

Zoning Resolution

THE CITY OF NEW YORK

Eric Adams, Mayor

CITY PLANNING COMMISSION

Daniel R. Garodnick, Chair

Chapter 1 - Special Lower Manhattan District (LM)

File generated by <https://zr.planning.nyc.gov> on 10/2/2024

Chapter 1 - Special Lower Manhattan District (LM)

91-00 - GENERAL PURPOSES

LAST AMENDED

6/21/2016

The "Special Lower Manhattan District" established in this Resolution is designed to promote and protect public health, safety, general welfare and amenity. These general goals include, among others, the following specific purposes:

- (a) encourage development of a 24-hour community through the conversion of older commercial buildings to residential use;
- (b) facilitate maximum design flexibility of buildings and enhance the distinctive skyline and streetscape of Lower Manhattan;
- (c) improve public use and enjoyment of the East River waterfront by creating a better physical and visual relationship between development along the East River and the waterfront area, public access areas and the adjoining upland community;
- (d) enhance the pedestrian environment by relieving sidewalk congestion and providing pedestrian amenities;
- (e) restore, preserve and assure the use of the South Street Seaport Subdistrict as an area of small historic and restored buildings, open to the waterfront and having a high proportion of public spaces and amenities, including a South Street Seaport Environmental Museum, with associated cultural, recreational and retail activities;
- (f) establish the Historic and Commercial Core to protect the existing character of this landmarked area by promoting development that is harmonious with the existing scale and street configuration;
- (g) establish the Water Street Subdistrict to improve the urban design relationship between existing buildings and open areas by promoting retail activities and the enhancement of existing public spaces with new amenities in this area; and
- (h) promote the most desirable use of land and thus conserve and enhance the value of land and buildings, and thereby protect the City's tax revenues.

91-01 - General Provisions

LAST AMENDED

6/6/2024

Except as modified by the express provisions of the #Special Lower Manhattan District#, the regulations of the underlying zoning districts shall remain in effect.

Requirements that apply generally throughout the District are set forth in the provisions for this Chapter. The provisions of Section [91-40](#) (MANDATORY DISTRICT PLAN ELEMENTS) specify planning and urban design features that are primarily oriented toward the accommodation and well-being of pedestrians.

For requirements that are not generally applicable but are tied to specific locations within the Special District, the locations where these requirements apply are shown on District Map 2 (Street Wall Continuity Types 1, 2A, 2B & 3), Map 3 (Street Wall Continuity Types 4 & 5), Map 4 (Designated Retail Streets) and Map 5 (Curb Cut Prohibitions) in Appendix A. Certain #sign# regulations that apply to landmark #buildings# with #street walls# fronting Broadway are set forth in Section 91-114.

The provisions of Article VI, Chapter 2 (Special Regulations in the Waterfront Area), shall apply to all areas of the #waterfront

area# within the #Special Lower Manhattan District#, except as otherwise provided in Section [91-60](#) (REGULATIONS FOR THE SOUTH STREET SEAPORT SUBDISTRICT) for Piers 9, 11, 13 and 14. Piers 9, 11, 13 and 14 are shown on Maps 1 and 6 in Appendix A.

In #flood zones#, or for #transit-adjacent sites# or #qualifying transit improvement sites#, as defined in Section [66-11](#) (Definitions), in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 4 (Special Regulations Applying in Flood Hazard Areas), or Article VI, Chapter 6 (Special Regulations Applying Around Mass Transit Stations), the provisions of Article VI shall control.

An existing public amenity, open or enclosed, that was a mandatory requirement or received a #floor area# bonus pursuant to the provisions of the former Special Greenwich Street Development District, eliminated on August 27, 1998, shall not be removed, reduced in size or in any way altered, other than pursuant to the provisions of Section [91-71](#) (Authorization for the Modification of Required Public Amenities).

Special regulations governing the development of three specific sites in the #Special Lower Manhattan District# are set forth in the following Sections:

Section [91-72](#) (Special Permit for Development Over or Adjacent to the Approaches to the Brooklyn Battery Tunnel)

Section [91-73](#) (Special Provisions for Battery Park Underpass/South Street).

91-02 - Definitions

LAST AMENDED
2/2/2011

For the purposes of this Chapter, matter in italics is defined in Sections [12-10](#) or [91-62](#) (Definitions).

91-03 - District Maps

LAST AMENDED
6/21/2016

District maps are located in Appendix A of this Chapter and are hereby incorporated and made an integral part of this Resolution. They are incorporated for the purpose of specifying locations where special regulations and requirements, as set forth in the text of this Chapter, apply.

- Map 1 Special Lower Manhattan District
- Map 2 Street Wall Continuity Types 1, 2A, 2B & 3
- Map 3 Street Wall Continuity Types 4 & 5
- Map 4 Designated Retail Streets
- Map 5 Curb Cut Prohibitions
- Map 6 South Street Seaport Subdistrict (Section [91-63](#))
- Map 7 Subway Station Improvement Areas
- Map 8 Water Street Subdistrict

91-04 - Subdistricts and Core Area

LAST AMENDED

2/2/2011

In order to carry out the purposes and provisions of this Chapter, the South Street Seaport Subdistrict, the Historic and Commercial Core and the Water Street Subdistrict are established within the #Special Lower Manhattan District# and include specific regulations designed to advance the purpose of these areas:

(a) South Street Seaport Subdistrict

The South Street Seaport Subdistrict contains certain provisions that do not apply to other areas of the Special District. Except as otherwise provided in the Subdistrict regulations, the Subdistrict is subject to all other regulations of the #Special Lower Manhattan District# and the underlying districts. The requirements for the South Street Seaport Subdistrict are set forth in Section [91-60](#) (SPECIAL REGULATIONS FOR THE SOUTH STREET SEAPORT SUBDISTRICT).

The Subdistrict is shown on Map 1 (Special Lower Manhattan District) and Map 6 (South Street Seaport Subdistrict) in Appendix A of this Chapter.

(b) The Historic and Commercial Core

The Historic and Commercial Core has been established to promote development compatible with existing #buildings# that border the area whose street plan has been accorded landmark status by the New York City Landmarks Commission as the Streetplan of New Amsterdam and Colonial New York. Height and setback provisions for the Historic and Commercial Core are set forth in Sections [91-31](#) through [91-33](#).

The Core is bounded by Broadway and Wall, Whitehall and Water Streets, as shown on Map 1 (Special Lower Manhattan District) in Appendix A of this Chapter.

(c) Water Street Subdistrict

The Water Street Subdistrict has been established to improve the urban design relationship between existing #buildings# and open areas by promoting retail activities and the enhancement of existing public spaces with new amenities in this area.

The Subdistrict is shown on Map 8 (Water Street Subdistrict) and Map 9 (Water Street Subdistrict Arcades) in Appendix A of this Chapter.

91-05 - Applicability of the Quality Housing Program

LAST AMENDED

2/2/2011

Within the #Special Lower Manhattan District#, #buildings# containing #residences# may be #developed# or #enlarged# in accordance with the provisions of Article II, Chapter 8 (The Quality Housing Program), except that the #bulk# regulations for #Quality Housing buildings# set forth in Article II, Chapter 3 (Residential Bulk Regulations in Residence Districts) and modified by Article III, Chapter 5 (Bulk Regulations for Mixed Buildings in Commercial Districts), shall be superseded by the

#bulk# regulations of this Chapter. Recreation space required pursuant to Section [28-20](#) (RECREATION SPACE AND PLANTING AREAS) shall be in addition to any recreation space required pursuant to this Chapter.

91-06 - Applicability of Article VII Provisions

LAST AMENDED

8/27/1998

91-061 - Applicability of special permits by the Board of Standards and Appeals

LAST AMENDED

6/6/2024

Within the #Special Lower Manhattan District#, the following Board of Standards and Appeals special permits shall not be applicable or shall be applicable only as modified.

The following special permit by the Board of Standards and Appeals shall not be applicable:

Section [73-68](#) (Modifications of Height, Setback and Rear Yard Regulations)

The following special permits by the Board of Standards and Appeals shall be applicable as modified:

Section [73-163](#) (Automotive Service Stations) shall not apply on #zoning lots# with frontage on any #street# listed on Map 2 or Map 4 in Appendix A.

91-062 - Applicability of special permits by the City Planning Commission

LAST AMENDED

6/6/2024

Within the #Special Lower Manhattan District#, the following special permits by the City Planning Commission shall not be applicable or shall be applicable within C5 Districts.

The following special permits by the City Planning Commission shall not be applicable:

Section [74-721](#) (Height, setback and yard regulations)

Section [74-82](#) (Through Block Arcades).

91-07 - Modification of Use and Bulk Regulations for Zoning Lots Fronting Upon DeLury Square Park

LAST AMENDED

12/21/2009

Where the #lot line# of a #zoning lot# coincides with, or is within 20 feet of, the boundary of DeLury Square Park, such #lot

line# shall be considered to be a #street line# for the purposes of applying all #use# and #bulk# regulations of this Resolution.

91-10 - SPECIAL USE REGULATIONS

LAST AMENDED

8/27/1998

91-11 - Sign Regulations

LAST AMENDED

6/6/2024

In the #Special Lower Manhattan District#, except as modified by the provisions of this Section, inclusive, the regulations of Section [32-60](#), et seq., pertaining to #signs#, shall apply.

91-111 - Illuminated signs in C5 Districts

LAST AMENDED

6/6/2024

In all C5 Districts within the #Special Lower Manhattan District#, not more than one #illuminated#, non-#flashing sign#, other than an #advertising sign#, with a total #surface area# not exceeding eight square feet shall be permitted for each #street# frontage of the #zoning lot#. Such #sign# may be located only within a window of a #building#.

91-112 - Banner regulations

LAST AMENDED

6/6/2024

In all C5 and C6 Districts within the #Special Lower Manhattan District#, in lieu of the provisions of Section [32-652](#) (Permitted projection in all other Commercial Districts), banners may project across a #street line# for a maximum distance of eight feet.

In C5-3 or C5-5 Districts within the Special District, in lieu of the provisions of Section [32-655](#) (Height of signs in all other Commercial Districts), banners may extend above #curb level# to a maximum height of 40 feet.

91-113 - Height of signs in C6-9 Districts

LAST AMENDED

6/6/2024

In C6-9 Districts within the #Special Lower Manhattan District#, the regulations of Section [32-655](#) (Height of signs in all other Commercial Districts) may be modified to allow a maximum height of 50 feet above #curb level#, provided the City Planning Commission certifies that the design features of the existing #building#, as they appear on May 9, 2001, would unduly obstruct the visibility of the #sign# without such modification. An application for such certification shall be filed with detailed plans showing compliance with this Section.

91-114 - Signs on landmark buildings fronting Broadway in C5-5 Districts

LAST AMENDED

In addition to #signs# and banners otherwise permitted pursuant to Section [91-11](#), et seq., within 100 feet of Broadway in C5-5 Districts, on any #building# with a #street wall# fronting Broadway that is a landmark designated by the Landmarks Preservation Commission, the applicable #sign# regulations of Section [32-60](#) shall be modified according to the following provisions, provided such #signs# and any alterations to the #building# connected with such #signs# have received a certificate of appropriateness or other permit from the Landmarks Preservation Commission.

- (a) #Illuminated# non-#flashing signs# other than #advertising signs# are permitted with a total #surface area# (in square feet) not to exceed 50 square feet along any #street# frontage.
- (b) No permitted #sign# shall extend above #curb level# at a height greater than 30 feet.
- (c) No permitted #sign# shall project across a #street line# more than 60 inches.
- (d) Permitted #signs# displayed on awnings may also include commercial copy related to the type of business, profession, commodity, service or entertainment conducted, sold or offered within such #building#.

91-20 - FLOOR AREA AND DENSITY REGULATIONS

LAST AMENDED
8/27/1998

91-21 - Maximum Floor Area Ratio

LAST AMENDED
2/2/2011

The basic maximum #floor area ratio# on a #zoning lot# is specified in the table in Section [91-22](#) (Floor Area Increase Regulations) and may be increased only pursuant to the #floor area# increase and bonus provisions of this Chapter.

Notwithstanding the #floor area# increase and bonus provisions of this Chapter, the maximum permitted #floor area ratio# on a #zoning lot# for #residential use# shall be 12.0.

91-22 - Floor Area Increase Regulations

LAST AMENDED
10/7/2021

The basic maximum #floor area ratio# (FAR) of the underlying district may be increased by the inclusion of specific additional bonus #floor area# for a maximum #floor area ratio# as specified in the table in this Section.

