The following regulations shall apply to #arcades# and #publicly accessible open areas# existing on June 21, 2016, located within the Water Street Subdistrict as shown on Map 8 in Appendix A of this Chapter except for the #plaza# that was the subject of special permit application CP-20518, approved by the City Planning Commission on November 27, 1968.

For the purposes of this Section, inclusive, “arcade” shall refer to an #arcade# or #through block arcade# provided in accordance with the provisions of Sections [12-10](#) (DEFINITIONS) and [37-80](#) (ARCADES), or any other #arcade# that generated a #floor area# bonus as evidenced by plans approved by the Department of Buildings.

A horizontal #enlargement# permitted by Sections [91-83](#) (Retail Uses Within Existing Arcades), inclusive, or [91-841](#) (Authorization for retail uses within existing arcades) shall not be included as #floor area#, and such additional area shall not result in a reduction of the permitted #floor area#.

No #arcade# may be eliminated or reduced in size pursuant to paragraphs (a) or (d) of Section [33-124](#) (Existing public amenities for which floor area bonuses have been received). In lieu thereof the following provisions shall apply: Sections [91-83](#), [91-841](#) and, as applicable, Section [91-85](#) (Special Permit for Enlargements of 7,500 Square Feet or Greater).

For any #zoning lot# that was the subject of application C810325ZSM, C810506ZSM or C841070ZSM, a certification pursuant to Section [91-83](#) or an authorization pursuant to Section [91-841](#) shall not result in a departure from the findings and conditions specified in the applicable special permit, and such certification or authorization shall not require modification of the applicable special permit unless such a modification is required pursuant to a related restrictive declaration. For the #zoning lot# that was the subject of application C810325ZSM, the existing #through block arcade# shall not be eliminated, but may be modified in size and configuration provided that the standards for #through block arcades# set forth in Section [12-10](#) are met.

Public events may take place within a #publicly accessible open area# or #arcade# pursuant to the provisions of Section [91-81](#) (Events Within Public Access Areas). Publicly accessible tables, chairs, shade umbrellas and heating lamps may be located within a #publicly accessible open area# or #arcade# pursuant to the provisions of Section [91-82](#) (Amenities Within Public Access Areas). An outdoor cafe may be located within an #arcade# pursuant to Section [91-821](#) (Certification for outdoor cafes within arcades).

A horizontal #enlargement# of the ground floor and second floor levels may be permitted within #arcades#, or portions thereof, located within Area A in Map 9 of Appendix A of this Chapter pursuant to the provisions of Section [91-83](#), and within Area B pursuant to the provisions of Section [91-841](#). In addition, a horizontal #enlargement# of 7,500 square feet or greater shall also require a special permit pursuant to Section [91-85](#). For the purposes of calculating the total area of the horizontal #enlargement# that is subject to the special permit, the aggregate area of the horizontal #enlargement# permitted by prior certifications pursuant to Sections [91-83](#) and [91-837](#) (Subsequent design changes) and prior authorizations pursuant to Section [91-841](#) shall be included in such calculation, except the area of an indoor public space shall be excluded from such calculation. In no event shall an #enlargement# be permitted within #arcades#, or portions thereof, located within Area C on Map 9 in Appendix A of this Chapter.

Event-related amenities and equipment shall be considered temporary permitted obstructions provided that sufficient circulation space connecting all #streets# and #building# entrances exists. All #publicly accessible open areas# and #arcades# shall be restored to their approved condition within 24 hours of the conclusion of an event.

The storage of equipment or materials outside of an event's scheduled hours, excluding time required for set up and clean up, shall not be permitted within a #publicly accessible open area# or #arcade#. However, for events taking place over multiple days or weeks, large temporary equipment that requires assembly and will be actively used during the event, such as stages, kiosks and sound and video entertainment systems, may remain in the #publicly accessible open area# or #arcade# outside of the event's scheduled hours.

