139-33 - Special Curb Cut Regulations

LAST AMENDED

6/6/2024

In addition to the curb cut restrictions associated with Section [139-41](#), no curb cut shall be permitted within 40 feet of a #waterfront public access area#.

Curb cuts prohibited by this Section may be authorized by the City Planning Commission provided the Commission finds that a curb cut at such a location:

- (a) is not hazardous to traffic safety;
- (b) will not create or contribute to serious traffic congestion, or unduly inhibit vehicular movement;
- (c) will not adversely affect pedestrian movement;
- (d) will not interfere with the efficient functioning of bus lanes, specially designated streets or public transit facilities; and
- (e) will not be inconsistent with the character of the existing streetscape.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.
