142-63 - Sherman Creek Subdistrict A

LAST AMENDED 8/8/2018

In the Sherman Creek Subdistrict A, Parcels 5, 6, 7, 8 and 9, as shown on Map 4 (Waterfront Access Plan: Parcel Designation) in the Appendix to this Chapter, the following regulations shall apply.

(a) #Shore public walkways#

- (1) #Waterfront zoning lots# that have a #shoreline# measuring more than 100 feet shall provide a #shore public walkway# as required by Section [62-53](#) (Requirements for Shore Public Walkways).
- (2) #Zoning lots# within or partially within 40 feet of the #shoreline# that do not #abut# the #shoreline#, or that contain a #shoreline# measuring 100 feet or less shall provide either:
 - (i) a #shore public walkway#, located partly on the #zoning lot# and partly on an adjoining #waterfront zoning lot#; or
 - (ii) a #shore public walkway# on any portion of the #zoning lot# within 40 feet of the #shoreline#. Such #shore public walkway# shall have a minimum width of 14 feet, and its pedestrian circulation path shall connect to and provide access from adjoining public #streets#, parks or public places. Such #shore public walkway# shall extend beyond 40 feet of the #shoreline# as necessary to satisfy the minimum dimensional requirements, but the total area of the #shore public walkway# need not exceed an area equivalent to that portion of the #zoning lot# within 40 feet of the #shoreline#. The provisions of Section [62-62](#) (Design Requirements for Shore Public Walkways and Supplemental Public Access Areas) shall be modified to allow the circulation path to have a minimum width of 10 feet and to be located entirely beyond 10 feet from the #shoreline#. In addition, for Parcels 6, 7 or 8, the planting requirements set forth in paragraph (c)(1) of Section [62-62](#) need not apply.

Where the #zoning lot# does not include all of the adjacent #shoreline#, the design of the #shore public walkway# shall be compatible with the future improvement of public access areas on the land between the #zoning lot# and the #shoreline#.

- (3) The primary circulation path required pursuant to Section [62-62](#) shall be provided at a minimum elevation of 7.5 feet above the #shoreline#, except that such requirement need not include portions of a circulation path that slope downward to meet the elevation of an existing publicly accessible sidewalk.

(b) #Supplemental public access areas#

On Parcel 5, no #supplemental public access area# shall be required.