LAST AMENDED
6/21/2016

A horizontal #enlargement# of the ground floor and second floor levels within an #arcade# located within Area A on Map 9 in Appendix A of this Chapter may be permitted upon certification by the Chairperson of the City Planning Commission to the Commissioner of Buildings that such #enlargement# complies with the provisions of this Section, and the following conditions are met:

- (a) the horizontal #enlargement# meets the requirements of Section [91-831](#) (Ground floor requirements);
- (b) a compensating amenity is provided pursuant to the provisions of Section [91-832](#) for plaza improvements, Section [91-834](#) for indoor public spaces, or Section [91-835](#) for alternative improvements; and
- (c) the additional requirements of Section [91-836](#), as applicable.

For #zoning lots# with one or more #publicly accessible open area#, unless an alternative improvement has been identified in Section [91-835](#), an improvement to all #publicly accessible open areas# pursuant to the provisions of Section [91-832](#) shall be required as the compensating amenity required by condition (b) of this Section, and a certification for design changes pursuant

to Section [37-625](#) shall not be required. Where a #publicly accessible open area# was improved and is fully compliant with a prior certification pursuant to Section [37-625](#) that was granted before January 19, 2016, the further improvement of such #publicly accessible open area# shall not be required.

The provision of a compensating amenity as part of a prior certification pursuant to this Section or a prior authorization pursuant to Section [91-841](#) (Authorization for retail uses within existing arcades) may satisfy the requirements of condition (b) of this Section for a compensating amenity.

As part of the certification, a horizontal #enlargement# of the ground floor level may be permitted within the area between a #street wall# and an #arcade# that did not generate a #floor area# bonus prior to June 21, 2016. The provisions of Section [91-831](#) (Ground floor requirements) shall not apply to such portion of the horizontal #enlargement#.

As part of the certification, a horizontal #enlargement# of the ground floor level may be permitted along existing #building# walls that do not face an #arcade#, and such #enlargement# shall not occupy any #publicly accessible open area#. The locational requirements of paragraph (a)(1) of Section [91-831](#) and the frontage prohibitions of paragraph (b)(1)(ii) of Section [91-831](#) shall apply to such #enlargement#. Where an #enlargement# is located adjacent to a #publicly accessible open area#, the #use# and transparency requirements of Section [91-831](#) for new #building# walls facing a #publicly accessible open area# shall apply.

For a horizontal #enlargement# of 7,500 square feet or greater, a special permit pursuant to Section [91-85](#) shall also be required. For the purposes of calculating the total area of the horizontal #enlargement# that is subject to the special permit, the aggregate area of the horizontal #enlargement# permitted by prior certifications pursuant to this Section and Section [91-837](#) (Subsequent design changes) and prior authorizations pursuant to Section [91-841](#) shall be included in such calculation, except the area of an indoor public space shall be excluded from such calculation.

Where any portion of the #arcade# remains open and accessible, such remaining #arcade# area shall maintain a minimum level of illumination of not less than five horizontal foot candles between sunset and sunrise. Any non-transparent portion of a #building# wall between columns that fronts on such #arcade# area shall be treated with artwork, planting or decorative material. Additional requirements for transparency in paragraph (c)(3) of Section [91-831](#) may apply.

91-831 - Ground floor requirements

For the purposes of this Section, a #publicly accessible open area# or #through block arcade# shall be considered a #street#, and a #building# wall that faces a #publicly accessible open area# or #through block arcade# shall also be considered a #street wall#. The provisions of this Section for new #building# walls fronting on a #publicly accessible open area# shall also apply to new #building# walls fronting on a #through block arcade#, except as otherwise specified. The City Planning Commission may authorize a modification of the provisions of this Section pursuant to Section [91-842](#) (Authorization to modify design requirements).

(a) Location of #enlargement#

(1) Location of new #building# walls

All new #building# walls shall extend to the full height of the #arcade#. New #building# walls may only be located between the column face closest to an existing #street wall# and the column face furthest from an existing #street wall# or the #street wall# location of the floor above, except that new #building# walls within an existing #through block arcade# that do not face a #street# may extend past the column face furthest from the existing #street wall# provided that the standards for #through block arcades# set forth in Section [12-10](#) (DEFINITIONS)

and all other provisions of this Section are met. New #building# walls within an existing #through block arcade# that do not face a #street# shall not be required to extend for the full height of the #through block arcade#.

