73-433 - Reduction of existing parking spaces for qualifying senior housing

LAST AMENDED

12/5/2024

For #zoning lots# outside the boundaries shown in Appendix I with #buildings# containing #qualifying senior housing# in receipt of a certificate of occupancy prior to March 22, 2016, the Board of Standards and Appeals may permit a reduction in the number of #accessory# off-street parking spaces required for such #affordable independent residences for seniors# prior to March 22, 2016, provided that the Board finds that:

- (a) such reduction will facilitate an improved site plan;
- (b) any new #dwelling units# created on the portion of the #zoning lot# previously occupied by such parking spaces will be #income-restricted housing units#;
- (c) such reduction will not cause traffic congestion; and
- (d) such reduction will not have undue adverse effects on residents, businesses or #community facilities# in the surrounding area, as applicable, including the availability of parking spaces for such #uses#.

Any permitted reduction shall be in compliance with the parking requirement for #qualifying senior housing# developed after March 22, 2016, as set forth in Section [25-20](#) (REQUIRED ACCESSORY OFF-STREET PARKING SPACES FOR RESIDENCES), as applicable.

Factors to be considered by the Board may include, without limitation, the use of the existing parking spaces by residents of the #zoning lot#, the availability of parking in the surrounding area and the proximity to public transportation. The Board may impose appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.
