16-34 - Authorizations

LAST AMENDED
5/8/2013

16-341 - Limited increase in parking spaces for existing buildings without parking

LAST AMENDED
5/8/2013

The City Planning Commission may, by authorization, subject to the otherwise applicable zoning district regulations, allow on-site enclosed #accessory# off-street parking facilities with a maximum capacity of 15 spaces in existing #buildings#, provided that the Commission finds that:

- (a) the #building# does not have #accessory# off-street parking spaces;
- (b) such parking spaces are needed for and will be used exclusively by the occupants of the #use# to which they are #accessory#, except that #car sharing vehicles# may occupy #accessory# off-street parking spaces; however, the number of spaces so occupied shall not exceed five spaces or 20 percent of all such parking spaces, whichever is greater. For the purposes of this paragraph (b), such need shall exist where there are special circumstances and there are no reasonably viable alternatives to on-site enclosed parking spaces;
- (c) the parking spaces will not create or contribute to serious traffic congestion and will not unduly inhibit surface traffic;
- (d) the parking spaces will not adversely affect pedestrian movement;
- (e) the parking spaces will not be incompatible with, or adversely affect, adjacent #uses# including #uses# within the #building#; and
- (f) the curb cut accessing such parking spaces will not be inconsistent with the character of the existing streetscape.

16-342 - Public parking lots

LAST AMENDED
5/8/2013

The City Planning Commission may authorize #public parking lots# with a capacity of not more than 150 spaces in the #Long Island City area#, provided that the otherwise applicable regulations set forth in Sections [36-55](#) or [44-44](#) (Surfacing), and Sections [36-56](#) or [44-45](#) (Screening) are met.

As a condition for authorizing any such #public parking lots#, the Commission shall make the following findings:

- (a) such #use# will not be incompatible with, or adversely affect, the growth and development of #uses# comprising vital and essential functions in the general area within which such #use# is to be located;
- (b) such #use# will not create or contribute to serious traffic congestion and will not unduly inhibit vehicular and pedestrian movement;
- (c) such #use# is so located as to draw a minimum of vehicular traffic to and through local #residential# #streets#; and
- (d) the #streets# providing access to such #use# will be adequate to handle the traffic generated thereby.

The City Planning Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area, including limitations on #signs#, or requirements for shielding of floodlights and for locations of entrances and exits.

16-343 - Curb cuts

LAST AMENDED

5/8/2013

The City Planning Commission may authorize curb cuts located on a #street# designated in Section [16-23](#) (Curb Cut Restrictions), provided the Commission finds that a curb cut at such location:

- (a) is not hazardous to traffic safety;
- (b) will not create or contribute to serious traffic congestion or unduly inhibit vehicular movement;
- (c) will not adversely affect pedestrian movement;
- (d) will not interfere with the efficient functioning of bus lanes, specially designated #streets# and public transit facilities;
and
- (e) will not be inconsistent with the character of the existing streetscape.
