18'-1"	8'-6"	13'-7"	17'-3"
60	18'-5"	8'-6"	14'-6"	17'-0"
65	18'-7"	8'-6"	15'-4"	17'-3"
70	18'-8"	8'-6"	16'-5"	17'-6"
75	18'-7"	8'-6"	17'-10"	18'-0"
90	18'-0"	8'-6"	22'-0"	22'-0"

* Figures given are for one-way traffic

** Figures given are for two-way traffic

45 DEGREE PARKING LAYOUT (36-58b.1)

90 DEGREE PARKING LAYOUT (36-58b.2)

PARALLEL PARKING/DEAD-END PARKING (36-58b.3)

(c) Curb Cuts

Curb cuts serving one travel lane shall have a maximum width of 12 feet, excluding splays, and curb cuts serving two travel lanes shall have a maximum width of 24 feet, excluding splays. For parking lots with more than 100 parking spaces, curb cuts of up to 30 feet, excluding splays, shall be permitted.

However, where Fire Department regulations set forth in the Administrative Code of the City of New York require curb cuts of greater width, such curb cuts may be increased to the minimum width acceptable to the Fire Department.

For #zoning lots# with 100 feet or less of #street# frontage, only two curb cuts shall be permitted. For every additional 50 feet of #street# frontage, one additional curb cut shall be permitted.

A minimum distance of 18 feet from any other curb cut on the same or adjacent #zoning lots# shall be maintained, except where the Commissioner of Buildings determines that, due to the location of curb cuts constructed, prior to November 28, 2007, on adjacent #zoning lots#, there is no way to locate the curb cut 18 feet from such adjacent existing curb cuts.

36-571 - Special parking regulations for certain community facility uses in the Borough of Staten Island and Community District 10 in the Borough of the Bronx

- (a) In C1, C2 and C4 Districts in the Borough of Staten Island or in Community District 10 in the Borough of the Bronx, all #zoning lots# containing #buildings# with the following #uses# shall be subject to the provisions of paragraph (b) of this Section:
- (1) ambulatory diagnostic or treatment health care facilities listed under Use Group III(B), except where such #zoning lot# contains #buildings# used for hospitals, as defined in the New York State Hospital Code, or #long-term care facilities#; or
 - (2) child care services as listed under the definition of #school# in Section [12-10](#) (DEFINITIONS), except where such #zoning lot# contains #buildings# used for houses of worship or, for #zoning lots# that do not contain #buildings# used for houses of worship, where the amount of #floor area# used for child care services is equal to 25 percent or less of the amount of #floor area# permitted for #community facility# #use# on the #zoning lot#.
- (b) All #zoning lots# that meet the conditions of paragraph (a) of this Section shall comply with the following provisions:
- (1) Notwithstanding the applicability provisions of paragraph (a) of Section [36-57](#) (Parking Lot Maneuverability and Curb Cut Regulations), the maneuverability provisions of paragraph (b) and the curb cut provisions of paragraph (c) of such Section shall apply to all #group parking facilities#, open or enclosed. No tandem parking or attended parking shall be permitted.
 - (2) In addition to the screening requirements for open parking areas in Section [36-56](#), any parking area covered by a roof shall be screened from adjoining #zoning lots# in #Residence Districts# and from adjacent #streets# in accordance with the following provisions:
 - (i) Screening shall consist of a wall or barrier or uniformly painted fence of fire resistant material at least six feet high above finished grade and may be interrupted by normal entrances or exits;
 - (ii) Such wall, barrier or fence may be opaque or perforated, provided that not more than 50 percent of the surface is open. No chain link fencing shall be permitted. Such screening shall be maintained in good condition at all times;
 - (iii) Where the exterior wall of a parking facility facing a #street# has an opaque area with a width greater than 40 feet and a height greater than six feet, such area shall be treated with a decorative element or material or shall be screened with planting so as to provide visual relief. Such screening or decorative treatment shall be applied to a minimum height of 15 feet above adjoining grade or the height of the wall, whichever is less;
 - (iv) For parking areas covered by a roof, where at least half of the surface area of such roof serves as children's play space for #buildings# containing child care services as listed under the definition of #school# in Section [12-10](#) (DEFINITIONS), such covered parking area shall not be considered an "open parking area" for the purposes of Section [37-90](#) (PARKING LOTS), inclusive, and shall therefore not require perimeter or interior landscaping pursuant to such Section. In lieu thereof, such covered parking area shall be screened in accordance with paragraph (b)(2) of this Section.

