74-17 - Offices and Laboratories

LAST AMENDED

6/6/2024

74-171 - Laboratories

LAST AMENDED

6/6/2024

In #Residence Districts# and #Commercial Districts#, C1 or C2 Districts in the Borough of Manhattan, in other C1 or C2 Districts that are not #select commercial overlays#, and in other #Commercial Districts#, the City Planning Commission may permit laboratories listed under Use Group VII, not otherwise allowed by the underlying #use# regulations. In conjunction with such modifications the Commission may also permit modifications to the underlying #sign# regulations.

In order to grant such #use# modifications, the Commission shall find that such facility meets the applicable conditions of paragraph (a), the findings of paragraph (b) and the additional requirements of paragraph (c)

(a) Conditions

As a condition for the special permit, such facility shall:

- (1) conform to the performance standards applicable to M1 Districts;
- (2) occupy a #zoning lot# containing no #residential use#; and
- (3) in #Residence Districts#, occupy a #large-scale community facility development# or occupy either a single #zoning lot# used predominantly for #community facility uses# that has an area of at least 40,000 square feet, or two or more contiguous #zoning lot#, or lots that would be contiguous but for their separation by a #street#, under the same single fee ownership or alternate ownership arrangements, used predominantly for #community facility uses#, that has an area of at least 40,000 square feet; and

(b) Findings

In order to grant such permit, the Commission shall find that the laboratory:

- (1) will not unduly affect the essential character or impair the future use and development of the surrounding area;
- (2) will be located so as to draw a minimum of vehicular traffic to and through local #streets#;
- (3) provides fully enclosed storage space for all raw materials, finished products, by-products and waste materials including debris, refuse and garbage; and
- (4) with regard to #sign# modifications:
 - (i) the modifications are consistent with the amount and location of signage for other laboratories and are appropriate on the #zoning lot#; and
 - (ii) #illuminated signs#, if provided, utilize an illumination type, and are located and oriented in a manner so as to minimize any negative effects on nearby residences; and do not alter the essential character of the adjacent area.

(c) Additional requirements

For the purposes of applying #bulk# regulations to such laboratory, the following shall apply:

- (1) in all districts, where such laboratory will occupy a #large-scale community facility development# or occupy either a single #zoning lot# used predominantly for #community facility uses# that has an area of at least 40,000 square feet, or two or more contiguous #zoning lot#, or lots that would be contiguous but for their separation by a #street#, under the same single fee ownership or alternate ownership arrangements, used predominantly for #community facility uses#, that has an area of at least 40,000 square feet, the #floor area# associated with such laboratory shall be considered #community facility floor area#, and all other associated #community facility bulk# regulations shall apply; and
- (2) in all other instances, the #floor area# associated with such laboratory shall be considered #commercial floor area#, and all other associated #commercial bulk# regulations shall apply.

Modifications to the applicable #bulk# regulations may be made in conjunction with such laboratory, by special permit of the City Planning Commission, pursuant to Section 74-901.

In order to promote and protect the public health, safety and general welfare, the City Planning Commission may impose additional conditions and safeguards and more restrictive performance standards where necessary.
