109-113 - Streetscape Provisions

LAST AMENDED
6/6/2024

The underlying #ground floor level# streetscape provisions shall apply. However, along #Tier B street frontages# where the alternate #ground floor level# provisions are able to be applied, in accordance with Section 32-322, the following transparency requirements shall be applied in addition to the provisions of such Section:

#Ground floor level# #street walls# shall be glazed with transparent materials, which may include #show windows#, transom windows, or glazed portions of doors. Such transparent materials shall occupy at least 25 percent of the surface area of such #ground floor level# #street wall#, up to a height of 12 feet above #curb level#, or the height of the ground floor ceiling, whichever is higher. Transparent areas may include storefronts subject to Section 109-50 (SPECIAL REVIEW PROVISIONS), inclusive. Door or window openings within such surface areas shall be considered transparent. Such opening shall have a minimum width of two feet.
