82-311 - Commercial floor area increase by special permit

LAST AMENDED
12/5/2024

The City Planning Commission may by special permit allow the #commercial# #floor area ratio# permitted on a #zoning lot# pursuant to Section [82-31](#) (Floor Area Ratio Regulations) within Subdistrict A to be increased to 10.0 for #commercial# #uses#. As a condition for such special permit, the Commission shall find that:

- (a) the #uses# are appropriate for the location and shall not unduly affect the #residential uses# in the nearby area or impair the future land use and development of the adjacent areas;
- (b) the #uses# shall not require any significant addition to the supporting services of the neighborhood or that provision for adequate supporting services has been made;
- (c) the additional #bulk# devoted to #commercial# #uses# shall not create or contribute to serious traffic congestion and will not unduly inhibit vehicular and pedestrian flow; and
- (d) the #streets# providing access to such #use# are adequate to handle the traffic generated thereby or provision has been made to handle such traffic.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects of any such #uses# on the character of the surrounding area.

82-32 - Height and Setback Regulations

LAST AMENDED

Within the Special District, all #buildings# shall be subject to the height and setback regulations of Section [35-63](#) (Height and Setback Requirements in Commercial Districts with R6 Through R12 Equivalency), except as follows:

- (a) for any portion of a building that qualifies as a “tower”, the provisions of Section [82-321](#) (Special tower coverage and setback regulations) shall apply;
- (b) #street wall# provisions shall be modified in Section [82-322](#) (Street walls along certain street lines);
- (c) permitted obstructions above a required setback shall be modified pursuant to the provisions of Section [82-323](#) (Permitted obstructions within required setback areas); and
- (d) special height limitations at certain locations shall apply, pursuant to the provisions of Section [82-324](#) (Special height limitations).

82-321 - Special tower coverage and setback regulations

LAST AMENDED

12/5/2024

The requirements set forth in Section [23-435](#) (Tower regulations) for any #building#, or portion thereof, that qualifies as a “tower” shall apply, except as modified in this Section.

- (a) At any level at or above a height of 85 feet above #curb level#, a tower shall occupy in the aggregate not less than 30 percent of the #lot area# of a #zoning lot#. However, any #story# located within the highest 15 percent of the tower may cover less than 30 percent of the #lot area# of a #zoning lot# provided that the gross area of any such #story# does not exceed 90 percent of the gross area of that #story# directly below the highest 15 percent of the tower.
- (b) At all levels at or above a height of 85 feet from #curb level#, the minimum required setback of the #street wall# of a tower shall be at least 15 feet from the #street line# of Broadway or Columbus Avenue, and at least 20 feet on a #narrow street#.
- (c) At least 60 percent of the total #floor area# permitted on a #zoning lot# shall be within #stories# located partially or entirely below a height of 150 feet from #curb level#.

For the purposes of determining allowable #floor area#, where a #zoning lot# has a mandatory 85 foot high #street wall# requirement along Broadway, the portion of the #zoning lot# located within 50 feet of Broadway shall not be included in #lot area# unless such portion contains or will contain a #building# with a wall at least 85 feet high coincident with the entire #street line# of Broadway.

For the purposes of determining the permitted tower coverage in Block 3, as indicated on the District Plan in Appendix A of this Chapter, that portion of a #zoning lot# located within 100 feet of the west #street line# of Central Park West shall be treated as if it were a separate #zoning lot# and the tower regulations shall not apply to such portion.
