## 23-672 - Special height and setback regulations in R10 Districts within Community District 7, Borough of Manhattan

---

LAST AMENDED  
3/22/2016

Within the boundaries of Community District 7 in the Borough of Manhattan, all #buildings or other structures# located in R10 Districts, except R10A or R10X Districts, utilizing the basic height and setback requirements of Section [23-64](#) (Basic Height and Setback Requirements), shall also comply with the provisions of this Section.

The front #building# wall of all #buildings# on a #zoning lot# with any frontage on a #wide street#, shall extend along the entire #wide street# frontage of the #zoning lot# without a setback for a height of 125 feet above the #curb level# or the full height of the #building#, whichever is less. Above a height of 125 feet, the front #building# wall may be set back at least 10 feet on a #wide street# or 15 feet on a #narrow street#. Above a height of 150 feet, the front #building# wall shall be set back at least 10 feet. These mandatory front #building# wall requirements also apply to all #buildings# along all #street lines# of #narrow streets# within 50 feet of their intersection with the #street lines# of #wide streets#. For the next 20 feet along the #street line# of a #narrow street#, the mandatory front #building# wall requirements are optional. The height and setback regulations of the underlying district shall apply along #street lines#, or portions thereof, not subject to the front #building# wall requirements.

Front wall recesses are permitted above the level of the second #story# ceiling or 23 feet above #curb level#, whichever is less, provided that the aggregate width of all recesses at the level of any #story# does not exceed 50 percent of the width of the front wall. The depth of such recess shall not exceed 10 feet. No front wall recesses are permitted within 20 feet of the intersection of two #street lines#.

Front wall openings are permitted below the level of the second #story# ceiling, for entrances only.

The preceding #street wall# location provisions shall not apply along any #street# frontage of a #zoning lot# occupied by existing #buildings# whose #street walls# remain unaffected by alterations or #enlargements# to such existing #buildings#.

However, the provisions of this Section shall not apply to any #building# for which the City Planning Commission has granted a special permit pursuant to Section [74-95](#) (Modifications of Housing Quality Special Permits) nor shall it apply to any #building# located within the #Special Lincoln Square District# or within the former West Side Urban Renewal Area, excluding frontages along Central Park West or to the #block# bounded by Frederick Douglass Circle, Cathedral Parkway, Manhattan Avenue, West 109th Street and Central Park West. On application, the Commission may grant special authorization for minor modifications of the mandatory front wall provisions of this Section involving an #enlargement#, upon a showing of compelling necessity. Such authorization, however, may in no event include modification of permitted #floor area# regulations.