(2) Length of new #building# walls

An #enlargement# shall extend for the full length of the #street wall#, except for the locations specified on Map 9 in Appendix A of this Chapter and except if a corner #arcade# that adjoins the Water Street #street line# and another #street line# or #publicly accessible open area# is provided in accordance with the provisions of paragraph (c) of Section [37-53](#) (Design Standards for Pedestrian Circulation Spaces) which may provide a clear path 10 feet wide. However, an #enlargement# shall not be required along the length of the #street wall# occupied by an existing parking or loading entrance. Where an #enlargement# within an #arcade# extends along two or more #street walls#, the #enlargement# shall also include the area where the #arcade# areas intersect, except as otherwise provided in this Section, and the location of new #building# walls in such area shall be subject to the provisions of paragraph (a)(1) of this Section.

(b) Permitted #uses# within an #enlargement#

(1) Requirements for all frontages

The underlying #ground floor level# streetscape provisions set forth in Section [32-30](#) (STREETSCAPE REGULATIONS), inclusive, shall apply, except that #ground floor level# #street# frontages subject to the provisions of this Section shall be considered #Tier C street frontages#. For the purposes of applying such regulations, the #minimum qualifying depth# shall be the depth set forth in Section [32-301](#), or the depth of the #enlargement#, whichever is less.

Defined terms in this Section include those in Sections [12-10](#) and [32-301](#)

(c) Number of establishments

Along the longest #street wall# of the #ground floor level# #enlargement#, at least two establishments permitted by paragraph (b) of this Section shall be provided on the #ground floor level#. Frontage that is solely dedicated to access a #use# on a level other than the #ground floor level# shall not constitute an establishment for the purposes of this paragraph.

Subsequent design changes to any #publicly accessible open area# improved pursuant to the provisions of such Sections may only be permitted pursuant to Section [91-837](#). The City Planning Commission may authorize a modification of the provisions of this Section and Section [91-833](#) pursuant to Section [91-842](#) (Authorization to modify design requirements).

- (a) For the purposes of applying the provisions of this Section, any portion of the #publicly accessible open area# occupied by a garage entrance, driveway, loading berth or gratings for electrical vaults may be excluded from the calculation of the total area or total #street# frontage of the #publicly accessible open area#. Such area shall remain open and accessible to the public at all times.

- (b) The area dimension requirements of Section [37-712](#), the locational restrictions of Section [37-713](#), the orientation restrictions of Section [37-714](#) and the requirements for major and minor portions of #public plazas# set forth in Sections [37-715](#) and [37-716](#), respectively, shall not apply.
- (c) The #through block public plaza# provisions of Section [37-717](#) that require a setback along any #building# wall or walls that adjoin a #through block public plaza# or through #block# portion of a #publicly accessible open area# shall not apply.
- (d) The sidewalk frontage provisions of Section [37-721](#) shall be modified as follows:
 - (1) the requirements of paragraph (a) may be reduced to the minimum extent necessary to allow existing walls or structures within such area to remain, provided that such walls or structures do not increase in height or length along the #street# frontage, and all portions of the #publicly accessible open area# are accessible from a #street#, #arcade# or other portion of the #publicly accessible open area#.

- (e) The provisions of Section [37-722](#) (Level of plaza) shall be modified to permit any elevation of the #publicly accessible open area# existing on June 21, 2016, to remain.

 - (1) paragraph (c) shall allow awnings above retail and service establishments that do not project into the #publicly accessible open area# more than three feet when measured perpendicular to the #building# facade. There shall be no limitation on the area or height of an awning, but in no event shall an awning for a retail or service establishment contain vertical supports.
 - (2) paragraph (d) shall allow garage entrances, driveways or loading berths fronting on a #publicly accessible open area# and existing on June 21, 2016, to remain, provided that they are separated from the remainder of the #publicly accessible open area# by a barrier sufficient to substantially conceal these facilities and any vehicles therein when viewed from any point in the #publicly accessible open area#. - (g) The provisions of Section [37-742](#) (Planting and trees) may be modified where the Chairperson of the City Planning Commission has been provided with documentation sufficient to establish that subsurface conditions do not allow the required soil depth for shrubs or trees to be provided below-grade or within a planter with bounding walls no higher than 18 inches in height above an adjacent walking surface or the highest adjacent surface where the bounding wall of such planter adjoins two or more walking surfaces with different elevations. A raised planter may be provided with bounding walls up to three feet for shrubs, or 3 feet, 6 inches for trees, provided that fixed seating with backs is integrated into the planter for at least 50 percent of the perimeter of the planter that is adjacent to a walking surface. If such planter, or any portion thereof, is located within ten feet of a #street line#, fixed seating with backs shall be integrated into at least 75 percent of the perimeter of the planter that is adjacent to a walking surface. Where it is demonstrated that no required trees can be planted flush-to-grade or planted at grade within planting beds with no raised curbs or railings, the Chairperson may allow all trees to be planted within raised planters.