The provisions of paragraph (c) of Section [74-792](#) (Conditions and limitations), pertaining to the transfer of development rights from landmark sites, shall be subject to the restrictions on the transfer of development rights (FAR) of a landmark "granting lot" as set forth in this table. Wherever there may be an inconsistency between any provision in Section [74-79](#) and the table, the provisions of the table shall apply.

91-23 - Floor Area Increase for Provision of Recreation Space

LAST AMENDED
2/2/2011

In C5-3, C5-5 and C6-9 Districts, the #residential# #floor area ratio# of a #zoning lot# may be increased to 12.0, provided that recreation space, for the #residential# occupants of the #building# on such #zoning lot#, is provided in an amount not less than 16.25 square feet for each #dwelling unit# or a total area of at least 5,000 square feet, whichever is greater.

Such recreation space may be located at any level, including a roof, and shall:

- (a) be restricted to #residential# occupants of the #building# and their guests for whom no admission or membership fees

may be charged;

- (b) be directly accessible from a lobby or other public area served by the #residential# elevators;
- (c) be landscaped, including trees or shrubbery, except where covered or developed with recreational facilities and seating areas;
- (d) contain not less than 500 square feet of continuous area on a single level with no dimension of less than 15 feet; and
- (e) have not less than 50 percent of the area open from its lowest level to the sky. The remaining portion may be roofed and up to 50 percent of its perimeter may be enclosed. In no event may more than 25 percent of the required recreation space be fully enclosed. All enclosures shall be transparent except when located within the #building#. Covered areas shall contain recreation facilities or seating areas.

A copy of requirements (a) through (e) shall be permanently posted in a conspicuous place within each recreation space.

91-24 - Floor Area Bonus for Public Plazas

LAST AMENDED

6/6/2024

The maximum permitted #floor area# on a #zoning lot# may be increased, in accordance with the following regulations, where a #public plaza# is provided that meets the requirements of Section [37-70](#) (PUBLIC PLAZAS):

- (a) A #floor area# bonus for a #public plaza# shall only be permitted for a #development# or #enlargement# that is located:
 - (1) outside the Historic and Commercial Core;
 - (2) outside the South Street Seaport Subdistrict; or
 - (3) beyond 50 feet of a #street line# of a designated #street#, except in C6-4 Districts, on which:
 - (i) retail continuity is required, pursuant to Section [91-41](#) (Regulations for Designated Retail Streets); or
 - (ii) #street wall# continuity is required, pursuant to the regulations for Type 1 or Type 2A #street walls# pursuant to Section [91-31](#) (Street Wall Regulations).
- (b) Within a C6-4 District, paragraph (a)(3) of this Section shall not apply to the location of a #development# or #enlargement#. However, a #floor area# bonus for a #public plaza# shall be permitted, provided that such #public plaza# is located beyond 50 feet of the designated #streets# referenced in paragraph (a)(3).
- (c) For each square foot of a #public plaza#, the basic maximum #floor area# permitted by Section [91-22](#) (Floor Area Increase Regulations) may be increased, in C6-4 Districts, by six square feet, to a maximum #floor area ratio# of 12.0 and, in C5-3, C5-5 and C6-9 Districts, by 10 square feet, to a maximum #floor area# ratio of 18.0.
- (d) When a #public plaza# that meets the requirements for a #floor area# bonus is located on a #zoning lot# divided by a district boundary, the bonusable #floor area# may be credited to either portion of the #zoning lot#, notwithstanding the location of the #public plaza# or the date of the creation of the #zoning lot#. The amount of bonusable #floor area# permitted on either portion of the #zoning lot# shall not exceed the maximum amount of #floor area# permitted on such portion if it were a separate #zoning lot# subject to all other provisions of Article VII, Chapter 7.

91-25 - Special Permit Bonuses for Increased Floor Area

LAST AMENDED
2/2/2011

Within the #Special Lower Manhattan District#, the City Planning Commission may grant the following special permits for increased #floor area# in accordance with the provisions of this Section.

91-251 - Special permit for covered pedestrian space

LAST AMENDED
10/7/2021

In C5-3, C5-5, C6-4 and C6-9 Districts within the #Special Lower Manhattan District#, except within the South Street Seaport Subdistrict, the City Planning Commission may grant, by special permit, a #floor area# bonus for a #commercial#, #community facility# or #mixed building# that provides #covered pedestrian space# on a #zoning lot#, in accordance with the provisions of Section [74-87](#) (Covered Pedestrian Space).

The total additional #floor area# permitted on the #zoning lot# shall not exceed the maximum amount permitted in the underlying district by the provisions of Sections [91-21](#) (Maximum Floor Area Ratio) and [91-22](#) (Floor Area Increase Regulations).

91-30 - HEIGHT AND SETBACK AND LOT COVERAGE REGULATIONS

LAST AMENDED
4/30/2003

For all #buildings or other structures# in the #Special Lower Manhattan District#, the height and setback regulations of the underlying districts are superseded by the regulations of this Section.

The height of all #buildings or other structures# shall be measured from #curb level#.

91-31 - Street Wall Regulations

LAST AMENDED
2/2/2011

For the purposes of applying the #street wall# regulations of this Section, #developments# shall include alterations and #enlargements# that change the height, width or location of a #street wall#.

All portions of #buildings or other structures# located above the maximum base heights specified in paragraph (a) of this Section shall provide a setback in accordance with the regulations of Section [91-32](#) (Setback Regulations).

- (a) Within the Special District, the maximum base height shall be 85 feet or 1.5 times the width of the #street# upon which the #building# fronts, whichever is greater, except as provided for the following types of #street wall# regulations:
- (1) #Street wall# regulations: Type 1

For #developments# that front upon a #street# indicated as "Type 1" on Map 2 (Street Wall Continuity Types 1, 2A, 2B and 3) in Appendix A, #street walls# shall extend along the entire #street# frontage of the #zoning lot# not occupied by existing #buildings# to remain, to a minimum base height of 150 feet or the height of the #building#, whichever is less. The maximum base height shall be 250 feet.

(2) #Street wall# regulations: Type 2A

For #developments# that front upon a #street# indicated as "Type 2A" on Map 2 in Appendix A, #street walls# shall extend along such entire #street# frontage of the #zoning lot# not occupied by existing #buildings# to remain, to a minimum base height of 85 feet or the height of the #building#, whichever is less. The maximum base height shall be 150 feet.

(3) #Street wall# regulations: Type 2B

For #developments# that front upon a #street# indicated as "Type 2B" on Map 2 in Appendix A, #street walls# shall extend along at least 60 percent of such #street# frontage of the #zoning lot# not occupied by existing #buildings# to remain, to a minimum base height of 85 feet or the height of the #building#, whichever is less. The maximum base height shall be 150 feet.

(4) #Street wall# regulations: Type 3

For #developments# that front upon a #street# indicated as "Type 3" on Map 2 in Appendix A, #street walls# shall extend along the entire #street# frontage of the #zoning lot# not occupied by existing #buildings# to remain, to a minimum base height of 60 feet, five stories, or the height of the #building#, whichever is less. The maximum base height shall be 85 feet or 1.5 times the width of the #street# upon which the #building# fronts, whichever is greater.

(5) #Street wall# regulations: Type 4

For #developments# that front upon a #street# within the Historic and Commercial Core, indicated as "Type 4" on Map 3 (Street Wall Continuity Types 4 and 5) in Appendix A, the maximum base height shall be 100 feet.

(6) #Street wall# regulations: Type 5

For #developments# that front upon a #street# indicated as "Type 5" on Map 3 in Appendix A, no setbacks are required for any portion of a #building#.

(b) For #developments# that front upon a #street# indicated as "Type 1" or "Type 2A," at least 70 percent of the #aggregate width of street walls# shall be located on such #street line#. For #developments# that front upon a #street# indicated as "Type 2B," at least 60 percent of the #aggregate width of street walls# shall be located within 10 feet of such #street line#. For #developments# that front upon a #street# indicated as "Type 3," at least 70 percent of the #aggregate width of street walls# shall be located within 10 feet of such #street line#. The remaining 30 percent of the #aggregate width of street walls# may be located beyond such #street lines# in compliance with:

(1) the #outer court# regulations of Article II, Chapter 3, for #residential# portions of #buildings#;

(2) the #outer court# regulations of Article II, Chapter 4, for all other portions of #buildings#; or

(3) the requirements of Section [37-50](#) where such areas are pedestrian circulation spaces.

(c) When a #building# fronts on two intersecting #streets# for which different maximum base heights are specified, the higher maximum base height may wrap around to the #street# with the lower maximum base height for a distance along the #street line# of 100 feet. However, "Type 5" #street walls# shall not be permitted to wrap around to the intersecting #street#.

(d) Arcades and sidewalk widenings that meet the design standards of Section [37-53](#) (Design Standards for Pedestrian

Circulation Spaces) shall be permitted along any #street# indicated as "Type 1," "Type 2A" or "Type 3," pursuant to paragraphs (a), (b) or (c) of this Section, provided such arcade or sidewalk widening extends along the entire #block# frontage or abuts another arcade, existing on August 27, 1998, of equal width and height or another sidewalk widening of equal width. In such case, the #street wall# requirements for paragraph (b) of this Section shall be measured from the permitted arcade or sidewalk widening.

91-32 - Setback Regulations

LAST AMENDED
2/2/2011

In accordance with the provisions of Section [91-31](#) (Street Wall Regulations), setbacks are required for any portion of a #building or other structure# that exceeds the maximum base heights specified for the applicable #street# in Section [91-31](#).

Required setbacks shall be provided at a height not lower than any minimum base height or 60 feet where none is specified and not higher than any maximum base height specified for the applicable #street# in Section [91-31](#). The depth of the setback shall be determined by the #lot area# of the #zoning lot#, as shown in the following table:

REQUIRED DEPTH OF SETBACKS

#Lot area# of #zoning lot#	Minimum setback depth
Less than 15,000 square feet	10 feet
15,001 to 30,000 square feet	15 feet
Greater than 30,000 square feet	20 feet

For "Type 1" and "Type 2A and 2B" #street walls#, the required setbacks shall be measured from the #street line#.

For "Type 3" #street walls#, the required setbacks shall be measured from a line drawn at or parallel to the #street line# so that at least 70 percent of the #aggregate width of street walls# of the #building# at the minimum base height are within such line and the #street line#.

For all other #street walls#, the required setbacks shall be measured from a line drawn at, or parallel to, the #street line# so that at least 50 percent of the #aggregate width of street walls# of the #building# at the minimum base height are within such drawn line and the #street line#. However, setbacks are not required for #street walls# fronting upon the major portion of a bonused #public plaza#.

For #buildings# within the Historic and Commercial Core as shown on Map 1 in Appendix A, any #building# or portion of a #building# may be located within the required setback area beneath a #sky exposure plane# that rises from a height of 100 feet above the #street line# over the #zoning lot# at a vertical distance of six to a horizontal distance of one.

91-33 - Lot Coverage Regulations

LAST AMENDED
2/2/2011

Above the maximum base height specified in Section [91-31](#) (Street Wall Regulations), up to a height of 300 feet, the maximum #lot coverage# of any #zoning lot# shall be 65 percent. Above a height of 300 feet, the maximum #lot coverage# of any #zoning lot# shall be 50 percent.

However, within the Historic and Commercial Core, above the maximum base height specified in Section [91-31](#), up to a height of 300 feet, the maximum #lot coverage# of any #zoning lot# shall be 75 percent. Above a height of 300 feet, the maximum #lot coverage# of any #zoning lot# shall be 60 percent.

For #buildings# fronting on more than one #street# where different maximum base heights are specified, the maximum #lot coverage# regulations specified in this Section shall apply at horizontal planes at heights corresponding to the different maximum base heights. The #lot coverage# at the level of the lowest plane shall apply to the portion of a #zoning lot# located beyond 100 feet from any #street# with a higher maximum base height. The #lot coverage# at the level of each subsequent higher plane shall apply to the portion of the #zoning lot# located beyond 100 feet from any #street# with a higher maximum base height, and shall also include those portions of the #zoning lot# where lower base heights apply. The highest horizontal plane shall be established over the entire #zoning lot#.

