112-23 - Reservoir Space Requirements for Eating or Drinking Establishments

LAST AMENDED
12/5/2024

All #developments#, #extensions# or changes of #use# involving an eating or drinking establishment listed under Use Group VI with attendant-operated parking services shall provide adequate on-site reservoir space at the vehicular entrances to accommodate automobiles equivalent in number to 10 percent of the total number of spaces, but in no event shall such reservoir space be required for more than 10 automobiles. Reservoir space shall be delineated by painted stripes or lines pursuant to the standards of the Department of Buildings.

Within one year of March 6, 1986, all existing eating or drinking establishments with attendant-operated parking services shall provide adequate reservoir space pursuant to this Section and shall file a site plan and documented evidence of compliance with the appropriate enforcement agency, either the Department of Buildings or Department of Ports and Terminals.
