In the districts indicated, the maximum #lot coverage# for #residential# #buildings#, #community facility# #buildings# or the portions of #buildings# containing #residential# or #community facility# #uses# shall be the applicable #residential# #lot coverage# set forth in Section [23-36](#) (Maximum Lot Coverage), inclusive. For the purpose of applying such regulations, the regulations for #interior lots# or #through lots# shall apply, and additional limitations for #large sites# need not apply.

Any portion of a #building# at any height up to but not exceeding 23 feet above the #base plane# may be excluded in determining the percent of #lot coverage# set forth in this Section.

Additionally, for #buildings# in R6 through R12 Districts that exceed the maximum base height listed in Section [62-343](#) (Height and setback regulations in other medium- and high-density districts), the minimum #lot coverage# shall be 30 percent of the #lot area# at a height of 20 feet. For the purposes of determining this requirement, the #lot area# of #waterfront zoning lots# shall be deemed to be the area of the #zoning lot# landward of the #shoreline#. In the event the site plan involves construction on only a portion of the #zoning lot#, sufficient calculations shall be provided to show that such partial construction does not preclude compliance with the minimum #lot coverage# requirements of this Section at the time the site is fully developed.

In #Special Mixed Use Districts#, #lot coverage# requirements shall not apply to #community facility# #uses#.