36-58 - Cross Access Connections in the Borough of Staten Island

LAST AMENDED
12/5/2024

In the Borough of Staten Island, in the districts indicated, existing or new open parking lots adjacent to one another on the same or separate #zoning lots# shall be required to provide vehicular passageways between such open parking lots. Such vehicular passageways are hereinafter referred to as “cross access connections” and shall be provided in accordance with the requirements of this Section, inclusive.

36-581 - Applicability

LAST AMENDED

12/5/2024

Cross access connections shall be required for:

- (a) #developments# where at least 70 percent or more of the #floor area# on the #zoning lot# is occupied by a #commercial# or #community facility# #use# with an open parking lot that has 36 or more #accessory# parking spaces or is greater than 12,000 square feet in area;
- (b) #enlargements# on a #zoning lot# with an open parking lot that has 36 or more #accessory# parking spaces or is greater than 12,000 square feet in area; or
- (c) #zoning lots# where the number of parking spaces #accessory# to #commercial# or #community facility# #uses# is increased and such increase results in at least 36 parking spaces or more than 12,000 square feet of open parking lot area.

Such #developments#, #enlargements# or #zoning lots# shall locate cross access connections in accordance with the requirements of Sections [36-583](#) and 36-584.

36-582 - Certification of cross access connections

LAST AMENDED

12/5/2024

No excavation, foundation or building permit shall be issued for any #development# or #enlargement# requiring a cross access connection, and no certificate of occupancy shall be amended for any increase in the number of parking spaces requiring a cross access connection until the Chairperson of the City Planning Commission certifies to the Department of Buildings that the requirements of Section [36-58](#), inclusive, have been met.

36-583 - Site planning criteria for cross access connections

LAST AMENDED

12/5/2024

Every potential cross access connection meeting the criteria of this Section shall be shown on the site plan required pursuant to Section [36-57](#) (Parking Lot Maneuverability and Curb Cut Regulations).

- (a) The connection shall be a minimum of 22 feet in width as measured along a #lot line# or boundary between separate properties when located on the same #zoning lot#, and at least 23 feet from any #street line#.
- (b) The connection shall be an extension of a travel lane of the subject open parking lot and align to the maximum extent practicable with a travel lane on any adjacent open parking lot.
- (c) The connection shall have a grade not greater than 15 percent.

- (d) The connection shall be placed in an area that is not blocked by an existing #building or other structure# that is within 50 feet of the #lot line# or other boundary of the subject property.
- (e) The connection shall be placed in an area that will not require the removal of significant natural features such as wetlands or trees with a caliper of six inches or more, on the same or adjacent #zoning lots#.

No screening or landscaping along a #lot line# shall be required in the connection area.

36-584 - Establishment of location of required cross access connection

LAST AMENDED
12/5/2024

One cross access connection shall be provided on the subject property at each #zoning lot line# or other boundary on the same #zoning lot#, where the properties divided by such #lot line# or boundary are contiguous by at least 60 feet, and where the adjacent properties are located in C4-1, C8 or Manufacturing Districts. The location of the required cross access connection shall be established as follows:

- (a) where an easement has not been previously recorded against any adjacent property in accordance with Section [36-585](#), an easement shall be recorded against the subject property documenting the locations of all potential cross access connections identified pursuant to Section [36-583](#). The easement shall provide for at least one future cross access connection to each adjacent property, at any of the locations identified; or
- (b) where an easement has been previously recorded against an adjacent property in accordance with Section [36-595](#), an easement providing for at least one cross access connection meeting the criteria set forth in Section [36-593](#) shall be recorded against the subject property. Such cross access connection shall also align with one of the locations identified in the previously recorded easement against an adjacent property. If the previously recorded easement has identified more than one location for a cross access connection along such #lot line# or other boundary, the owner of the subject property shall select one of these locations for the cross access connection.