- (h) The calculation of the minimum number of entry plaques required by paragraph (a) of Section [37-751](#) (Public space signage systems) may be modified for #publicly accessible open areas# that occupy more than one #street# frontage to alternatively require a minimum of one entry plaque at each #street# frontage of the #publicly accessible open area#, and to further require one additional entry plaque at each #street# frontage that measures 80 feet or more in length.
- (i) The provisions of paragraphs (a) and (d) of Section [37-753](#) (Accessory signs) shall not apply. Each establishment fronting on the #publicly accessible open area# shall be permitted to have one or more #signs# with an aggregate area not to exceed the product of 12 square feet and the length of the establishment along the #publicly accessible open area# in linear feet, divided by 40 linear feet. In no event shall a #sign# exceed 16 square feet in area. #Signs# may be affixed to the #building# wall or to awnings, or may project no more than 18 inches when measured perpendicular to the #building# facade, provided that such #sign# is located a minimum of 10 feet above the level of the #publicly accessible open area#.
- (j) The provisions of paragraphs (a) and (b) of Section [37-76](#) (Mandatory Allocation of Frontages for Permitted Uses) shall not apply. LAST AMENDED
6/21/2016

A #publicly accessible open area# with a maximum depth less than 40 feet measured perpendicular to any #street line# shall be improved in full accordance with the provisions of Section [37-70](#) (PUBLIC PLAZAS) as modified by Section [91-832](#) (Plaza improvements) and as further modified by this Section. Where a #publicly accessible open area# may be considered a #corner public plaza#, the maximum depth shall be measured from a #street line# to a #street wall#. The City Planning Commission may authorize a modification of the provisions of this Section pursuant to Section [91-842](#) (Authorization to modify design requirements).

- (a) The provisions of Section [37-721](#) (Sidewalk frontage) shall not apply. In lieu thereof, the provisions of this paragraph (a) shall apply to the area of the #publicly accessible open area# located within 10 feet of a #street line# or sidewalk widening line.

- (ii) such unobstructed access area shall extend to a depth of 10 feet measured perpendicular to the #street line#. The width of such access area need not be contiguous provided that no portion of such area shall have a width of less than five feet measured parallel to the #street line#, and at least one portion of such area shall have a width of at least eight feet measured parallel to the #street line#.

The requirement of this paragraph for unobstructed access may be reduced to the minimum extent necessary to allow existing walls or structures within such area to remain provided that such walls or structures do not increase in height or length along the #street# frontage, and all portions of the #publicly accessible open area# are accessible from a #street#, #arcade# or other portion of the #publicly accessible open area#.

- (2) In the remaining 60 percent or more of such area, the provisions of paragraph (b) of Section [37-721](#) shall apply, except that no more than 40 continuous linear feet of any #street# frontage occupied by a #publicly accessible open area# may be obstructed. Furthermore, planters with bounding walls that exceed a height of two feet that are permitted by paragraph (g) of Section [91-832](#) may be located in such area.
 - (3) For #corner public plazas#, the requirements of this paragraph (a) shall apply separately to each #street# frontage, and the area within 10 feet of the intersection of any #street# and Water Street or Wall Street shall be at the same elevation as the adjoining public sidewalk, except where there is a change in elevation permitted by paragraph (e) of Section [91-832](#), and such area shall be free of obstructions except as may otherwise be provided in paragraph (a)(1) of this Section.
- (b) The provisions of Section [37-723](#) (Circulation paths) shall be modified so that the required circulation path of at least eight feet clear width shall be located adjacent to the #street wall# and shall extend for at least 80 percent of the length of such #street wall#. Where there are multiple #street walls#, the provisions of this paragraph shall apply separately to each frontage. In addition to the obstructions that are permitted within circulation paths, moveable tables and chairs, fixed seating and planting beds not exceeding six inches above any adjacent walking surface shall also be considered permitted obstructions provided that an unobstructed path of at least five feet wide is provided.