91-34 - Maximum Horizontal Dimension for Tall Buildings

LAST AMENDED
2/2/2011

For any portion of a #building# above a height of 300 feet, the maximum horizontal dimension, measured in any direction, shall not exceed 175 feet

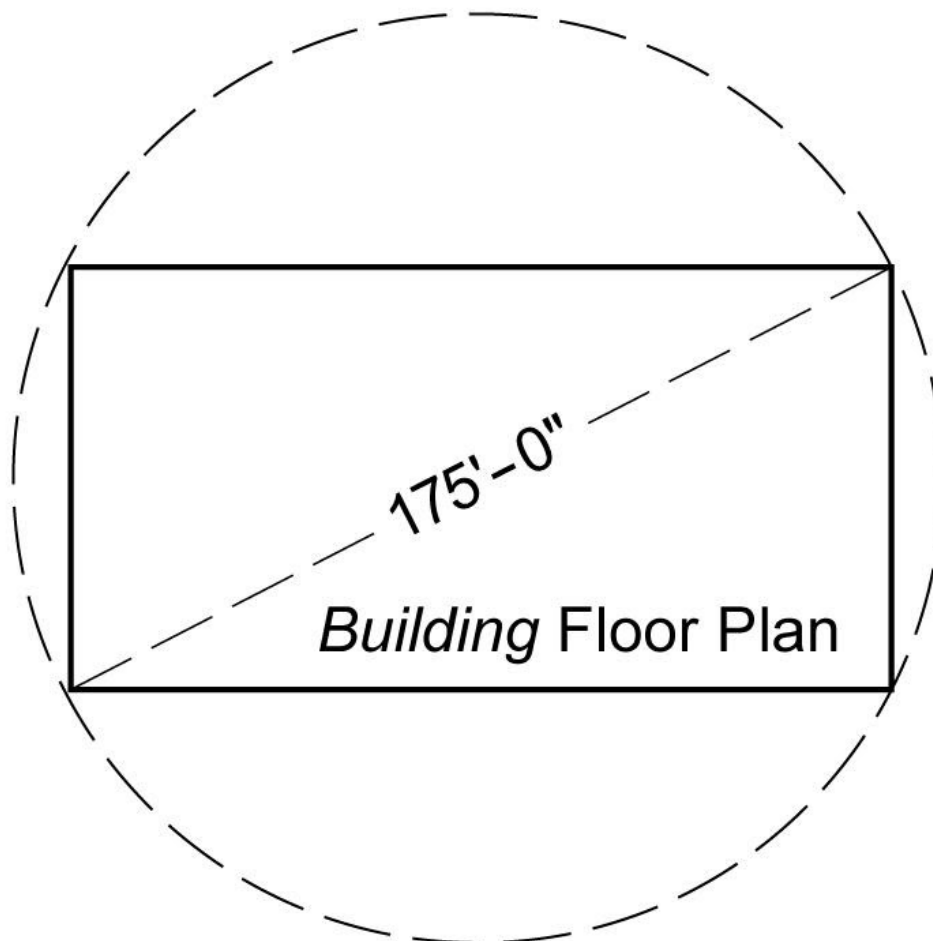

Diagram of Maximum Horizontal Dimension

91-35 - Modification of Street Wall, Setback, Lot Coverage and Maximum Horizontal Dimension Regulations

LAST AMENDED

2/2/2011

The City Planning Commission, by special permit, may modify:

- (a) the #street wall# requirements and minimum base heights of Section [91-31](#) (Street Wall Regulations);
- (b) the setback requirements of Section [91-32](#); and
- (c) where such #zoning lots# contain #buildings# existing on December 15, 1961, that exceed a height of 300 feet, the #lot coverage# regulations of Section [91-33](#) and the maximum horizontal dimension set forth in Section [91-34](#) (Maximum Horizontal Dimension for Tall Buildings), provided such modifications are limited to that portion of the #development# or #enlargement# between 300 and 325 feet in height, and provided the #lot coverage# of such portion does not exceed 55 percent.

In order to grant such special permit, the Commission shall find that:

- (1) such modifications will result in a site plan consistent with existing scale and streetscape patterns;
- (2) such modifications will ensure a harmonious relationship between the #development# or #enlargement# and the surrounding area;
- (3) such #street wall# modifications will enhance pedestrian circulation by providing pedestrian amenities that relieve sidewalk congestion;
- (4) such setback, #lot coverage# or horizontal dimension modifications will not unduly obstruct access to light and air to surrounding #streets# and properties; and
- (5) such setback, #lot coverage# or horizontal dimension modifications will result in a built form that maintains an appropriate relationship between tower and base portions of the #development# or #enlargement#.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

91-40 - MANDATORY DISTRICT PLAN ELEMENTS

LAST AMENDED

8/27/1998

91-41 - Streetscape Regulations

LAST AMENDED

6/6/2024

The underlying #ground floor level# streetscape provisions set forth in Section [32-30](#) (STREETSCAPE REGULATIONS), inclusive, shall apply, except that #ground floor level# #street frontages# along #streets#, or portions thereof, designated on Map 4 (Retail and Street Wall Continuity) in Appendix A of this Chapter shall be considered #Tier C street frontages#.

Access to each permitted establishment or #use# shall be provided directly from the #Tier C street frontage#, as shown on Map 4 in Appendix A. Where there is more than one entrance to the establishment or #use# from the #Tier C street frontage#, direct access shall be provided via the entrance with the greatest aggregate clear opening width.

Defined terms in this Section include those in Section [12-10](#) and Section 32-301.

91-42 - Pedestrian Circulation Space

LAST AMENDED

2/2/2011

Within the boundaries of the #Special Lower Manhattan District#, all #developments# or #enlargements# constructed after August 27, 1998, on #zoning lots# of at least 5,000 square feet that contain more than 70,000 square feet of new #floor area# shall provide pedestrian circulation space on such #zoning lot# in accordance with the provisions of Section [37-50](#).

Pedestrian circulation space shall not be required if any of the following conditions exist:

- (a) the #zoning lot# is entirely occupied by a #building# of no more than one #story# in height;
- (b) the #zoning lot# is an #interior lot# fronting on a #wide street# with less than 80 feet of #street frontage#;
- (c) the #zoning lot# is an #interior# or #through lot# fronting on a #street# or #streets# with Type 1, Type 2A, Type 2B, Type 3, Type 4 or Type 5 #street wall# regulations, as set forth in paragraph (a) of Section [91-31](#) (Street Wall Regulations);
- (d) the #zoning lot# is a #through lot# and both #street# frontages are less than 25 feet in length; or
- (e) the #zoning lot# is located in a C6-2A or C6-9 District within the South Street Seaport Subdistrict.

91-43 - Off-street Relocation or Renovation of a Subway Stair

LAST AMENDED

2/2/2011

Where a #development# or #enlargement# is constructed on a #zoning lot# that contains at least 5,000 square feet of #lot area# and fronts on a sidewalk containing a stairway entrance or entrances into a subway station, the existing entrance or entrances shall be relocated from the #street# onto the #zoning lot#. The new entrance or entrances shall be provided in accordance with the provisions of Section [37-40](#) (OFF-STREET RELOCATION OR RENOVATION OF A SUBWAY STAIR). A relocated or renovated subway stair may be counted as pedestrian circulation space in accordance with the provisions of Section [37-50](#).

The subway stations where such improvements are required are listed in the following table and shown on Map 7 (Subway Station Improvement Areas) in Appendix A.

STATION	LINE
Bowling Green	Lexington Avenue
Broad St	Nassau Street

Broadway-Nassau Street	8th Avenue
Fulton Street	Nassau Street/Broadway-7th Ave/ Lexington Ave
Brooklyn Bridge-City Hall	Lexington Avenue
Chambers Street	Nassau Street
Chambers Street	Broadway-7th Avenue
Chambers Street	8th Avenue
Park Place	Broadway-7th Avenue
World Trade Center	8th Avenue
City Hall	Broadway-60th Street
Cortlandt Street-WTC	Broadway-7th Avenue
Cortlandt Street	Broadway-60th Street
Rector Street	Broadway-7th Avenue
Rector Street	Broadway-60th Street
Wall Street	Broadway-7th Avenue
Wall Street	Lexington Avenue
Whitehall Street-South Ferry	Broadway-7th Avenue/ Broadway-60th Street

91-50 - OFF-STREET PARKING, LOADING AND CURB CUT REGULATIONS

5/8/2013

The off-street parking regulations of Article 1, Chapter 3 (Comprehensive Off-street Parking and Loading Regulations in the Manhattan Core) and the loading regulations of the underlying districts apply to the #Special Lower Manhattan District#, except as supplemented or modified by the provisions of this Section.

91-51 - Accessory Off-street Parking for Residential Uses in Converted Buildings

LAST AMENDED

2/2/2011

#Accessory# off-street parking spaces shall be permitted for #dwelling units# in non-#residential buildings# erected prior to January 1, 1977, or portions thereof, that are #converted# to #residential use#, provided:

- (a) no more than 200 spaces or a number of spaces equal to 20 percent of the number of #dwelling units# in the #converted# #building#, whichever is less, shall be permitted;
- (b) no curb cut shall be permitted on any #street# where the #converted# #building# has a #street# frontage of 40 feet or less;
- (c) no portion of any such parking facility shall be more than 23 feet above #curb level#;
- (d) no exhaust vents shall open onto any #street# or #public park# or publicly accessible #open space#, and no portion of the parking facility, other than entrances and exits, shall be visible from adjoining #zoning lots#, #streets# or parks; and
- (e) all such parking facilities shall be provided on the same #zoning lot# as the #residential uses# to which they are #accessory#, except as otherwise provided in Section [91-511](#) (Authorization for off-site parking facilities for converted buildings).

91-511 - Authorization for off-site parking facilities for converted buildings

LAST AMENDED

5/8/2013

The City Planning Commission may authorize #accessory# residential off-site parking spaces for non-#residential buildings# erected prior to January 1, 1977, or portions thereof, that are #converted# to #residential use#, to be provided in a fully enclosed #building# on a #zoning lot# within the #Special Lower Manhattan District# other than the #zoning lot# that contains the #residential use#, provided the Commission finds that:

- (a) such #accessory# off-site parking spaces are conveniently located in relation to the #residential use#, and in no case further than 600 feet from the #zoning lot# containing the #residential use#;
- (b) such location of the #accessory# off-site parking facility will permit better site planning for the #building# #converted# to #residential use#;
- (c) that such #accessory# off-site parking facility shall contain parking spaces #accessory# only to #residential uses#; and
- (d) such parking facility complies with findings in paragraphs (c)(1), (c)(2), (c)(3) and (c)(5) of Section [13-45](#) (Special Permits for Additional Parking Spaces).

The number of #accessory# off-site parking spaces authorized in accordance with the provisions of this Section shall be recorded on the certificates of occupancy, temporary and permanent, for both the #residential use# and the #accessory# off-site parking facility.

91-52 - Curb Cut Regulations

LAST AMENDED

5/8/2013

All curb cuts shall be prohibited on #streets# indicated on Map 5 in Appendix A, except that:

- (a) The Commissioner of Buildings may approve a curb cut where there are no alternative means of access to required off-street loading berths from other #streets# bounding the #zoning lot#.
- (b) The City Planning Commission may authorize curb cuts for loading berths, provided:
 - (1) such loading berths are adjacent to a fully enclosed maneuvering area on the #zoning lot#;
 - (2) such maneuvering area is at least equal in size to the area of the loading berth; and
 - (3) there is adequate space to permit head-in and head-out truck movements to and from the #zoning lot#.

The City Planning Commission may refer such applications to the Department of Transportation for comment.

- (c) The City Planning Commission may authorize curb cuts for #accessory# parking for #residences#, provided such curb cuts:
 - (1) will not create or contribute to serious traffic congestion or unduly inhibit vehicular and pedestrian movement; and
 - (2) will not interfere with the efficient functioning of required pedestrian circulation spaces, or public transit facilities.

The City Planning Commission may refer such applications to the Department of Transportation for comment.

No curb cuts may be approved or authorized on Battery Place, Broad Street, Broadway, Liberty Street west of Broadway, Park Row South or Wall Street.

In addition, for #zoning lots# with frontage on #streets# where curb cuts are prohibited, the Commissioner of Buildings may waive required off-street loading berths pursuant to the provisions set forth in Section [13-35](#) (Modification of Loading Berth Requirements).

Where a curb cut is approved or authorized pursuant to this Section, the maximum width of a curb cut, including splays, shall be 15 feet for a #street# with one-way traffic and 25 feet for a #street# with two-way traffic.

91-60 - REGULATIONS FOR THE SOUTH STREET SEAPORT SUBDISTRICT

LAST AMENDED

8/27/1998

91-61 - General Provisions

LAST AMENDED

8/27/1998

The regulations of Section [91-60](#), et seq., relating to special regulations for the South Street Seaport Subdistrict are applicable

only in the South Street Seaport Subdistrict. The boundaries of the South Street Seaport Subdistrict are shown on Map 1 (Special Lower Manhattan District) and Map 6 (South Street Seaport Subdistrict) in Appendix A. The regulations of Section [91-60](#), et seq., supplement or modify the regulations of this Chapter applying in general to the South Street Seaport Subdistrict area of the #Special Lower Manhattan District#.

