(a) Ground floor level uses

The frontage of all new #building# walls fronting on a #public plaza#, or fronting on an #arcade# adjoining a #public plaza#, exclusive of such frontage occupied by #building# lobbies and frontage used for subway access, shall be subject to the following #use# provisions:

(1) The underlying #use# regulations shall be modified as follows:

- (i) #dwelling units# shall not be permitted;
- (ii) #uses# listed under Use Group III(A) shall not be permitted;
- (iii) #uses# listed under Use Group IV shall be limited to those listed under Public Service Buildings, and Renewable Energy and Green Infrastructure;
- (iv) guest rooms or suites associated with Transient Accommodations listed under Use Group V shall not be permitted; and
- (v) #uses# listed under Use Group VII shall be limited in size to 5,000 square feet per establishment;

(2) All #uses# occupying such frontage shall:

- (i) be directly accessible from the major portion of the #public plaza#, an adjoining #arcade#, or a #street# frontage shared by the establishment and the #public plaza#;
- (ii) have a minimum depth of 15 feet, measured perpendicular to the wall adjoining the #public plaza#; and
- (iii) occupy such frontage for the life of the increased #floor area# of the bonused #development#.

The remaining frontage may be occupied by other #uses#, lobby entrances or vertical circulation elements, in accordance with the district regulations.

As an alternative, where retail or service establishments located in an existing #building# front upon a #public plaza# or an #arcade# adjoining a #public plaza#, at least 50 percent of the total frontage of all #building# walls fronting on the #public plaza#, or fronting on an #arcade# adjoining a #public plaza#, exclusive of such frontage occupied by #building# lobbies and frontage used for subway access, shall be allocated for occupancy at the ground floor level by #uses# permitted in accordance with paragraph (a)(1) subject to the provisions of paragraph (a)(2) of this Section, as permitted by the applicable district regulations.

(b) Public entrances

A public entrance to the principal use of the #building# associated with the #public plaza# shall be located within 10 feet of the major portion of the #public plaza#. Frontage on the #public plaza# that is occupied by a #building# entrance or lobby shall not exceed 60 feet or 40 percent of the total aggregate frontage of the new #building# walls on the major and minor portions of the #public plaza#, whichever is less, but in no case shall #building# entrances or lobbies occupy less than 20 feet of frontage on the #public plaza#.

(c) Transparency

All new #building# walls fronting on the major and minor portions of the #public plaza# shall be treated with clear, untinted transparent material for 50 percent of the surface area below 14 feet above the #public plaza# level, or the ceiling level of the ground floor of the #building#, whichever is lower. Any non-transparent area of a new or existing #building# wall fronting on the major or minor portion of a #public plaza# shall be treated with a decorative element or material or shall be screened with planting to a minimum height of 15 feet above the #public plaza#.
