## 107-465 - Modifications of special yard regulations for certain zoning lots

---

LAST AMENDED

8/12/2004

On application, the City Planning Commission may, by certification, modify the underlying #rear yard# regulations and thereby allow #single-# or #two-family residences# to be built on the #side# or #rear lot line#, provided the following conditions are satisfied:

- (a) When a #building# is located on the #side lot line#, the entire required #side yard# equivalent shall be provided along the other #side lot line# of the same #zoning lot#. On the adjacent #zoning lot# there shall be a #side yard# of at least 10 feet, #abutting# the #building# wall which is located on the #side lot line#.
- (b) When a #single-# or #two-family residence# is located on the #rear lot line#, the #zoning lots# #abutting# the entire #rear lot line# shall provide a #rear yard# of at least 40 feet. If the #building# on either #zoning lot# has a height greater than two #stories#, then such #building# shall have a 10-foot rear setback above the height of the second #story#.
- (c) When #single-# or #two-family residences# share a party wall along the #rear lot line#, if at any level either #building# is set back from the #rear lot line#, each #building# shall have a setback at the same height and such rear setback shall be at least 20 feet in depth.

The Commission shall also find that:

- (1) such modifications of #side# or #rear yards# or equivalents blend harmoniously with the entire development;
- (2) there is no adverse effect with regard to adequate light and air to the #residences#;
- (3) such modification results in the maximum preservation of trees;
- (4) there is an agreement which provides access for maintenance of the #building# wall located on the #lot line#; and
- (5) a condition to the grant of any certification shall be that the requirements of Section [107-92](#) (Recordation) have been satisfied.