In order to preserve and protect the character of the South Street Seaport Subdistrict and to implement the provisions of the Brooklyn Bridge Southeast Urban Renewal Plan, as amended, special controls and incentives are provided.

The provisions of Article VI, Chapter 2 (Special Regulations in the Waterfront Area), shall apply to #waterfront zoning lots# within the South Street Seaport Subdistrict. The provisions of paragraph (c) of Section [74-792](#) (Conditions and limitations) concerning the transfer of development rights from landmark sites in C5-3, C5-5, C6-6, C6-7 or C6-9 Districts shall not apply in the South Street Seaport Subdistrict.

91-62 - Definitions

LAST AMENDED
2/2/2011

For purposes of this Section, matter in italics is defined in Section [12-10](#) (DEFINITIONS) or within this Section.

Development rights

Within the South Street Seaport Subdistrict, the basic maximum permitted #floor area# for a #granting lot# shall be that which is allowed by the applicable district regulations as if such granting lot were undeveloped, and shall not include any additional #floor area# bonuses for #public plazas#, #arcades# or any other form of #floor area# increase, whether as-of-right or by special permit. #Streets# located within the Subdistrict that have been closed or discontinued in whole, part or whose air space has been closed or discontinued pursuant to Section E15-3.0 of the Administrative Code, or its successor, shall have attributed to such closed area or closed air space the basic maximum permitted #floor area# allowed within the underlying zoning district within which such #streets# are situated. The #lot area# of a closed or discontinued volume of air space shall be measured by the area of the bed of the #street# lying below and within such closed or discontinued volume.

Granting lot

Within the South Street Seaport Subdistrict, a "granting lot" is a #zoning lot# or a closed or discontinued portion of a #street# or air space over a #street# which is identified as a #granting lot#, as identified on Map 6 (South Street Seaport Subdistrict) in Appendix A, upon which development is regulated by contract, lease, covenant, declaration or otherwise to assure compliance with the purposes of this Subdistrict and from which #development rights# may be transferred. Such #zoning lots# and closed portions of #streets# or air space over #streets# are identified on the map of the transfer areas (Map 6) as Parcels 6, 7 and 9 and the adjacent hatched #street# areas.

Person

Within the South Street Seaport Subdistrict, a "person" is an individual, corporation (whether incorporated for business, public benefit or not-for-profit purposes or otherwise), partnership, trust firm, organization, other association or any combination thereof.

Receiving lot

Within the South Street Seaport Subdistrict, a "receiving lot" is a #zoning lot# identified on the map of transfer areas (Map 6 in Appendix A) to which #development rights# may be added. Such "receiving lots" are identified on the map as Parcels 1, 2, 8, 15, 16, 20, 21 and 22.

Street

- (a) A #street#, as defined in Section [12-10](#); or
- (b) a way, designed or intended for general public circulation and #use#, that:
 - (1) performs the pedestrian circulation functions usually associated with a way shown on the City Map;
 - (2) remains open and unobstructed from the at-grade circulation level to the sky, except for public facilities customarily located on a #street# shown on the City Map, or those facilities permitted to be located on a #street# shown on the City Map, including without limitation, transitory fixtures or objects unattached to the real property encompassed by such way; and
 - (3) is a designated pedestrian way, pursuant to Section [91-68](#).

A #street#, as defined in paragraph (b) of this Section, shall satisfy and apply to all references to #streets# provided elsewhere in the Zoning Resolution.

91-63 - Transfer Areas Map

LAST AMENDED
8/27/1998

The South Street Seaport Subdistrict transfer areas map, shown hereto as Map 6 in Appendix A, sets forth each #granting lot# and #receiving lot# within the Subdistrict.

91-64 - Transfer of Development Rights From Granting Lots

LAST AMENDED
2/2/2011

Within the South Street Seaport Subdistrict, #development rights# from each of the #granting lots# may be conveyed or otherwise disposed of:

- (a) directly to a #receiving lot#; or
- (b) to a #person# for subsequent disposition to a #receiving lot#, all in accordance with the provisions of this Subdistrict, except that with respect to #zoning lots# located on Parcels 6, 7 and 9, as identified on Map 6 (South Street Seaport Subdistrict) in Appendix A, only those #development rights# in excess of the larger of the following conditions may be so conveyed or otherwise disposed of:
 - (1) an amount equal to the product of the #lot area# of each of such #zoning lots# multiplied by 5.0; or
 - (2) the total #floor area# of all existing #buildings# on any such #zoning lots#.

The City Planning Commission shall certify such initial transfer from the #granting lots#. Any #person# may convey its interest in all or a portion of such #development rights# to another #person# but such #development rights# may only be used on a #receiving lot#.

91-65 - Addition of Development Rights to Receiving Lots

LAST AMENDED

2/2/2011

Within the South Street Seaport Subdistrict, all or any portion of the #development rights# transferred from a #granting lot# may be added to the #floor area# of all or any one of the #receiving lots# in an amount not to exceed the ratio of 10 square feet of #development rights# to each square foot of #lot area# of such #receiving lot#, except that with respect to a #receiving lot# having a #lot area# of less than 30,000 square feet, the total #floor area ratio# shall not exceed 21.6. However, if a #receiving lot# is located in a C4-6 District, the total #floor area ratio# shall not exceed 3.4 and if a #receiving lot# is located in a C6-2A District, the total #floor area ratio# shall not exceed 8.02. #Development rights# transferred to a #receiving lot# may be applied to a #mixed building# to increase the #floor area# of the #residential#, #commercial# and/or #community facility# portions of such #building# so that the maximum #floor area# for such #building# may be increased by the aggregate of #development rights# so transferred. In no event shall the #residential# #floor area ratio# exceed 12.0.

The City Planning Commission shall certify that any #zoning lot# that utilizes such transferred #development rights# conforms to this Section and, for those #receiving lots# within the Urban Renewal Area, to the regulations and controls of the Urban Renewal Plan.

91-66 - Modification of Use and Bulk Regulations

LAST AMENDED

3/20/2013

91-661 - Bulk modifications in C6-2A Districts

LAST AMENDED

2/2/2011

Within the South Street Seaport Subdistrict, for any #zoning lot# located in a C6-2A District, the underlying height and setback regulations shall apply, except the maximum #building# height shall be 120 feet. No minimum base height shall apply, and the depth of a required setback along a #narrow street# shall be at least 10 feet. No #lot coverage# regulations shall apply to #corner lots#. Furthermore, the provisions of Article II, Chapter 8 (The Quality Housing Program), shall not apply.

91-662 - Authorization for modification of bulk provisions and public space in C6-9 Districts

LAST AMENDED 2/2/2011

In the South Street Seaport Subdistrict, the City Planning Commission may authorize:

- (a) the alteration of any public amenity, open or enclosed, for which a #floor area# bonus has been granted, provided that the Commission finds that such modifications improve the intended public purpose of the amenity; or
- (b) the elimination or reduction of an existing public amenity, open or enclosed, for which a #floor area# bonus has been granted, provided that a new or improved public amenity, open or enclosed, is supplied elsewhere on, or within

proximity to, the #zoning lot#, and the Commission finds that:

- (1) the public amenity to be eliminated no longer serves its original purpose; and
 - (2) the proposed new or improved public amenity will provide a greater public benefit than the amenity to be eliminated or reduced and will better serve the purposes of the #Special Lower Manhattan District#; and
- (c) the modification of the applicable height, setback, lot coverage and distance between #buildings# requirements for any #development# or #enlargement# on a designated #receiving lot# that will incorporate transferred #development rights#, provided the Commission finds that the modifications:
- (1) provide an appropriate distribution of #bulk# on the #zoning lot#;
 - (2) permit adequate light and air to the #development# or #enlargement# and adjoining properties as well as the surrounding #streets#; and
 - (3) will not impair the use and desirability of any public amenity that may be created or improved under the provisions of paragraph (b) of this Section.

If a #receiving lot# contains an existing #building#, such authorization shall incorporate any previous height and setback or other bulk modifications, granted prior to December 11, 2001, by the Board of Standards and Appeals, for such existing #building#.

The Commission may prescribe appropriate conditions and safeguards in connection with the grant of such authorization.

91-663 - Special permit for bulk modifications

LAST AMENDED
2/2/2011

Within the South Street Seaport Subdistrict, the City Planning Commission may modify, by special permit, the height and setback and #lot coverage# regulations of Section [91-30](#), provided that:

- (a) either of the following conditions have been met:
 - (1) that the developer has obtained negative easements limiting the height of future #development# or #enlargement# to 85 feet or less on any adjoining #zoning lots# which are contiguous or would be contiguous to said #zoning lot# but for their separation by a #street# or #street# intersection, and such easements are recorded against such adjoining #zoning lots# by deed or written instrument. The Commission shall consider the aggregated areas of said #zoning lot# and the adjoining lots subject to such negative easements and the extent to which they achieve future assurance of light and air in determining the maximum permitted coverage. In no event shall such coverage exceed 80 percent of the #zoning lot# on which the #development# or #enlargement# will be located; or
 - (2) that the #lot coverage# for that portion of a #development# or #enlargement# below 300 feet may be increased to a maximum of 80 percent when additional #development rights# have been purchased and converted to increased #lot coverage#. The maximum percentage of #lot coverage# on such #receiving lot# shall be the sum of 65 percent plus one-half of one percent for every .10 by which the total #floor area ratio# on such #receiving lot# would exceed a #floor area ratio# of 21.6, provided that the #development# or #enlargement# on such #receiving lot# has achieved a minimum #floor area ratio# of 18.0;
- (b) In order to grant such special permit, the Commission shall make the following findings:

- (1) the location of the #development# or #enlargement# and the distribution of #bulk# will permit adequate light and air to surrounding #streets# and properties;
- (2) any modification of height and setback will provide for better distribution of #bulk# on the #zoning lot#; and
- (3) such special permit will aid in achieving the general purposes and intent of the Subdistrict.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

91-664 - Modification of hours of operation for waterfront public access areas

LAST AMENDED
3/20/2013

For any #zoning lot# which was the subject of application N130058 ZCM, the hours of operation set forth in paragraph (a) of Section [62-71](#) (Operational Requirements) may be extended to allow public access up to 24 hours per day, and the provisions of paragraph (a)(3) of Section [62-654](#) (Signage) shall be modified to require any such extended hours of public access, as may change over time, to be included on the required signage. The provisions of paragraph (a)(4) of Section [62-654](#) shall not apply where 24 hour access is allowed. The provisions of paragraph (b) of Section [62-71](#) requiring rules of conduct for the #waterfront public access area# to be established with the Department of Parks and Recreation, and other provisions of this Chapter requiring a maintenance and operation agreement pursuant to Section [62-74](#) (Requirements for Recordation), shall not apply so long as a legal instrument acceptable to the Chairperson, in all other respects consistent with the provisions of Section [62-74](#), has been executed and recorded, setting forth rules of conduct and maintenance and operations requirements.

91-67 - Recordation

LAST AMENDED
8/27/1998

Within the South Street Seaport Subdistrict, at the time of transfer of #development rights# from a #granting lot#, there shall be recorded in the Office of the Register of the City of New York, and indexed against such #granting lot# from which #floor area# is removed, an instrument removing such #floor area# and prohibiting construction on such #zoning lot# of any #building or other structure# which would contain #floor area# in excess of that still available to the #zoning lot# after deducting the #floor area# removed, such prohibition to be non-cancelable for 99 years; and at the time of the addition of #development rights# to a #receiving lot# as provided in Section [91-65](#), there shall be recorded in the Office of the Register of the City of New York, and indexed against such #receiving lot# to which #floor area# is added, an instrument transferring the #floor area# to the #receiving lot# benefited and identifying the #granting lot# (by tax block and lot number and description) from which the #floor area# has been removed. A certified copy of such instruments shall be submitted to the City Planning Commission upon recordation.

91-68 - Designated Pedestrian Ways

LAST AMENDED
8/27/1998

Within the South Street Seaport Subdistrict, the volume situated above the subsurface #streets# shown on the City Map, and listed in this Section are designated pedestrian ways and are governed by paragraph (b) of the definition of #street# as set forth in Section [91-62](#) (Definitions):

- (a) Fulton Street, between Water and South Streets

- (b) Water Street, between Fulton and Beekman Streets
- (c) Front Street, between Fulton and Beekman Streets, and between John and Fulton Streets
- (d) South Street (the 18-foot-wide strip located on the northwesterly side), between Beekman and John Streets.

In addition, the designated pedestrian ways referenced in paragraphs (a), (b) and (c) of this Section may be considered a single #zoning lot# for purposes of the definition of #large-scale general development# in Section [12-10](#) (Definitions).

