91-843 - Authorization to modify requirements for alternative improvements

LAST AMENDED

6/21/2016

The City Planning Commission may authorize an alternative improvement not listed in Section [91-835](#) provided that the Commission finds that the new amenity will better serve the purpose of the Water Street Subdistrict described in Section [91-00](#) (GENERAL PURPOSES).

As a condition of the authorization, for a compensating amenity that is located within a #street# or #public park#, the commitment to provide or maintain such compensating amenity shall be duly recorded in the form of a signed declaration of restrictions, including a maintenance agreement with the Department of Parks and Recreation or other relevant agency, indexed against the #zoning lot#, binding the owners, successors and assigns. Such declaration or maintenance agreement may require security in the form of a bond or letter of credit to ensure that the compensating amenity is maintained in accordance with the declaration or maintenance agreement. The form and content of the legal instrument shall be satisfactory to the Commission, and the filing of such instrument in the New York County Office of the City Register shall be a precondition to the issuance of a building permit. The recording information shall be included on the certificate of occupancy for any #building#, or portion thereof, on the #zoning lot# issued after the recording date.

The Commission may prescribe appropriate conditions and safeguards in connection with the grant of such authorization.