Where an open air cafe pursuant to Section [37-73](#) (Kiosks and Open Air Cafes) is provided adjacent to a #building# wall, such open air cafe may occupy a portion of the required circulation path provided that there is an unobstructed clear path of at least six feet wide between the #building# wall and any furnishings of the open air cafe. The unobstructed path shall be included in the calculation of the area occupied by the open air cafe.

- (c) The provisions of Section [37-741](#) (Seating) that require seating within 15 feet of the #street line# shall not apply to #street# frontages that measure less than 40 feet in length.
- (d) The provisions of Section [37-742](#) (Planting and trees) shall be further modified as follows:
 - (1) For #publicly accessible open areas# with an area less than 2,000 square feet, the number of required trees shall be reduced to two, and only one tree shall be required to be planted flush-to-grade or planted at grade within planting beds with no raised curbs or railings, except as may be modified by paragraph (g) of Section [91-832](#).
 - (2) The total area of required planting beds may not be concentrated within one continuous planter or planting bed, except when a #publicly accessible open area# has an area of 1,000 square feet or less.

All plans for #arcades#, #publicly accessible open areas#, required open areas, and indoor public spaces that are the subject of a certification pursuant to Section [91-83](#) (Retail Uses Within Existing Arcades) shall be filed and duly recorded in the New York County Office of the City Register of the City of New York, indexed against the property in the form of a legal instrument, in a form satisfactory to the Chairperson of the City Planning Commission, providing notice of the certification pursuant to Section [91-83](#). The filing and recording of such instrument shall be a precondition to certification. The recording information shall be included on the certificate of occupancy for any #building#, or portion thereof, on the #zoning lot# issued after the recording date. Where compensating amenity required by condition (b) of Section [91-83](#) is located on the same #zoning lot# as an #enlargement#, no temporary or final certificate of occupancy shall be issued for such #enlargement# until the compensating amenity has been substantially completed in accordance with the approved plans, as certified by the Department of City Planning to the Department of Buildings.

Where a compensating amenity is located within a #street# or #public park# pursuant to Section [91-835](#) (Alternative improvements), the commitment to provide or maintain such compensating amenity shall be duly recorded in the form of a signed declaration of restrictions, including a maintenance agreement with the Department of Parks and Recreation or other relevant agency, indexed against the #zoning lot#, binding the owners, successors and assigns. Such declaration or maintenance agreement may require security in the form of a bond or letter of credit to ensure that the compensating

amenity is maintained in accordance with the declaration or maintenance agreement. The form and content of the legal instrument shall be satisfactory to the Chairperson, and the filing of such instrument in the New York County Office of the City Register shall be a precondition to certification. The recording information shall be included on the certificate of occupancy for any #building#, or portion thereof, on the #zoning lot# issued after the recording date. Modifications to the declaration required by this paragraph may only be allowed upon approval by the Chairperson.

(b) Existing approvals by the Board of Standards and Appeals

91-837 - Subsequent design changes

LAST AMENDED

6/21/2016

Design changes to any #publicly accessible open area#, required open area or indoor public space previously improved pursuant to the provisions of Sections [91-832](#) (Plaza improvements) or [91-834](#) (Indoor public spaces) may only be made upon certification by the Chairperson of the City Planning Commission that such changes would result in a #publicly accessible open area# or indoor public space that is compliant with the Section under which it was previously approved. As part of the certification, a horizontal #enlargement# on the ground floor level may be permitted along existing #building# walls that face the #publicly accessible open area# and do not face an #arcade#, but such #enlargement# shall not occupy any #publicly accessible open area#. The locational requirements of paragraph (a)(1) of Section [91-831](#) (Ground floor requirements) and the #use# and transparency requirements of Section [91-831](#) for new #building# walls facing a #publicly accessible open area# shall apply. 91-84 - Authorizations

