73-431 - Reduction of parking spaces for places of assembly

LAST AMENDED
12/5/2024

In all #Commercial# and #Manufacturing Districts#, the Board of Standards and Appeals may permit a reduction in the number of #accessory# off-street parking spaces required under the provisions of Sections 25-31, 36-21 or 44-21 (General Provisions) for #uses# in parking requirement category B1 whenever such #uses# are located on the same #zoning lot# as other #uses#, proportionate to the extent that the Board finds that:

(a) the spaces #accessory# to such other #uses# will remain available for #use# by persons visiting the place of assembly during the entire period that such place of assembly remains in #use#; and

(b) in accordance with submitted schedules of the times of operation for all #uses# on the #zoning lot#, there will be no conflict in the use of such #accessory# off-street parking spaces, and that the provision of the full quota of required off-street parking spaces for places of assembly is therefore not needed. The permit to reduce such spaces shall be automatically revoked whenever there is a change in the nature of the conditions upon which such reduced requirements were based, including changes in #use#, availability of spaces or hours of operation.