Each property owner shall construct their portion of the cross access connection in accordance with the requirements of Sections [36-583](#) and [36-585](#).

If such cross access connection has been established in a location that contained parking spaces upon the effective date of the easement, as set forth in Section [36-585](#), such connection shall be counted as four required parking spaces and shall be separated from any adjacent parking spaces by a planting island at least four feet wide and densely planted with shrubs maintained at a maximum height of three feet. Such planting islands shall not be subject to the landscaping provisions of Section [37-922](#) (Interior landscaping).

36-585 - Recordation and notice requirements

LAST AMENDED
12/5/2024

An easement through all required cross access connections for vehicular passage between and among adjacent parking lots, in a form acceptable to the Department of City Planning, shall be recorded in the Office of the Richmond County Clerk. An easement so recorded shall not become effective unless and until a corresponding easement has been recorded against an adjacent property, whether on the same or adjacent #zoning lot#, pursuant to this Section. Nothing herein shall be construed to limit the ability of a property owner or lessee to prohibit parking by non- customers.

If an easement pursuant to this Section has previously been recorded against any adjacent property, the owner of the subject

property shall notify the owner of the adjacent property of the easement location selected by sending such owner a copy of the recorded easement. Proof of notification shall be a condition of certification under this Section. Prior to issuance of a temporary certificate of occupancy or permit sign-off, as applicable, the subject property owner shall further notify the adjacent property owner that the cross access connection must be constructed on the adjacent property within six months of the date of such notice. No temporary certificate of occupancy for any #development#, #enlargement# or increase in the number of parking spaces on the subject property, or permit sign-off, if applicable, shall be issued until the applicant has demonstrated to the Department of Buildings that such owner of the adjacent property has been duly notified. Failure to provide the cross access connection in accordance with the requirements of this Section and to allow for vehicular passage between and among the adjacent parking lots within six months of the date of the notice shall constitute a violation of this Zoning Resolution by the adjacent property owner. Failure to provide the cross access connection in accordance with the requirements of this Section and to allow for vehicular passage between and among the adjacent parking lots at the time of the aforementioned temporary certificate of occupancy or permit sign-off, if applicable, shall constitute a violation of this Zoning Resolution by the owner of the subject property.

36-586 - Certification that no connection is required, relocation of previously certified connections and voluntary connections

LAST AMENDED
12/5/2024

(a) Certification that no connection is required

The Chairperson shall certify to the Department of Buildings that no cross access connection is required along a #lot line#, or other boundary between separate parking lots when located on the same #zoning lot#, due to the presence of the following conditions, and provided that no alternate location along such #lot line# or other boundary between properties exists:

- (1) grade changes greater than 15 percent;
- (2) existing #buildings or other structures# to remain that are located within 50 feet of the subject #zoning lot# or property; or
- (3) wetlands or trees with a caliper of six inches or more.

(b) Relocation of previously certified connection

The Chairperson may relocate a previously-certified cross access connection where such new location is acceptable to the owners of both properties and such connection complies with all requirements of this Section.

(c) Certification for voluntary connection

The Chairperson may certify a non-required cross access connection provided such connection complies with all requirements of Section [36-58](#), inclusive.

36-587 - Authorizations for waivers or modifications of cross access connections

LAST AMENDED
12/5/2024

The City Planning Commission may authorize modifications or waivers of the requirements of Section [36-58](#) (Cross Access

Connections in the Borough of Staten Island), inclusive, provided the Commission finds that:

- (a) due to the irregular shape of the #zoning lot# or the location of connections along other #lot lines# or boundaries between properties on the same #zoning lot#, it is not possible to design a complying parking lot with a complying cross access connection; or
- (b) site planning constraints necessitate the placement of a new or #enlarged building# against a #lot line# or other boundary between properties that precludes a cross access connection along such #lot line# or boundary, and no other site plan is feasible.

The Commission may request reports from licensed engineers or landscape architects in considering such modifications or waivers.
