22-10 - USE ALLOWANCES

LAST AMENDED 6/6/2024

The provisions of Sections <u>22-11</u> (Use Group I – Agriculture and Open Uses) through <u>22-18</u> (Use Group VIII – Recreation, Entertainment and Assembly Spaces) establish #use# allowances by Use Group. A brief statement is inserted at the start of each Section to describe and clarify the basic characteristics of that Use Group. For Use Groups I through IV, #use# allowances by zoning district are summarized in Use Group tables. For each #use# and zoning district, the tables contain up to two levels of notation in a particular cell:

- (a) The top level will always contain a symbol and denotes:
 - (1) permitted as-of-right ("●");
 - (2) permitted as-of-right in some instances, but with broad #use# limitations on as-of-right applicability, either by district or geographic restrictions ("♠");
 - (3) allowed by special permit ("O") of the Board of Standards and Appeals or the City Planning Commission; or
 - (4) not permitted in the district ("-").
- (b) The second level may or may not be present, depending on the #use# and the zoning district. Where present, the table denotes one or more allowances or restrictions on the as-of-right #use#. Specifically, they denote where the following apply:
 - (1) size restrictions ("S"), including establishment or #lot area# size limitations or person capacities; or
 - (2) additional conditions ("P"), including environmental standards or other measures other than size restrictions.

Such notations are illustrated in the following diagram:

For a given zoning district, #use# allowances are denoted as permitted as-of-right ("●"), with limited applicability ("●"), by special permit ("O") or not permitted in such district ("-")

Additional conditions and requirements are grouped below #use# allowances. Such provisions include size restrictions ("S") and additional conditions ("P")

Where a #use# is permitted and no second level symbology is included, the #use# is permitted without size restrictions, additional conditions, or exemptions from enclosure requirements.

Use Group tables, except in Section 22-12 (Use Group II – Residences), also show the parking requirement category, denoted as "PRC", for the applicable #use#, where applicable. PRC letters A through G refer to the classification of permitted non-residential #uses# to determine required accessory off-street parking spaces as set forth in the table in Section 25-31 (General Provisions). Subcategories within, denoted by number suffices, indicate variations of the same parking category. Where the PRC for a #use# is denoted as "N/A", no parking requirement applies except as specified in other provisions of this Resolution.

Subsections following the table for a particular Use Group contain specific provisions applicable to certain #uses#, including size restrictions or additional conditions. Other subsections contain references for #uses# permitted by special permits of the Board of Standards and Appeals or the City Planning Commission, or provisions for #uses# where two PRCs are assigned.

The following diagram provides an illustrative example of how such provisions are notated across zoning districts for a given #use#:
