137-52 - Authorization for Development of Multiple Buildings

LAST AMENDED
9/7/2017

The City Planning Commission may authorize a #development# consisting of more than one #building# on one or more #zoning lots#, and may modify the #bulk# regulations of the underlying district, except #floor area ratio# regulations, provided that:

(a) all #zoning lots# comprising such #development# together provide a minimum of 9,500 square feet of #lot area# per #building#, where no portion of such #lot area# shall contain delineated wetland on a wetland survey reviewed by the New York State Department of Environmental Conservation (NYSDEC). Such review by the NYSDEC shall have occurred no more than two years prior to the date of application for this authorization;

(b) the #development# satisfies the findings of paragraphs (a) through (e) of Section 137-51 (Authorization for Development of Single Buildings and Enlargements);

(c) where the Commission is modifying #bulk# regulations, such modifications shall:

(1) facilitate the configuration of #buildings# in order to protect, or provide buffering from, adjacent wetlands, open space and natural resources;

(2) facilitate, to the extent practicable, the configuration of #buildings# in proximity to the location of existing #buildings# within the area;

(3) limit the need for new paving and impermeable surfaces; and

(4) be consistent with the scale and character of the surrounding area.

The Commission may prescribe additional conditions and safeguards to minimize adverse effects on the character of the surrounding area.
