42-161 - Use Group VI – general use allowances

LAST AMENDED
6/6/2024

The following tables include #uses# classified as Use Group VI and set forth their allowances by #Manufacturing District#. Notations found in the tables are further described in Section 42-10 (USE ALLOWANCES).

The following tables are organized by retail trade establishments and general service establishments. Included in the retail trade establishment table, for reference purposes only, are the three-digit subsector categories from the retail trade sector (sectors 44-45) of the 2022 North American Industry Classification System (NAICS). Included in the general service establishments table, for reference purposes only, are the three-digit subsector categories from the relevant transportation and warehousing sector (48-49), information sector (51), finance and insurance sector (52), real estate and rental and leasing sector (53), professional, scientific, and technical services (54), management of companies and enterprises (55), administrative and support and waste management and remediation services sector (56), educational services (61), accommodation and food services sector (72) and other services sector (81) of the 2022 NAICS.

For each #use# under the three-digit subsector categories in retail and general service establishments, the four-digit industry group, five-digit NAICS industry or six-digit U.S. detail code is referenced. However, where such four-digit, five-digit or six-digit categories are not referenced after a #use#, the specified #use# is not a specific NAICS industry sector category or includes a group of existing categories.