91-69 - Special Permit for Development of Piers 9, 11, 13 and 14

LAST AMENDED
2/2/2011

Within the area bounded by South Street, the southerly edge of Pier 9, the U. S. Pierhead Line and the northerly edge of Pier 14, which, for the requirements of this Section, shall be deemed to be a single #zoning lot#, the City Planning Commission may, by special permit, permit modification of the bulk regulations, other than #floor area ratio# applicable to the #zoning lot#, and may modify or waive the requirements of Section [62-50](#) (GENERAL REQUIREMENTS FOR VISUAL CORRIDORS AND WATERFRONT PUBLIC ACCESS AREAS), in accordance with the provisions of this Section.

The special permit shall be subject to the condition that the property owner, principal lessee or licensee of property owner has entered into an agreement with the Department of Parks and Recreation to operate and maintain the publicly accessible areas in accordance with Section [62-70](#) (MAINTENANCE AND OPERATION REQUIREMENTS FOR WATERFRONT PUBLIC ACCESS AREAS). For purposes of this Section, such publicly accessible areas shall be deemed "waterfront public access areas."

In granting any such modifications, the Commission shall find that:

- (a) any modification of height and setback regulations results in an appropriate distribution of permitted bulk on the piers;
- (b) no #buildings or other structures# shall unduly obstruct the visual corridor bounded by the prolongation of the northern and southern #street lines# of Wall Street seaward to the U. S. Pierhead Line;
- (c) any modification will not unduly impede surface traffic and will minimize possible vehicular/pedestrian conflicts in the surrounding area;
- (d) that the seaward end of all such piers is unobstructed to the greatest extent feasible so as to maximize views northward and southward;
- (e) the development plan for such area includes an appropriate amount of publicly-accessible open space which shall incorporate appropriate design features that serve the needs of the local area, including but not limited to landscaping, lighting and seating; and
- (f) the development plan is integrated with existing and proposed nearby development.

The Commission may prescribe additional appropriate conditions and safeguards to minimize adverse effects on the character of the waterfront and surrounding area.

91-70 - SPECIAL REGULATIONS FOR CERTAIN AREAS

LAST AMENDED
2/2/2011

#Developments# or #enlargements# in the former Special Greenwich Street Development District built prior to August 27.

1998, will continue to be governed by the regulations in effect at the time of issuance of the building permit and can only be modified or altered by Sections [91-71](#) through [91-73](#), inclusive.

91-71 - Authorization for the Modification of Required Public Amenities

LAST AMENDED

2/2/2011

The City Planning Commission may authorize modifications of certain provisions of the former Special Greenwich Street Development District, eliminated on August 27, 1998, that mandated public amenities, as follows:

- (a) For any mandatory or elective public amenities or improvements built pursuant to the regulations of the former Special District that resulted in an increase in the basic maximum #floor area ratio# or an increase in the adjusted basic maximum #floor area ratio#, the Commission may authorize:
 - (1) the alteration of the amenity or improvement, provided that the Commission finds that such modifications improve the intended public purpose of the amenity;
 - (2) the elimination of the amenity or improvement, provided that the Commission finds that the intended public purpose is no longer useful or desirable and a new public amenity or improvement is supplied, as permitted pursuant to this Chapter, that generates the same or higher amount of bonusable #floor area#; or
 - (3) in the case of an amenity or improvement built in excess of the requirements necessary to generate the bonus #floor area# at the time of #development# or #enlargement#, the elimination of such portion of the amenity not tied to the bonus #floor area#, provided that the Commission finds that such portion is no longer useful or desirable.
- (b) For any mandatory or elective public amenities or improvements built pursuant to the regulations of the former Special District that did not result in an increase in the basic maximum #floor area ratio#, the Commission may authorize the elimination or alteration of the amenity or improvement if it finds that the intended public purpose is no longer useful or desirable.
- (c) No mandatory or elective public amenity or improvement built pursuant to the regulations of the former Special District shall be eliminated or reduced in size, without a corresponding reduction in the #floor area# of the #building# or the substitution of equivalent complying area for such amenity elsewhere on the #zoning lot#, in accordance with the provisions of paragraph (a)(2) of this Section, except by special permit of the Commission, subject to a finding that the proposed change will provide a greater public benefit in light of the public amenity's purpose and the purposes of the #Special Lower Manhattan District#.

However, the open pedestrian bridge spanning Greenwich Street between Liberty and Cedar Streets may be eliminated, without recourse to the Commission, where the pedestrian access provided between the required elevated public pedestrian circulation systems is no longer useful or desired.

The Commission may prescribe appropriate conditions and safeguards in connection with the grant of such authorization.

91-72 - Special Permit for Development Over or Adjacent to the Approaches to the Brooklyn Battery Tunnel

LAST AMENDED

2/2/2011

The City Planning Commission, by special permit, may allow:

- (a) the unmapped air space above the approaches to the Brooklyn Battery Tunnel to be considered a single #zoning lot# and may allow the #development# or #enlargement# of a #building# on such unmapped air space, where the #zoning lot# for such #development# or #enlargement# shall include only that portion of the area above the approaches to the Brooklyn Battery Tunnel and contiguous areas of land or property that are covered by a permanent platform and not designated as approaches to the Brooklyn Battery Tunnel.
- (b) the unmapped air space above the approaches to the Brooklyn Battery Tunnel, the unmapped air space above Joseph P. Ward Street and the at-grade parcels bounding the northern #street line# of Joseph P. Ward Street to be deemed a single #zoning lot#, and in connection therewith:
 - (1) such #zoning lot# shall generate #floor area# only from such at-grade parcels and only those portions of the unmapped air space above the approaches to the Brooklyn Battery Tunnel covered by a permanent platform or #building# existing on November 15, 2007;
 - (2) no #floor area# shall be generated from the unmapped air space above Joseph P. Ward Street; and
 - (3) unused #floor area# generated from those portions of the unmapped air space above the approaches to the Brooklyn Battery Tunnel covered by a permanent platform or #building# existing on November 15, 2007, shall only be located on the at-grade parcels bounding the northern #street line# of Joseph P. Ward Street and shall only be used for #residential# #floor area#.

Notwithstanding any of the foregoing, the use and occupancy of the unmapped air space above the approaches to the Brooklyn Battery Tunnel and of the at-grade parcel bounding the northern #street line# of Joseph P. Ward Street and shown on the City Map, as amended October 3, 1946, as an approach to the Brooklyn Battery Tunnel by the New York State Triborough Bridge and Tunnel Authority, may be continued and in effect as set forth in Resolutions of the former New York City Board of Estimate and as otherwise permitted by law.

The at-grade parcels of the #zoning lot# bounding the northern #street line# of Joseph P. Ward Street shall be considered a #through lot# bounded by Washington Street and West Street from its lowest level to the sky, and only such at-grade parcels shall be used to determine compliance with applicable #bulk# regulations other than #floor area# and #lot area# regulations.

For purposes of this paragraph, (b), the at-grade parcels bounding the northern #street line# of Joseph P. Ward Street shall mean:

the at-grade parcel bounding the northern #street line# of Joseph P. Ward Street and shown on the City Map, as amended October 3, 1946, as an approach to the Brooklyn Battery Tunnel; and

the at-grade parcel bounding the northern line of said parcel.

In order to grant such special permit, the Commission shall find that adequate access and #street# frontage to one or more #streets# is provided; and the streetscape, site design and location of #building# entrances of the proposed #development# or #enlargement# will contribute to the overall improvement of pedestrian circulation within the surrounding area.

The Commission may prescribe appropriate conditions and safeguards to protect and minimize any adverse effects on the character of the surrounding area.

91-73 - Special Provisions for Battery Park Underpass/South Street

A #zoning lot# containing a #development#, or portion thereof, on a #waterfront zoning lot#, may be located within the volume above the upper limiting plane of the Battery Park Underpass/South Street, when such volume is eliminated, discontinued and closed. That portion of the #zoning lot# that lies above the Battery Park Underpass/South Street shall not be considered #lot area# for the purpose of computing maximum #floor area#; however, such portion shall be considered #lot area# for all other purposes of this Resolution.

91-80 - PUBLIC ACCESS AREAS

LAST AMENDED

6/21/2016

The following regulations shall apply to #arcades# and #publicly accessible open areas# existing on June 21, 2016, located within the Water Street Subdistrict as shown on Map 8 in Appendix A of this Chapter except for the #plaza# that was the subject of special permit application CP-20518, approved by the City Planning Commission on November 27, 1968.

For the purposes of this Section, inclusive, “arcade” shall refer to an #arcade# or #through block arcade# provided in accordance with the provisions of Sections [12-10](#) (DEFINITIONS) and [37-80](#) (ARCADES), or any other #arcade# that generated a #floor area# bonus as evidenced by plans approved by the Department of Buildings.

A horizontal #enlargement# permitted by Sections [91-83](#) (Retail Uses Within Existing Arcades), inclusive, or [91-841](#) (Authorization for retail uses within existing arcades) shall not be included as #floor area#, and such additional area shall not result in a reduction of the permitted #floor area#.

No #arcade# may be eliminated or reduced in size pursuant to paragraphs (a) or (d) of Section [33-124](#) (Existing public amenities for which floor area bonuses have been received). In lieu thereof the following provisions shall apply: Sections [91-83](#), [91-841](#) and, as applicable, Section [91-85](#) (Special Permit for Enlargements of 7,500 Square Feet or Greater).

For any #zoning lot# that was the subject of application C810325ZSM, C810506ZSM or C841070ZSM, a certification pursuant to Section [91-83](#) or an authorization pursuant to Section [91-841](#) shall not result in a departure from the findings and conditions specified in the applicable special permit, and such certification or authorization shall not require modification of the applicable special permit unless such a modification is required pursuant to a related restrictive declaration. For the #zoning lot# that was the subject of application C810325ZSM, the existing #through block arcade# shall not be eliminated, but may be modified in size and configuration provided that the standards for #through block arcades# set forth in Section [12-10](#) are met.

Public events may take place within a #publicly accessible open area# or #arcade# pursuant to the provisions of Section [91-81](#) (Events Within Public Access Areas). Publicly accessible tables, chairs, shade umbrellas and heating lamps may be located within a #publicly accessible open area# or #arcade# pursuant to the provisions of Section [91-82](#) (Amenities Within Public Access Areas). An outdoor cafe may be located within an #arcade# pursuant to Section [91-821](#) (Certification for outdoor cafes within arcades).

A horizontal #enlargement# of the ground floor and second floor levels may be permitted within #arcades#, or portions thereof, located within Area A in Map 9 of Appendix A of this Chapter pursuant to the provisions of Section [91-83](#), and within Area B pursuant to the provisions of Section [91-841](#). In addition, a horizontal #enlargement# of 7,500 square feet or greater shall also require a special permit pursuant to Section [91-85](#). For the purposes of calculating the total area of the horizontal #enlargement# that is subject to the special permit, the aggregate area of the horizontal #enlargement# permitted by prior certifications pursuant to Sections [91-83](#) and [91-837](#) (Subsequent design changes) and prior authorizations pursuant to Section [91-841](#) shall be included in such calculation, except the area of an indoor public space shall be excluded from such calculation. In no event shall an #enlargement# be permitted within #arcades#, or portions thereof, located within Area C on Map 9 in Appendix A of this Chapter.

91-81 - Events Within Public Access Areas

LAST AMENDED

6/21/2016

The provisions of Article III, Chapter 7 restricting the temporary placement or storage of event-related amenities or equipment within a #publicly accessible open area# or #arcade# shall be modified by the provisions of this Section. The temporary placement or storage of event-related equipment or amenities in accordance with the provisions of this Section shall not constitute a design change pursuant to the provisions of Sections [37-625](#) or 91-837.

Events including, but not limited to, farmers' markets, holiday markets, concerts and performances, art and cultural exhibitions and festivals are permitted within all #publicly accessible open areas# and #arcades#. The utilization of a #publicly accessible open area# or #arcade# for the promotion of products or services shall not itself qualify as an event permitted under this Section.

Events shall be open to the public, provide free and unticketed admission and only be permitted to use amplified sound between the hours of 9:00 a.m. and 10:00 p.m. All #publicly accessible open areas# and #arcades# shall continue to be publicly accessible at all times. Event-related amenities and equipment shall be considered temporary permitted obstructions provided that sufficient circulation space connecting all #streets# and #building# entrances exists. All #publicly accessible open areas# and #arcades# shall be restored to their approved condition within 24 hours of the conclusion of an event.

