94-10 - SPECIAL REQUIREMENTS FOR BUILDING HEIGHT AND SETBACKS

LAST AMENDED

2/2/2011

The height and setback regulations set forth in Sections [23-631](#) (General provisions), [34-24](#) (Modification of Height and Setback Regulations) and [35-62](#) (Commercial Districts With an R1 Through R5 Residential Equivalent), shall not apply to #buildings# in the #Special Sheepshead Bay District#. In lieu thereof, height and setback regulations set forth in this Section shall apply. For #buildings# in #Residence Districts#, #building# height is measured from the #base plane#. For #buildings# in #Commercial Districts#, #building# height is measured from #curb level#.

In Areas A, B, C, D, E and F, the #street wall# or any other portion of a #residential building# or the #residential# portion of a #mixed building#, except for a structure which encloses only #accessory# parking fronting on the Leif Ericson Drive service road #street line#, shall be set back a minimum distance of 10 feet from all #street lines#. Beyond the #initial setback distance#, the #building# shall not exceed the maximum height as set forth in this Section.

In Area A, the maximum height of a #street wall# or other portion of a #building# within 25 feet of the Emmons Avenue or 15 feet of the Sheepshead Bay Road #street lines# shall not exceed two #stories# or 30 feet, whichever is fewer. Beyond the #initial setback distances# in Area A, the #building# shall not exceed seven #stories# or 85 feet, whichever is fewer.

In Area C, the maximum height of a #street wall# or other portion of a #building# within 25 feet of the Emmons Avenue or Ocean Avenue #street lines# shall not exceed two #stories# or 30 feet, whichever is fewer. Beyond the #initial setback distance# of 25 feet in Area C, the #building# shall not exceed four #stories# or 50 feet, whichever is fewer.

In Areas B and D, a #building# shall not exceed four #stories# or 50 feet, whichever is fewer.

In Areas E and F, within 75 feet of the Emmons Avenue #street line#, the maximum height of any portion of a #building# shall not be more than three #stories# or 35 feet, whichever is fewer. Beyond the #initial setback distance# of 75 feet in Areas E and F, the #building# shall not exceed six #stories# or 75 feet, whichever is fewer.

In Areas G and H, a #building# shall not exceed three #stories# or 35 feet, whichever is fewer. However, the City Planning Commission may, by a special permit, modify such height restrictions, provided that:

- (a) the distribution of the #bulk# permits adequate access of light and air to surrounding #streets# and properties, and does not impair the view of the Bay; and
- (b) the height of such #building# does not exceed five #stories# or 50 feet, whichever is fewer.

The Commission may prescribe appropriate conditions and safeguards to protect the view of the Bay and to minimize the adverse effects on the character of the surrounding areas.

The Commission may prescribe appropriate conditions and safeguards in connection with the issuance of such certification.