LAST AMENDED

6/21/2016

91-841 - Authorization for retail uses within existing arcades

LAST AMENDED

6/6/2024

The City Planning Commission may authorize a horizontal #enlargement# of the ground floor and second floor levels within an #arcade# located within Area B on Map 9 in Appendix A of this Chapter. In order to grant an authorization, the Commission shall find that:

- (a) the requirements of Section [91-831](#) (Ground floor requirements) are met;
- (b) a compensating amenity is provided pursuant to the provisions of Section [91-832](#) for plazas, Section [91-834](#) for indoor public spaces or Section [91-835](#) for alternative improvements;
- (c) sufficient unobstructed space exists adjacent to the proposed #enlargement# to facilitate pedestrian circulation; and
- (d) the #enlargement# will maintain a visual or physical connection to Water Street from another #street#, #public park# or #publicly accessible open area#.

As part of the authorization, the Commission may modify the requirements for the location of new #building# walls of paragraph (a) of Section [91-831](#).

For #zoning lots# with one or more #publicly accessible open area#, unless an alternative improvement has been identified in Section [91-835](#), an improvement to all #publicly accessible open areas# pursuant to the provisions of Section [91-832](#) shall be required as the compensating amenity required by finding (b) of this Section, and a certification for design changes pursuant to Section [37-625](#) shall not be required. Where a #publicly accessible open area# was improved and is fully compliant with a prior certification pursuant to Section [37-625](#) that was granted before January 19, 2016, the further improvement of such #publicly accessible open area# shall not be required.

The provision of a compensating amenity as part of a prior certification pursuant to Section [91-83](#) (Retail Uses Within Existing Arcades) or a prior authorization pursuant to this Section may satisfy the requirement of finding (b) of this Section for a compensating amenity.

As part of the authorization, a horizontal #enlargement# of the ground floor level may be permitted within the area between a #street wall# and an #arcade# that did not generate a #floor area# bonus prior to June 21, 2016. The provisions of Section [91-831](#) shall not apply to such portion of the horizontal #enlargement#.

As part of the authorization, a horizontal #enlargement# of the ground floor level may be permitted along existing #building# walls that do not face an #arcade#. The locational requirements of paragraph (a)(1) of Section [91-831](#) and the frontage prohibitions of paragraph (b)(1)(ii) of Section [91-831](#) shall apply to such #enlargement#. Where the #enlargement# is located adjacent to a #publicly accessible open area#, the #use# and transparency requirements of Section [91-831](#) for new #building# walls facing a #publicly accessible open area# shall apply.

For a horizontal #enlargement# of 7,500 square feet or greater, a special permit pursuant to Section [91-85](#) shall also be required. For the purposes of calculating the total area of the horizontal #enlargement# that is subject to the special permit, the aggregate area of the horizontal #enlargement# permitted by prior certifications pursuant to Sections [91-83](#) and [91-837](#) (Subsequent design changes) and prior authorizations pursuant to this Section shall be included in such calculation, except the area of an indoor public space shall be excluded from such calculation.

Where any portion of the #arcade# remains open and accessible, such remaining #arcade# area shall maintain a minimum level of illumination of not less than five horizontal foot candles between sunset and sunrise.

All plans for #arcades#, #publicly accessible open areas#, required open areas and indoor public spaces, once authorized, shall be filed and duly recorded in the Borough Office of the City Register of the City of New York, indexed against the property in the form of a legal instrument, in a form satisfactory to the Commission, providing notice of the authorization pursuant to this Section. The filing and recording of such instrument shall be a precondition to the issuance of a building permit. The recording information shall be included on the certificate of occupancy for any #building#, or portion thereof, on the #zoning lot# issued after the recording date. Where a compensating amenity required by paragraph (b) of this Section is located on the same #zoning lot# as an #enlargement#, no temporary or final certificate of occupancy shall be issued for any #enlargement# unless and until the compensating amenity has been substantially completed in accordance with the approved plans, as verified by the Department of City Planning to the Department of Buildings.

Where a compensating amenity is located within a #street# or #public park# pursuant to Section [91-835](#) (Alternative improvements), the applicable legal requirements of Section [91-836](#) (Additional requirements) shall apply.