The storage of equipment or materials outside of an event's scheduled hours, excluding time required for set up and clean up, shall not be permitted within a #publicly accessible open area# or #arcade#. However, for events taking place over multiple days or weeks, large temporary equipment that requires assembly and will be actively used during the event, such as stages, kiosks and sound and video entertainment systems, may remain in the #publicly accessible open area# or #arcade# outside of the event's scheduled hours.

At least 30 days prior to the scheduled date of an event, notification shall be given to the local Community Board, local Council Member and Borough President of the nature, size and duration of the event.

91-82 - Amenities Within Public Access Areas

LAST AMENDED

6/21/2016

The provisions of Article III, Chapter 7 restricting the placement of tables, chairs, shade umbrellas and heating lamps within a #publicly accessible open area# or #arcade# shall be modified by the provisions of this Section. The placement of tables, chairs, shade umbrellas or heating lamps in accordance with the provisions of this Section, inclusive, shall not constitute a design change pursuant to the provisions of Sections [37-625](#) or 91-837.

Publicly accessible tables and chairs, as well as shade umbrellas and heating lamps, shall be permitted obstructions within a #publicly accessible open area# or #arcade#, provided that such obstructions comply with the provisions of Section [91-822](#) (Requirements for furnishings), as applicable. Tables, chairs, shade umbrellas and heating lamps provided pursuant to this Section may be used by the public without restriction. Outdoor cafes may be placed within an #arcade# by certification pursuant to Section [91-821](#) (Certification for outdoor cafes within arcades).

91-821 - Certification for outdoor cafes within arcades

LAST AMENDED

6/21/2016

An outdoor cafe may be permitted within an #arcade# upon certification by the Chairperson of the City Planning Commission

to the Commissioner of Buildings that, in addition to the provisions of this Section, the provisions of Section [91-822](#) (Requirements for furnishings) are met. An outdoor cafe that is permitted by this Section shall be a permanently unenclosed restaurant or eating or drinking place, which may have waiter or table service.

No portion of an outdoor cafe that is permitted by this Section may extend into a #publicly accessible open area# except where an open air cafe has been permitted by a certification pursuant to Section [37-73](#) (Kiosks and Open Air Cafes).

In order to certify that the proposed modification to an existing #arcade# is consistent with the provisions of this Section, the applicant shall submit to the Chairperson a site plan and other detailed plans demonstrating that the proposed obstructions within the existing #arcade# and, where applicable, pursuant to paragraph (a)(2) of Section [91-822](#), the adjacent #publicly accessible open area#, will comply with the provisions of this Section. The placement of publicly accessible tables and chairs within a #publicly accessible open area# pursuant to paragraph (a)(2) of Section [91-822](#) shall not constitute a design change pursuant to the provisions of Section [37-625](#).

All plans for #arcades# or other #publicly accessible open areas# that are the subject of a certification pursuant to this Section shall be filed and duly recorded in the Office of the City Register of the City of New York, indexed against the property in the form of a legal instrument, in a form satisfactory to the Chairperson, providing notice of the certification of the #arcade#, pursuant to this Section. The filing and recording of such instrument shall be a precondition to certification. The filing and recording information shall be included on any temporary or final certificate of occupancy for any #building#, or portion thereof, on the #zoning lot# issued after the recording date.

91-822 - Requirements for furnishings

LAST AMENDED
6/21/2016

The following provisions shall apply to all furnishings, including tables, chairs, shade umbrellas and heating lamps, permitted by Section [91-82](#) (Amenities Within Public Access Areas) and Section [91-821](#) (Certification for outdoor cafes within arcades).

(a) Size, location and other requirements

(1) Requirements for all furnishings

All furnishings shall be moveable. Permanent fixtures may be installed in the ground of a #publicly accessible open area# or #arcade# for the purposes of supporting shade umbrellas or heating lamps provided that such fixtures are flush-to-grade.

No furnishings shall be permitted within five feet of any #building# entrance, nor shall they be permitted within any required circulation paths.

(2) Additional requirements for outdoor cafes located within #arcades#

Where an outdoor cafe is provided pursuant to Section [91-821](#), a minimum of four tables and 16 chairs shall be provided and made available to the public without restriction, which may be located within an #arcade# or within a #publicly accessible open area# and shall be outside of the permitted cafe boundary.

Outdoor cafes shall be located at the same elevation as the adjoining sidewalk area or #publicly accessible open area#, except that they may be located no more than six inches below or on a platform no more than six inches above such adjoining sidewalk area or #publicly accessible open area#. The border of the outdoor cafe shall be permanently marked in accordance with the applicable standards for open air cafes set forth in paragraph (b) of

Section [37-73](#).

Fences, planters, walls, fabric dividers or other barriers that separate outdoor cafe areas from other portions of the #arcade#, adjacent sidewalks or #publicly accessible open areas# shall be prohibited. No kitchen equipment shall be installed within an outdoor cafe.

Litter receptacles shall be provided in accordance with the standards for #public plazas# set forth in Section 37-744.

(3) Circulation requirements for outdoor cafes located within #arcades#

For #arcades# with a depth of 10 feet or less, as measured from the column face furthest from the #street line# or #publicly accessible open area# to the #building# wall fronting on such #street line# or #publicly accessible open area#, an unobstructed path not less than three feet wide shall be provided. For #arcades# with a depth greater than 10 feet, as measured from the column face furthest from the #street line# or #publicly accessible open area#, such unobstructed pedestrian way shall be increased to at least six feet. For #through block arcades#, an unobstructed pedestrian way, except for approved doorways, of at least eight feet shall be provided connecting each #street# on which the #through block arcade# fronts.

(b) Operation

(1) Requirements for all tables and chairs

Except as otherwise provided in paragraph (b)(2) of this Section, tables, chairs, shade umbrellas and heating lamps may be stored or secured within an #arcade# between the hours of 9:00 p.m. and 7:00 a.m., but may not be stored or secured within a #publicly accessible open area#.

(2) Additional requirements for outdoor cafes located within #arcades#

Publicly accessible tables and chairs that are required by paragraph (a)(2) of this Section may not be removed or secured while the cafe is in active use.

All furnishings within the boundary of an outdoor cafe, including tables, chairs, shade umbrellas, bussing stations and heating lamps, shall be completely removed from the #arcade# when the outdoor cafe is not in active use, except that tables and chairs may remain in such #arcade# if they are unsecured and may be used by the public without restriction.

91-83 - Retail Uses Within Existing Arcades

LAST AMENDED
6/21/2016

A horizontal #enlargement# of the ground floor and second floor levels within an #arcade# located within Area A on Map 9 in Appendix A of this Chapter may be permitted upon certification by the Chairperson of the City Planning Commission to the Commissioner of Buildings that such #enlargement# complies with the provisions of this Section, and the following conditions are met:

(a) the horizontal #enlargement# meets the requirements of Section [91-831](#) (Ground floor requirements);

- (b) a compensating amenity is provided pursuant to the provisions of Section [91-832](#) for plaza improvements, Section [91-834](#) for indoor public spaces, or Section [91-835](#) for alternative improvements; and
- (c) the additional requirements of Section [91-836](#), as applicable.

For #zoning lots# with one or more #publicly accessible open area#, unless an alternative improvement has been identified in Section [91-835](#), an improvement to all #publicly accessible open areas# pursuant to the provisions of Section [91-832](#) shall be required as the compensating amenity required by condition (b) of this Section, and a certification for design changes pursuant to Section [37-625](#) shall not be required. Where a #publicly accessible open area# was improved and is fully compliant with a prior certification pursuant to Section [37-625](#) that was granted before January 19, 2016, the further improvement of such #publicly accessible open area# shall not be required.

The provision of a compensating amenity as part of a prior certification pursuant to this Section or a prior authorization pursuant to Section [91-841](#) (Authorization for retail uses within existing arcades) may satisfy the requirements of condition (b) of this Section for a compensating amenity.

As part of the certification, a horizontal #enlargement# of the ground floor level may be permitted within the area between a #street wall# and an #arcade# that did not generate a #floor area# bonus prior to June 21, 2016. The provisions of Section [91-831](#) (Ground floor requirements) shall not apply to such portion of the horizontal #enlargement#.

As part of the certification, a horizontal #enlargement# of the ground floor level may be permitted along existing #building# walls that do not face an #arcade#, and such #enlargement# shall not occupy any #publicly accessible open area#. The locational requirements of paragraph (a)(1) of Section [91-831](#) and the frontage prohibitions of paragraph (b)(1)(ii) of Section [91-831](#) shall apply to such #enlargement#. Where an #enlargement# is located adjacent to a #publicly accessible open area#, the #use# and transparency requirements of Section [91-831](#) for new #building# walls facing a #publicly accessible open area# shall apply.

For a horizontal #enlargement# of 7,500 square feet or greater, a special permit pursuant to Section [91-85](#) shall also be required. For the purposes of calculating the total area of the horizontal #enlargement# that is subject to the special permit, the aggregate area of the horizontal #enlargement# permitted by prior certifications pursuant to this Section and Section [91-837](#) (Subsequent design changes) and prior authorizations pursuant to Section [91-841](#) shall be included in such calculation, except the area of an indoor public space shall be excluded from such calculation.

Where any portion of the #arcade# remains open and accessible, such remaining #arcade# area shall maintain a minimum level of illumination of not less than five horizontal foot candles between sunset and sunrise. Any non-transparent portion of a #building# wall between columns that fronts on such #arcade# area shall be treated with artwork, planting or decorative material. Additional requirements for transparency in paragraph (c)(3) of Section [91-831](#) may apply.

91-831 - Ground floor requirements

LAST AMENDED
6/6/2024

The provisions of this Section shall apply to the #street wall# of the ground floor and second floor level #enlargement#. For the purposes of this Section, a #publicly accessible open area# or #through block arcade# shall be considered a #street#, and a #building# wall that faces a #publicly accessible open area# or #through block arcade# shall also be considered a #street wall#. The provisions of this Section for new #building# walls fronting on a #publicly accessible open area# shall also apply to new #building# walls fronting on a #through block arcade#, except as otherwise specified. The City Planning Commission may authorize a modification of the provisions of this Section pursuant to Section [91-842](#) (Authorization to modify design requirements).

- (a) Location of #enlargement#

(1) Location of new #building# walls

All new #building# walls shall extend to the full height of the #arcade#. New #building# walls may only be located between the column face closest to an existing #street wall# and the column face furthest from an existing #street wall# or the #street wall# location of the floor above, except that new #building# walls within an existing #through block arcade# that do not face a #street# may extend past the column face furthest from the existing #street wall# provided that the standards for #through block arcades# set forth in Section [12-10](#) (DEFINITIONS) and all other provisions of this Section are met. New #building# walls within an existing #through block arcade# that do not face a #street# shall not be required to extend for the full height of the #through block arcade#.

(2) Length of new #building# walls

An #enlargement# shall extend for the full length of the #street wall#, except for the locations specified on Map 9 in Appendix A of this Chapter and except if a corner #arcade# that adjoins the Water Street #street line# and another #street line# or #publicly accessible open area# is provided in accordance with the provisions of paragraph (c) of Section [37-53](#) (Design Standards for Pedestrian Circulation Spaces) which may provide a clear path 10 feet wide. However, an #enlargement# shall not be required along the length of the #street wall# occupied by an existing parking or loading entrance. Where an #enlargement# within an #arcade# extends along two or more #street walls#, the #enlargement# shall also include the area where the #arcade# areas intersect, except as otherwise provided in this Section, and the location of new #building# walls in such area shall be subject to the provisions of paragraph (a)(1) of this Section.

(b) Permitted #uses# within an #enlargement#

(1) Requirements for all frontages

The underlying #ground floor level# streetscape provisions set forth in Section [32-30](#) (STREETSCAPE REGULATIONS), inclusive, shall apply, except that #ground floor level# #street# frontages subject to the provisions of this Section shall be considered #Tier C street frontages#. For the purposes of applying such regulations, the #minimum qualifying depth# shall be the depth set forth in Section [32-301](#), or the depth of the #enlargement#, whichever is less.

Defined terms in this Section include those in Sections [12-10](#) and [32-301](#)

(c) Number of establishments

Along the longest #street wall# of the #ground floor level# #enlargement#, at least two establishments permitted by paragraph (b) of this Section shall be provided on the #ground floor level#. Frontage that is solely dedicated to access a #use# on a level other than the #ground floor level# shall not constitute an establishment for the purposes of this paragraph.

