## 134-32 - Mechanical Screening Requirements

---

LAST AMENDED

5/27/2021

Mechanical equipment located on top of #buildings#, and below the maximum base height or maximum #building# height, shall be screened with plantings, solid walls, or fences from the Open Space Subarea, as well as from any connections and open spaces required pursuant to Section [134-40](#) (REQUIREMENTS FOR CONNECTIONS AND OPEN AREAS), inclusive.
