## 74-904 - Non-profit or voluntary hospitals in R9 or R10 Districts and certain Commercial Districts

---

LAST AMENDED  
8/14/2025

For a #zoning lot# occupying an entire #block# located in an R9 or an R10 District, or in #commercial districts# mapped within, or with a #residential equivalent# of an R9 or an R10 District, partially within the #Special Park Improvement District#, and containing a non-profit or voluntary hospital and related facilities, as listed in Use Group III(B), the City Planning Commission may, by special permit, allow the modifications set forth in paragraph (a) of this Section, provided the conditions set forth in paragraph (b) and findings set forth in paragraph (c) are met.

- (a) The Commission may allow an increase in the maximum #community facility# #floor area ratio# by up to a maximum of 20 percent. A #floor area# bonus pursuant to this Section may be used in combination with a #floor area# bonus permitted pursuant to Section [66-51](#) (Additional Floor Area for Mass Transit Station Improvements), and the combination of such bonuses may exceed 20 percent of the maximum #floor area ratio# otherwise permitted.

In connection with such #floor area# bonus, the Commission may allow modifications to applicable #bulk# regulations.

- (b) In order to grant a special permit pursuant to this Section, the following conditions shall be met:
- (1) a minimum #floor area# of 95 percent of any #development# or #enlargement# on such #zoning lot# will be allocated to such hospital #use#;
  - (2) the bonus #floor area# allowed pursuant to this Section shall be exclusively allocated to such hospital #use#; and
  - (3) the amount of #floor area# to be located on the portion of such #zoning lot# within the #Special Park Improvement District# shall not exceed a #floor area ratio# of 10.0.
- (c) In order to grant a special permit pursuant to this Section, the Commission shall find that:
- (1) the public benefit derived from such proposed hospital #development# or #enlargement# merits the additional #floor area# being granted pursuant to this special permit;
  - (2) where #bulk# modifications are utilized, such modifications will provide a more satisfactory physical relationship to existing hospital #buildings or other structures# on the #zoning lot#, and facilitate a more efficient and integrated site plan; and
  - (3) where #bulk# modifications are utilized, the distribution of #bulk# on the #zoning lot# will result in a satisfactory site plan and urban design relationships of #buildings or other structures# to adjacent #streets# and the surrounding area.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.
