52-41 - General Provisions

†

LAST AMENDED

6/6/2024

A non-conforming use may be enlarged or extended within the district in which such non-conforming use is located only in accordance with the provisions of this Chapter. However, a non-conforming single- or two-family residence in an R3, R4 or R5 District may be enlarged or extended in accordance with the bulk regulations specified for the district in which it is located. Furthermore, enlargements or extensions designed exclusively to permit conformity with the regulations on performance standards, designed in order to improve energy performance, or designed in order to provide required accessory off-street parking spaces or off-street loading berths on the same zoning lot as the use to which such spaces or berths are accessory are not subject to the restrictions set forth herein.

For the purposes of this Section and Sections 52-31 (General Provisions) and 52-42 (C6, C8 or Manufacturing Districts), the applicable district regulations on accessory off-street parking spaces or loading berths shall be determined in accordance with the following tables. The term "required" as used in this Section shall mean some or all of, but not more than, the number of spaces or berths which would be required by such applicable district regulations for development for such use.
