All #bulk# regulations of this Chapter shall apply to such modified #qualifying site# without regard to #zoning lot lines#; or
 - (v) the requirement that a #development# or #enlargement# exceed the basic maximum #floor area ratio# set forth in Row A of the table in Section [81-64](#) as a pre-condition to an increase in #floor area# pursuant to such table, where a #qualifying site# includes the #zoning lot# occupied by Grand Central Terminal;
- (2) the provisions for #zoning lots# divided by district boundaries set forth in Sections [77-02](#) (Zoning Lots Not Existing Prior to Effective Date or Amendment of Resolution), [77-21](#) (General Provisions) or [77-22](#) (Floor Area Ratio), and the provisions of Section [81-612](#) (Applicability along district boundaries) requiring that #zoning lots# divided by Subarea boundaries utilize the provisions of Article VII, Chapter 7;

(b) Application requirements

Applications for a special permit for modifications pursuant to this Section shall contain

(c) Findings

The Commission shall find that such proposed modifications:

- (1) to the definition of #qualifying site# are the minimum extent necessary, and are harmonious with the Subdistrict objective to protect and strengthen the economic vitality and competitiveness of East Midtown by facilitating the development of exceptional modern and sustainable office towers;
- (2) to the requirement for #wide street# frontage in the definition of #qualifying sites# will not unduly concentrate #bulk# towards the middle of the #block# to the detriment of the surrounding area;

 - (i) are necessary due to the presence of existing #buildings# on the site; and

- (ii) any adverse impact on retail continuity is minimized by a site plan that requires pedestrian-oriented #uses# along the boundaries of any open or enclosed public areas within the #zoning lot#;
- (8) to the #street wall# or height and setback regulations:
 - (i) are necessary due to constraints or conditions of the #development# or #enlargement# and conditions imposed by the configuration of the site;
 - (ii) will not unduly obstruct the access of light and air to surrounding properties;
 - (iii) will result in an improved distribution of #bulk# on the #zoning lot# that is harmonious with the height and setback goals of the #Special Midtown District# set forth in Section [81-251](#) (Purpose of height and setback regulations); and
 - (iv) the overall design of the #building# demonstrates an integrated and well-considered facade, taking into account factors such as #street wall# articulation, and fenestration, that creates a prominent and distinctive #building# which complements the character of the surrounding area and constitutes a distinctive addition to the Midtown Manhattan skyline; and

- (9) to the time period for substantial construction to be completed prior to the lapse of any special permit granted for such #qualifying site# are necessary due to the complexity of demolition and construction on the site.