91-832 - Plaza improvements

LAST AMENDED
6/21/2016

A #publicly accessible open area# shall be improved in full accordance with the provisions of Section [37-70](#) (PUBLIC PLAZAS) as modified by this Section, and as further modified by Section [91-833](#) (Special regulations for plazas less than 40 feet in depth) for #publicly accessible open areas# with a maximum depth of less than 40 feet, as measured perpendicular to any #street line#. Subsequent design changes to any #publicly accessible open area# improved pursuant to the provisions of such Sections may only

be permitted pursuant to Section [91-837](#). The City Planning Commission may authorize a modification of the provisions of this Section and Section [91-833](#) pursuant to Section [91-842](#) (Authorization to modify design requirements).

- (a) For the purposes of applying the provisions of this Section, any portion of the #publicly accessible open area# occupied by a garage entrance, driveway, loading berth or gratings for electrical vaults may be excluded from the calculation of the total area or total #street# frontage of the #publicly accessible open area#. Such area shall remain open and accessible to the public at all times.
- (b) The area dimension requirements of Section [37-712](#), the locational restrictions of Section [37-713](#), the orientation restrictions of Section [37-714](#) and the requirements for major and minor portions of #public plazas# set forth in Sections [37-715](#) and [37-716](#), respectively, shall not apply.
- (c) The #through block public plaza# provisions of Section [37-717](#) that require a setback along any #building# wall or walls that adjoin a #through block public plaza# or through #block# portion of a #publicly accessible open area# shall not apply.
- (d) The sidewalk frontage provisions of Section [37-721](#) shall be modified as follows:
 - (1) the requirements of paragraph (a) may be reduced to the minimum extent necessary to allow existing walls or structures within such area to remain, provided that such walls or structures do not increase in height or length along the #street# frontage, and all portions of the #publicly accessible open area# are accessible from a #street#, #arcade# or other portion of the #publicly accessible open area#.
 - (2) paragraph (b) shall be modified to allow planters with bounding walls that exceed a height of two feet that are permitted by paragraph (g) of this Section to be located in such area.
 - (3) for #corner public plazas#, where there is a change in elevation permitted by paragraph (e) of this Section for the area within 15 feet of the intersection of any two or more #streets# on which the #publicly accessible open area# fronts, such area shall not be required to be at the same elevation as the adjoining public sidewalk, but must be free of obstructions except as may otherwise be provided in paragraph (d)(1) of this Section.
- (e) The provisions of Section [37-722](#) (Level of plaza) shall be modified to permit any elevation of the #publicly accessible open area# existing on June 21, 2016, to remain.
- (f) The provisions of Section [37-726](#) (Permitted obstructions) shall be modified as follows:
 - (1) paragraph (c) shall allow awnings above retail and service establishments that do not project into the #publicly accessible open area# more than three feet when measured perpendicular to the #building# facade. There shall be no limitation on the area or height of an awning, but in no event shall an awning for a retail or service establishment contain vertical supports.
 - (2) paragraph (d) shall allow garage entrances, driveways or loading berths fronting on a #publicly accessible open area# and existing on June 21, 2016, to remain, provided that they are separated from the remainder of the #publicly accessible open area# by a barrier sufficient to substantially conceal these facilities and any vehicles therein when viewed from any point in the #publicly accessible open area#. A #building# trash storage facility may be accessed or serviced through the portion of a #publicly accessible open area# that is occupied by a garage entrance, driveway or loading berth.
- (g) The provisions of Section [37-742](#) (Planting and trees) may be modified where the Chairperson of the City Planning Commission has been provided with documentation sufficient to establish that subsurface conditions do not allow the required soil depth for shrubs or trees to be provided below-grade or within a planter with bounding walls no higher than 18 inches in height above an adjacent walking surface or the highest adjacent surface where the bounding wall of

such planter adjoins two or more walking surfaces with different elevations. A raised planter may be provided with bounding walls up to three feet for shrubs, or 3 feet, 6 inches for trees, provided that fixed seating with backs is integrated into the planter for at least 50 percent of the perimeter of the planter that is adjacent to a walking surface. If such planter, or any portion thereof, is located within ten feet of a #street line#, fixed seating with backs shall be integrated into at least 75 percent of the perimeter of the planter that is adjacent to a walking surface. Where it is demonstrated that no required trees can be planted flush-to-grade or planted at grade within planting beds with no raised curbs or railings, the Chairperson may allow all trees to be planted within raised planters.

- (h) The calculation of the minimum number of entry plaques required by paragraph (a) of Section [37-751](#) (Public space signage systems) may be modified for #publicly accessible open areas# that occupy more than one #street# frontage to alternatively require a minimum of one entry plaque at each #street# frontage of the #publicly accessible open area#, and to further require one additional entry plaque at each #street# frontage that measures 80 feet or more in length.
- (i) The provisions of paragraphs (a) and (d) of Section [37-753](#) (Accessory signs) shall not apply. Each establishment fronting on the #publicly accessible open area# shall be permitted to have one or more #signs# with an aggregate area not to exceed the product of 12 square feet and the length of the establishment along the #publicly accessible open area# in linear feet, divided by 40 linear feet. In no event shall a #sign# exceed 16 square feet in area. #Signs# may be affixed to the #building# wall or to awnings, or may project no more than 18 inches when measured perpendicular to the #building# facade, provided that such #sign# is located a minimum of 10 feet above the level of the #publicly accessible open area#.
- (j) The provisions of paragraphs (a) and (b) of Section [37-76](#) (Mandatory Allocation of Frontages for Permitted Uses) shall not apply. The provisions of Section [91-831](#) (Ground floor requirements) shall apply to all new #building# walls fronting on the #publicly accessible open area#, and the following shall also apply:
 - (1) the #use# requirements of paragraph (b)(1) of Section [91-831](#) shall apply to all new establishments located along existing #building# walls fronting on a #publicly accessible open area#; and
 - (2) the provisions of paragraph (c) of Section [37-76](#) for existing #building# walls that are non-transparent shall apply except for frontage occupied by active loading and parking entrances.
- (k) The provisions of Section [37-78](#) (Compliance) shall be modified as follows:
 - (1) paragraph (a) shall be modified to provide that no permit shall be issued by the Department of Buildings for any change to a #publicly accessible open area# without certification by the Chairperson of the City Planning Commission of compliance with the provisions of this Section and Sections [91-833](#) or [91-837](#), as applicable; and
 - (2) paragraph (b) shall be modified to require that the periodic compliance report shall document compliance with the provisions of Section [37-70](#) as modified by this Section and, as applicable, Section [91-833](#), and that such report shall also be provided to the local Council Member.

91-833 - Special regulations for plazas less than 40 feet in depth

LAST AMENDED
6/21/2016

A #publicly accessible open area# with a maximum depth less than 40 feet measured perpendicular to any #street line# shall be improved in full accordance with the provisions of Section [37-70](#) (PUBLIC PLAZAS) as modified by Section [91-832](#) (Plaza improvements) and as further modified by this Section. Where a #publicly accessible open area# may be considered a #corner public plaza#, the maximum depth shall be measured from a #street line# to a #street wall#. The City Planning Commission may authorize a modification of the provisions of this Section pursuant to Section [91-842](#) (Authorization to modify design requirements).

- (a) The provisions of Section [37-721](#) (Sidewalk frontage) shall not apply. In lieu thereof, the provisions of this paragraph (a) shall apply to the area of the #publicly accessible open area# located within 10 feet of a #street line# or sidewalk widening line.
- (1) At least 40 percent of such area shall be free of obstructions and, in addition:
- (i) to facilitate pedestrian access at least 40 percent of the frontage along each #street line# or sidewalk widening line of the #publicly accessible open area# shall be free of obstructions; and
- (ii) such unobstructed access area shall extend to a depth of 10 feet measured perpendicular to the #street line#. The width of such access area need not be contiguous provided that no portion of such area shall have a width of less than five feet measured parallel to the #street line#, and at least one portion of such area shall have a width of at least eight feet measured parallel to the #street line#.
- The requirement of this paragraph for unobstructed access may be reduced to the minimum extent necessary to allow existing walls or structures within such area to remain provided that such walls or structures do not increase in height or length along the #street# frontage, and all portions of the #publicly accessible open area# are accessible from a #street#, #arcade# or other portion of the #publicly accessible open area#.
- (2) In the remaining 60 percent or more of such area, the provisions of paragraph (b) of Section [37-721](#) shall apply, except that no more than 40 continuous linear feet of any #street# frontage occupied by a #publicly accessible open area# may be obstructed. Furthermore, planters with bounding walls that exceed a height of two feet that are permitted by paragraph (g) of Section [91-832](#) may be located in such area.
- (3) For #corner public plazas#, the requirements of this paragraph (a) shall apply separately to each #street# frontage, and the area within 10 feet of the intersection of any #street# and Water Street or Wall Street shall be at the same elevation as the adjoining public sidewalk, except where there is a change in elevation permitted by paragraph (e) of Section [91-832](#), and such area shall be free of obstructions except as may otherwise be provided in paragraph (a)(1) of this Section.
- (b) The provisions of Section [37-723](#) (Circulation paths) shall be modified so that the required circulation path of at least eight feet clear width shall be located adjacent to the #street wall# and shall extend for at least 80 percent of the length of such #street wall#. Where there are multiple #street walls#, the provisions of this paragraph shall apply separately to each frontage. In addition to the obstructions that are permitted within circulation paths, moveable tables and chairs, fixed seating and planting beds not exceeding six inches above any adjacent walking surface shall also be considered permitted obstructions provided that an unobstructed path of at least five feet wide is provided.
- Where an open air cafe pursuant to Section [37-73](#) (Kiosks and Open Air Cafes) is provided adjacent to a #building# wall, such open air cafe may occupy a portion of the required circulation path provided that there is an unobstructed clear path of at least six feet wide between the #building# wall and any furnishings of the open air cafe. The unobstructed path shall be included in the calculation of the area occupied by the open air cafe.
- (c) The provisions of Section [37-741](#) (Seating) that require seating within 15 feet of the #street line# shall not apply to #street# frontages that measure less than 40 feet in length.
- (d) The provisions of Section [37-742](#) (Planting and trees) shall be further modified as follows:
- (1) For #publicly accessible open areas# with an area less than 2,000 square feet, the number of required trees shall be reduced to two, and only one tree shall be required to be planted flush-to-grade or planted at grade within planting beds with no raised curbs or railings, except as may be modified by paragraph (g) of Section [91-832](#).
- (2) The total area of required planting beds may not be concentrated within one continuous planter or planting bed,

except when a #publicly accessible open area# has an area of 1,000 square feet or less.

- (e) The provisions of Section [37-746](#) (Drinking fountains) shall be modified to require only #publicly accessible open areas# containing an area of 2,000 square feet or more to provide a minimum of one drinking fountain.

91-834 - Indoor public spaces

LAST AMENDED

6/21/2016

Indoor public spaces are enclosed, climate-controlled areas on a #zoning lot# intended for public use and enjoyment. The standards contained within this Section are intended to serve the same purposes outlined for #public plazas# in Section [37-70](#). The City Planning Commission may authorize a modification of the provisions of this Section pursuant to Section [91-842](#) (Authorization to modify design requirements).

- (a) Indoor public spaces shall contain an area of not less than 2,000 square feet and have a minimum width and depth, at any point, of 20 feet. Indoor public spaces shall be located on the ground floor level, shall be directly accessible from all #streets# or #publicly accessible open areas# that the space fronts, and shall extend, at a minimum, for the full height of the ground floor level.
- (b) Indoor public spaces shall be fully enclosed, and the transparency requirements of paragraph (c) of Section [91-831](#) (Ground floor requirements) shall apply to all #street walls# or #building# walls facing a #publicly accessible open area#. The space shall be heated or air-conditioned, and the standards for heating, ventilating and air-conditioning shall be at least equal to those of the lobby for the principal #use# of the #building#.
- (c) Public access to the indoor public space shall be provided, at a minimum, between the hours of 6:00 a.m. to 12:00 a.m. The hours of access shall be included on all required entry plaques and information plaques in accordance with the provisions of Section [37-751](#) (Public space signage systems) and paragraph (i) of this Section.
- (d) The provisions of Sections [37-718](#) (Paving), [37-722](#) (Level of plaza), [37-728](#) (Standards of accessibility for persons with disabilities), [37-744](#) (Litter receptacles), [37-745](#) (Bicycle parking), [37-746](#) (Drinking fountains), [37-748](#) (Additional amenities), [37-752](#) (Prohibition signs), [37-753](#) (Accessory signs) and [37-77](#) (Maintenance) shall apply.
- (e) The provisions of Section [37-723](#) (Circulation paths) for #through block public plazas# shall apply to #through block arcades# except as otherwise provided in Section [91-821](#) (Certification for outdoor cafes within arcades) when a cafe is provided. Trees planted flush-to-grade that measure less than four caliper inches at the time of planting, as permitted by paragraph (h) of this Section, shall not be considered permitted obstructions within circulation paths.
- (f) The provisions of paragraphs (a) and (b) of Section [37-726](#) (Permitted obstructions) shall apply. A kiosk shall be a permitted obstruction provided that the requirements of paragraph (a) of Section [37-73](#) (Kiosks and Open Air Cafes) are met. A certification pursuant to Section [37-73](#) shall not be required to locate a kiosk within an indoor public space. A cafe permitted by certification pursuant to Section [91-821](#) shall be considered a permitted obstruction within an indoor public space and may not occupy more than 20 percent of the indoor public space area.
- (g) The provisions of Section [37-741](#) for seating shall apply, except as modified as follows:
- (1) The requirements for seating within 15 feet of a #street line# shall not apply.
 - (2) All of the linear seating capacity may be in moveable seats. Any moveable seats that are provided must remain in the indoor public space during the hours of operation.
 - (3) The requirement that seats that face walls must be a minimum of six feet from such wall shall only apply to fixed

seating.

