C4 C6

In the districts indicated, #street walls# shall be provided in accordance with the provisions of this Section.

- (a) For #zoning lot# frontages designated on Map 3 (Street Wall Location) in Appendix A of this Chapter the #street wall# location provisions of paragraph (a) of Section [35-631](#) shall apply; and
- (b) For all other #zoning lot# frontages, the #street wall# location provisions of paragraph (b) of Section [35-631](#) shall apply.

However, such #street walls# need only extend to a minimum base height of 40 feet.

No #street wall# location requirements shall apply to any open space fronting on Sutphin Boulevard between 94th and 95th Avenues provided pursuant to the Jamaica Gateway Urban Renewal Plan, as shown on Map 3.

For #building# walls facing Archer Avenue on Blocks 9988 and 9994, the #street walls# required pursuant to this paragraph (b) shall not be located along the Archer Avenue #street line#, but shall instead be located along the northern boundary of the Public Place mapped on each such block. However, if the Public Place is not mapped on Block 9994, then the #street wall# shall be located on a line perpendicular to 147th Place and passing through a point 51.77 feet distant (as measured along the southwesterly #street line# of 147th Place) from the corner of the northeasterly #street line# of Archer Avenue and the southwesterly #street line# of 147th Place. To accommodate the #development# of a one #story# #building# which may be located within each Public Place, such #street walls# shall have no #building# entrances or windows up to a height of 30 feet within 100 feet of 147th Place on Block 9994 and within 100 feet of 146th Street on Block 9988.
