## 136-52 - Authorization to Modify Bulk Regulations for Income-Restricted Housing Units

---

LAST AMENDED

9/7/2017

For #developments# or #enlargements# containing only #income-restricted housing units#, #affordable independent residences for seniors#, or other government-assisted #dwelling units#, the City Planning Commission may authorize modifications of:

- (a) #yard# regulations;
- (b) regulations governing the minimum required distance between #buildings# on the same #zoning lot#, provided that no waiver shall authorize a minimum distance of less than 40 feet; and
- (c) regulations governing the minimum required distance between #legally required windows# and walls or #lot lines#, provided that no waiver shall authorize a minimum of less than 20 feet between #legally required windows# and walls or #lot lines#.

The Commission shall find that such modifications:

- (1) will aid in achieving the general purposes and intent of this Chapter as set forth in Section [136-00](#) (GENERAL PURPOSES);
- (2) will provide a better distribution of #bulk# on the #zoning lot#, resulting in a superior site plan, in which the #buildings# subject to this authorization and any associated open areas will relate harmoniously with one another and with adjacent #buildings# and open areas; and
- (3) will not unduly increase the #bulk# of any #building# or unduly obstruct access of adequate light and air to the detriment of the occupants or users of #buildings# on the #block# or nearby #blocks#, or of people using the public #streets# and other public spaces.

The City Planning Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.