Where a #zoning lot# is subject to a variance or special permit that was granted by the Board of Standards and Appeals, the requirements of paragraph (b) Section [91-836](#) shall apply.

The Commission may prescribe appropriate conditions and safeguards in connection with the grant of such authorization.

91-842 - Authorization to modify design requirements

LAST AMENDED

6/21/2016

The City Planning Commission may authorize a modification of the requirements of Section [91-831](#) (Ground floor requirements), the provisions of Sections [91-832](#) (Plaza improvements) and [91-833](#) (Special regulations for plazas less than 40 feet in depth) for #publicly accessible open areas# and the provisions of Section [91-834](#) for indoor public spaces. In no event shall an #enlargement# be permitted within a #publicly accessible open area# or other required open area unless specified on Map 9 of Appendix A of this Chapter.

In order to grant such authorization, the Commission shall find:

- (a) the location, #use#, access, size and treatment of the #enlargement# would result in a superior urban design relationship with the surrounding #streets#, #buildings# and open areas;
- (b) the usefulness and attractiveness of the #publicly accessible open area#, required open area or indoor public space will be assured by the proposed layout and design, and that such modification will result in a superior urban design relationship with surrounding #streets#, #buildings# and public open areas; and
- (c) any waiver of required amenities and circulation paths is the minimum necessary to create a better site plan.

The Commission may prescribe appropriate conditions and controls to enhance the relationship between the #enlargement#, #publicly accessible open area#, required open area or indoor public space and the surrounding #streets#, #buildings# and open areas.

91-843 - Authorization to modify requirements for alternative improvements

LAST AMENDED

6/21/2016

The City Planning Commission may authorize an alternative improvement not listed in Section [91-835](#) provided that the Commission finds that the new amenity will better serve the purpose of the Water Street Subdistrict described in Section [91-00](#) (GENERAL PURPOSES).

As a condition of the authorization, for a compensating amenity that is located within a #street# or #public park#, the commitment to provide or maintain such compensating amenity shall be duly recorded in the form of a signed declaration of restrictions, including a maintenance agreement with the Department of Parks and Recreation or other relevant agency, indexed against the #zoning lot#, binding the owners, successors and assigns. Such declaration or maintenance agreement may require security in the form of a bond or letter of credit to ensure that the compensating amenity is maintained in accordance with the declaration or maintenance agreement. The form and content of the legal instrument shall be satisfactory to the Commission, and the filing of such instrument in the New York County Office of the City Register shall be a precondition to the issuance of a building permit. The recording information shall be included on the certificate of occupancy for any #building#, or portion

thereof, on the #zoning lot# issued after the recording date.

The Commission may prescribe appropriate conditions and safeguards in connection with the grant of such authorization.

In addition to any certification pursuant to Section [91-83](#) (Retail Uses Within Existing Arcades), inclusive, or an authorization pursuant to Section [91-841](#) (Authorization for retail uses within existing arcades), the City Planning Commission may permit a horizontal #enlargement# of 7,500 square feet or greater within Areas A or B on Map 9 in Appendix A of this Chapter, provided that the Commission finds that the public amenity or improvement that is provided on the #zoning lot# is of equal or greater benefit to the public than the #arcade# to be eliminated or reduced.

For the purposes of calculating the total area of the horizontal #enlargement# that is subject to the special permit, the aggregate area of the horizontal #enlargement# permitted by any prior certification pursuant to Section [91-83](#), inclusive, and prior authorizations pursuant to Section [91-841](#) shall be included in such calculation, except the area of an indoor public space provided in accordance with the provision of Section [91-834](#) (Indoor public spaces) shall be excluded from such calculation.

As part of the special permit, the Commission may modify the requirements of Section [91-831](#) (Ground floor requirements), the provisions of Sections [91-832](#) (Plaza improvements) and [91-833](#) (Special regulations for plazas less than 40 feet in depth) for #publicly accessible open areas# and the provisions of Section [91-834](#) for indoor public spaces. In no event shall an #enlargement# be permitted within a #publicly accessible open area# or other required open area unless specified on Map 9 in Appendix A of this Chapter.

The Commission may prescribe additional conditions and safeguards to enhance the relationship between the #enlargement# and the surrounding #streets#, #buildings# and public open areas.
