91-662 - Authorization for modification of bulk provisions and public space in C6-9 Districts

LAST AMENDED2/2/2011

In the South Street Seaport Subdistrict, the City Planning Commission may authorize:

(a) the alteration of any public amenity, open or enclosed, for which a #floor area# bonus has been granted, provided that the Commission finds that such modifications improve the intended public purpose of the amenity; or

(b) the elimination or reduction of an existing public amenity, open or enclosed, for which a #floor area# bonus has been granted, provided that a new or improved public amenity, open or enclosed, is supplied elsewhere on, or within proximity to, the #zoning lot#, and the Commission finds that:

(1) the public amenity to be eliminated no longer serves its original purpose; and

(2) the proposed new or improved public amenity will provide a greater public benefit than the amenity to be eliminated or reduced and will better serve the purposes of the #Special Lower Manhattan District#; and

(c) the modification of the applicable height, setback, lot coverage and distance between #buildings# requirements for any #development# or #enlargement# on a designated #receiving lot# that will incorporate transferred #development rights#, provided the Commission finds that the modifications:

(1) provide an appropriate distribution of #bulk# on the #zoning lot#;

(2) permit adequate light and air to the #development# or #enlargement# and adjoining properties as well as the surrounding #streets#; and

(3) will not impair the use and desirability of any public amenity that may be created or improved under the provisions of paragraph (b) of this Section.

If a #receiving lot# contains an existing #building#, such authorization shall incorporate any previous height and setback or other bulk modifications, granted prior to December 11, 2001, by the Board of Standards and Appeals, for such existing #building#.

The Commission may prescribe appropriate conditions and safeguards in connection with the grant of such authorization.
