144-54 - Curb Cuts

LAST AMENDED12/15/2021

Access to any #accessory# off-street loading berth and off-street parking areas for a #development# or #enlargement# within the Navy Street Central Subarea, the Flushing East Subarea, and the Barge Basin East Subarea shall be limited to one curb cut from the adjoining #street#.

An additional curb cut may be added in the Barge Basin East Subarea upon certification by the Chairperson of the City Planning Commission to the Commissioner of Buildings or the Department of Small Business Services, as applicable, that an additional curb cut has been approved by the Commissioner of the Department of Transportation.

In addition, where the Chairperson of the City Planning Commission certifies such additional curb cut, the Chairperson may certify a reduction in the #ground floor level# streetscape provisions of paragraph (a) of Section 144-41 (Ground Floor Streetscape Provisions), to the minimum extent necessary, where the applicant demonstrates that the reduction is necessary to accommodate the proposed loading configuration on the ground floor. For such portions of the #ground floor level#, the provisions of paragraph (b) of Section 144-41 shall continue to apply.

The Chairperson shall issue the certification within 45 days of receipt of a communication from the Department of Transportation approving an additional curb cut or receipt of application materials demonstrating the proposed loading configuration, as applicable. Failure to certify within the 45-day period will release the Department of Buildings or the Department of Small Business Services from any obligation to withhold the excavation or building permit and authorize such agency to determine compliance with the provisions of this Section.
