(b) In order to grant such a special permit for #community facility# #floor area ratio# or #community facility# #bulk#, as applicable, the Commission shall find that:

- (1) the distribution of #bulk# on the #zoning lot# will not unduly obstruct the access of light and air to adjoining properties or public #streets#, and will result in satisfactory site planning and satisfactory urban design relationships of #buildings# to adjacent #streets# and the surrounding area;
- (2) that the proposed facility will not require any significant additions to the supporting services of the neighborhood or that provision for adequate supporting services has been made; and

- (a) The Commission may allow an increase in the maximum #community facility# #floor area ratio# by up to a maximum of 20 percent. A #floor area# bonus pursuant to this Section may be used in combination with a #floor area# bonus permitted pursuant to Section [66-51](#) (Additional Floor Area for Mass Transit Station Improvements), and the combination of such bonuses may exceed 20 percent of the maximum #floor area ratio# otherwise permitted.

In connection with such #floor area# bonus, the Commission may allow modifications to applicable #bulk# regulations.

- (b) In order to grant a special permit pursuant to this Section, the following conditions shall be met:

- (b) result in a better relationship of the #building# to open areas including the High Line, adjacent #streets# and surrounding properties;

- (c) provide adequate light and air for #buildings# on the #zoning lot# and do not adversely affect adjacent #zoning lots# by unduly restricting access to light and air to surrounding #streets# and properties; and
- (d) result in a #building# containing a museum #use# that facilitates the public's use and enjoyment of the High Line.

The Commission may prescribe additional conditions and safeguards to minimize adverse effects on the character of the surrounding area.

LAST AMENDED

6/6/2024

Within the boundaries of Community District 6, Borough of Queens, for #commercial# or #mixed use# #developments# or #enlargements# on two or more #zoning lots# in more than one #block#, which #zoning lots#, as defined in Section [12-10](#), each have single fee ownership or equivalent ownership arrangements for all lots comprising the #development# or #enlargement#, which are contiguous or would be contiguous but for their separation by a #street#, and located partially in a C4-2 District, partially in a C4-2F District, the City Planning Commission may permit upon application:

- (a) reduction of the parking requirement of Section [36-21](#) (General Provisions) by an amount not to exceed 50 percent, provided that the Commission finds that the applicant has demonstrated that the proposed parking is sufficient for the #uses# proposed;

(b) any closed and demapped air space above a #street# to be considered as a part of the #development# or #enlargement# and to be used for automobile ways, or for pedestrian ways, provided the Commission finds that:

- (1) each bridge over the #street# bed utilizes only unused #floor area# from an adjoining #zoning lot# within the #development# or #enlargement# and that no #floor area# credit is generated from the demapped air space;
- (2) each bridge adjoins #zoning lots# which are wholly within the #development# or #enlargement#;
- (3) the #curb levels# of the adjoining #zoning lots# are not affected by the closing and demapping of such air space;

(c) automobile service establishments, including: automobile, tire, battery, muffler and accessories establishments, including installation services; automobile glass and mirror shops, including installation services where such #use# is an integral part of the permitted principal #use#; automotive seat cover or convertible top establishments, including installation service, but not including automobile laundries; automobile painting establishments; automobile body repair

establishments; or automobile fuel service stations;

- (d) modification of applicable #bulk# regulations by permitting the total permitted #floor area# for all #zoning lots# within such #development# or #enlargement# to be distributed without regard to #zoning# #lot lines# and permitting the location of #buildings# without regard for the applicable height and setback regulations, provided the Commission finds that:
 - (1) such distribution of #floor area# and location of #buildings# will result in better site planning and will thus benefit both the neighborhood and the City as a whole; and
 - (2) such distribution of #floor area# and location of #buildings# will permit adequate access of light and air to surrounding #streets# and properties; and
- (e) modification of the applicable provisions of Sections 32-64 (Surface Area and Illumination Provisions) and 32-65 (Permitted Projection or Height of Signs), provided that the Commission finds that such modification will result in a better site plan.

The Commission may impose additional conditions and safeguards to improve the quality of the #development# or #enlargement# and minimize adverse effects on the character of the surrounding area, including restrictions on permitted #commercial# #uses#, #signs# and location of curb cuts to ease vehicular and pedestrian circulation in the area.

Such required #sign# shall be mounted on an exterior #building# wall adjacent to and no more than five feet from all primary entrances of the #building#. The #sign# shall be placed so that it is directly visible, without any obstruction, to persons entering the building, and at a height no less than four feet and no more than five and a half feet above the adjoining grade. - (a) For all applications with a #floor area# increase, and for any applications with #bulk# modifications, such increase or modification:
 - (1) will promote a beneficial mix of #required industrial# and #incentive uses#;
 - (2) will result in superior site planning, harmonious urban design relationships and a safe and enjoyable streetscape;
 - (3) will result in a #building# that has a better design relationship with surrounding #streets# and adjacent open areas;
 - (4) will result in a #development# or #enlargement# that will not have an adverse effect on the surrounding neighborhood; and
 - (5) will, for #yard# or height and setback regulations, provide a better distribution of #bulk# on the #zoning lot# and will not unduly obstruct the access to light and air of surrounding #streets# and properties.
- (b) Where modifications to publicly accessible open space requirements of paragraph (f) of Section 74-945 (Conditions) are proposed, such modifications will result in a publicly accessible open space of equivalent or greater value as a public amenity.
- (c) Where modifications to parking or loading regulations are proposed:
 - (1) such reduction or waiver of required parking spaces will not create or contribute to serious traffic congestion and will not unduly inhibit vehicular and pedestrian movement;

- (2) the number of curb cuts provided are the minimum required for adequate access to off-street parking and loading berths, and such curb cuts are located so as to cause minimum disruption to traffic, including vehicular, bicycle and pedestrian circulation patterns;
- (3) the #streets# providing access to the #development# or #enlargement# are adequate to handle the traffic generated thereby, or provision has been made to handle such traffic; and
- (4) the reduction or waiver of loading berths requirements will not create or contribute to serious traffic congestion or unduly inhibit vehicular and pedestrian movement.

The Commission may prescribe appropriate additional conditions and safeguards to minimize adverse effects on the character of the surrounding area.

The filing and recordation of such Notice of Restrictions shall be a precondition to the issuance of any building permit utilizing the provisions set forth in this Section. The recording information shall be referenced on the first certificate of occupancy to be issued after such notice is recorded, as well as all subsequent certificates of occupancy, for as long as the restrictions remain in effect. No temporary certificate of occupancy for any portion of the #building# to be occupied by #incentive uses# shall be issued until a temporary certificate of occupancy for the core and shell is issued for all portions of the #building# required to be occupied by #required industrial uses#.