- (h) The requirements of Section [37-742](#) for planting and trees shall apply, except that the surface area of any vertical planting may be included in the calculation of the total area of planting beds that are provided, and trees shall not be required.
- (i) Public space signage shall be provided in accordance with the provisions of Section [37-751](#), except as modified as follows:
 - (1) An information plaque shall be provided at each point of pedestrian entry to the indoor public space. Information plaques for #through block arcades# shall also include lettering stating "PUBLIC ACCESS TO ____ STREET" indicating the opposite #street# to which the through #block# connection passes and which lettering shall not be less than three inches in height and located not more than three inches away from the public space symbol. Furthermore, a minimum of one additional information plaque shall be provided within the indoor public space.
 - (2) Paragraph (c) shall not apply.
- (j) All indoor public spaces shall be illuminated with a minimum level of illumination of not less than five horizontal foot candles (lumens per foot) throughout the space. The requirements of Section [37-743](#) for a lighting schedule, a diagram of light level distribution and electrical power shall apply.
- (k) The #use# requirements of paragraph (b) and the lobby requirements of paragraph (c)(2) of Section [91-831](#) shall apply to all #building# walls fronting on an indoor public space that do not face a #street# or #publicly accessible open area#. The provisions of paragraph (c) of Section [37-76](#) for new or existing #building# walls that are non-transparent shall apply.
- (l) The provisions of Section [37-78](#) (Compliance) shall be modified as follows:
 - (1) paragraph (a) shall not apply; and
 - (2) paragraph (b) shall be modified to require that the periodic compliance report shall document compliance with the provisions of Section [37-70](#) as modified by this Section, and that such report shall also be provided to the local Council Member.

Subsequent design changes to any indoor public space that was subject to the provisions of this Section may only be permitted pursuant to Section [91-837](#) (Subsequent design changes).

91-835 - Alternative improvements

LAST AMENDED
6/21/2016

A permanent amenity other than the improvement of an existing #publicly accessible open area# pursuant to the provisions of Section [91-832](#) or the provision of an indoor public space pursuant to the provisions of Section [91-834](#) may be provided for the properties listed in this Section. The City Planning Commission may authorize an improvement not listed in this Section pursuant to Section [91-843](#) (Authorization to modify requirements for alternative improvements).

Building Address	Required Alternative Improvement
------------------	----------------------------------

175 Water Street	Area C on Map 9 in Appendix A of this Chapter, the open area along John Street and the open area along Front Street with a minimum depth of 15 feet measured perpendicular to the Front Street #street line# shall be improved in accordance with the provisions of Sections 91-832 and 91-833. Such open area and remaining #arcade# area shall be considered one contiguous public space and shall be accessible to the public at all times.
100 Wall Street	Maintenance of Manahatta Park between Water Street and Front Street for the life of the #building#.
110 Wall Street	Maintenance of Manahatta Park between Front Street and South Street for the life of the #building#.

91-836 - Additional requirements

LAST AMENDED
6/21/2016

(a) Legal requirements

All plans for #arcades#, #publicly accessible open areas#, required open areas, and indoor public spaces that are the subject of a certification pursuant to Section [91-83](#) (Retail Uses Within Existing Arcades) shall be filed and duly recorded in the New York County Office of the City Register of the City of New York, indexed against the property in the form of a legal instrument, in a form satisfactory to the Chairperson of the City Planning Commission, providing notice of the certification pursuant to Section [91-83](#). The filing and recording of such instrument shall be a precondition to certification. The recording information shall be included on the certificate of occupancy for any #building#, or portion thereof, on the #zoning lot# issued after the recording date. Where compensating amenity required by condition (b) of Section [91-83](#) is located on the same #zoning lot# as an #enlargement#, no temporary or final certificate of occupancy shall be issued for such #enlargement# until the compensating amenity has been substantially completed in accordance with the approved plans, as certified by the Department of City Planning to the Department of Buildings.

Where a compensating amenity is located within a #street# or #public park# pursuant to Section [91-835](#) (Alternative improvements), the commitment to provide or maintain such compensating amenity shall be duly recorded in the form of a signed declaration of restrictions, including a maintenance agreement with the Department of Parks and Recreation or other relevant agency, indexed against the #zoning lot#, binding the owners, successors and assigns. Such declaration or maintenance agreement may require security in the form of a bond or letter of credit to ensure that the compensating

amenity is maintained in accordance with the declaration or maintenance agreement. The form and content of the legal instrument shall be satisfactory to the Chairperson, and the filing of such instrument in the New York County Office of the City Register shall be a precondition to certification. The recording information shall be included on the certificate of occupancy for any #building#, or portion thereof, on the #zoning lot# issued after the recording date. Modifications to the declaration required by this paragraph may only be allowed upon approval by the Chairperson.

(b) Existing approvals by the Board of Standards and Appeals

Where a #zoning lot# is subject to a variance or special permit that was granted by the Board of Standards and Appeals, the application pursuant to Section [91-83](#) shall be referred for thirty (30) days to the Board of Standards and Appeals who shall certify to the Department of City Planning whether such application would not result in a departure from the findings and conditions specified in the original approval.

(c) Community Board review

No earlier than the date on which the application for certification pursuant to Section [91-83](#) is filed, a copy of the application shall be submitted by the applicant to the affected Community Board and local Council Member for 45 days to review said application. The Chairperson shall not issue a certification for an application during the Community Board review period, unless the Community Board has submitted to the Chairperson comments regarding such proposal or informed the Chairperson that the Community Board has no comments.

91-837 - Subsequent design changes

LAST AMENDED

6/21/2016

Design changes to any #publicly accessible open area#, required open area or indoor public space previously improved pursuant to the provisions of Sections [91-832](#) (Plaza improvements) or [91-834](#) (Indoor public spaces) may only be made upon certification by the Chairperson of the City Planning Commission that such changes would result in a #publicly accessible open area# or indoor public space that is compliant with the Section under which it was previously approved. As part of the certification, a horizontal #enlargement# on the ground floor level may be permitted along existing #building# walls that face the #publicly accessible open area# and do not face an #arcade#, but such #enlargement# shall not occupy any #publicly accessible open area#. The locational requirements of paragraph (a)(1) of Section [91-831](#) (Ground floor requirements) and the #use# and transparency requirements of Section [91-831](#) for new #building# walls facing a #publicly accessible open area# shall apply. The legal requirements of paragraph (a) of Section [91-836](#) shall apply.

91-84 - Authorizations

LAST AMENDED

6/21/2016

91-841 - Authorization for retail uses within existing arcades

LAST AMENDED

6/6/2024

The City Planning Commission may authorize a horizontal #enlargement# of the ground floor and second floor levels within an #arcade# located within Area B on Map 9 in Appendix A of this Chapter. In order to grant an authorization, the Commission shall find that:

- (a) the requirements of Section [91-831](#) (Ground floor requirements) are met;
- (b) a compensating amenity is provided pursuant to the provisions of Section [91-832](#) for plazas, Section [91-834](#) for indoor public spaces or Section [91-835](#) for alternative improvements;
- (c) sufficient unobstructed space exists adjacent to the proposed #enlargement# to facilitate pedestrian circulation; and
- (d) the #enlargement# will maintain a visual or physical connection to Water Street from another #street#, #public park# or #publicly accessible open area#.

As part of the authorization, the Commission may modify the requirements for the location of new #building# walls of paragraph (a) of Section [91-831](#).

For #zoning lots# with one or more #publicly accessible open area#, unless an alternative improvement has been identified in Section [91-835](#), an improvement to all #publicly accessible open areas# pursuant to the provisions of Section [91-832](#) shall be required as the compensating amenity required by finding (b) of this Section, and a certification for design changes pursuant to Section [37-625](#) shall not be required. Where a #publicly accessible open area# was improved and is fully compliant with a prior certification pursuant to Section [37-625](#) that was granted before January 19, 2016, the further improvement of such #publicly accessible open area# shall not be required.

The provision of a compensating amenity as part of a prior certification pursuant to Section [91-83](#) (Retail Uses Within Existing Arcades) or a prior authorization pursuant to this Section may satisfy the requirement of finding (b) of this Section for a compensating amenity.

As part of the authorization, a horizontal #enlargement# of the ground floor level may be permitted within the area between a #street wall# and an #arcade# that did not generate a #floor area# bonus prior to June 21, 2016. The provisions of Section [91-831](#) shall not apply to such portion of the horizontal #enlargement#.

As part of the authorization, a horizontal #enlargement# of the ground floor level may be permitted along existing #building# walls that do not face an #arcade#. The locational requirements of paragraph (a)(1) of Section [91-831](#) and the frontage prohibitions of paragraph (b)(1)(ii) of Section [91-831](#) shall apply to such #enlargement#. Where the #enlargement# is located adjacent to a #publicly accessible open area#, the #use# and transparency requirements of Section [91-831](#) for new #building# walls facing a #publicly accessible open area# shall apply.

For a horizontal #enlargement# of 7,500 square feet or greater, a special permit pursuant to Section [91-85](#) shall also be required. For the purposes of calculating the total area of the horizontal #enlargement# that is subject to the special permit, the aggregate area of the horizontal #enlargement# permitted by prior certifications pursuant to Sections [91-83](#) and [91-837](#) (Subsequent design changes) and prior authorizations pursuant to this Section shall be included in such calculation, except the area of an indoor public space shall be excluded from such calculation.

Where any portion of the #arcade# remains open and accessible, such remaining #arcade# area shall maintain a minimum level of illumination of not less than five horizontal foot candles between sunset and sunrise.

All plans for #arcades#, #publicly accessible open areas#, required open areas and indoor public spaces, once authorized, shall be filed and duly recorded in the Borough Office of the City Register of the City of New York, indexed against the property in the form of a legal instrument, in a form satisfactory to the Commission, providing notice of the authorization pursuant to this Section. The filing and recording of such instrument shall be a precondition to the issuance of a building permit. The recording information shall be included on the certificate of occupancy for any #building#, or portion thereof, on the #zoning lot# issued after the recording date. Where a compensating amenity required by paragraph (b) of this Section is located on the same #zoning lot# as an #enlargement#, no temporary or final certificate of occupancy shall be issued for any #enlargement# unless and until the compensating amenity has been substantially completed in accordance with the approved plans, as verified by the Department of City Planning to the Department of Buildings.

Where a compensating amenity is located within a #street# or #public park# pursuant to Section [91-835](#) (Alternative improvements), the applicable legal requirements of Section [91-836](#) (Additional requirements) shall apply.

Where a #zoning lot# is subject to a variance or special permit that was granted by the Board of Standards and Appeals, the requirements of paragraph (b) Section [91-836](#) shall apply.

The Commission may prescribe appropriate conditions and safeguards in connection with the grant of such authorization.

91-842 - Authorization to modify design requirements

LAST AMENDED

6/21/2016

The City Planning Commission may authorize a modification of the requirements of Section [91-831](#) (Ground floor requirements), the provisions of Sections [91-832](#) (Plaza improvements) and [91-833](#) (Special regulations for plazas less than 40 feet in depth) for #publicly accessible open areas# and the provisions of Section [91-834](#) for indoor public spaces. In no event shall an #enlargement# be permitted within a #publicly accessible open area# or other required open area unless specified on Map 9 of Appendix A of this Chapter.

In order to grant such authorization, the Commission shall find:

- (a) the location, #use#, access, size and treatment of the #enlargement# would result in a superior urban design relationship with the surrounding #streets#, #buildings# and open areas;
- (b) the usefulness and attractiveness of the #publicly accessible open area#, required open area or indoor public space will be assured by the proposed layout and design, and that such modification will result in a superior urban design relationship with surrounding #streets#, #buildings# and public open areas; and
- (c) any waiver of required amenities and circulation paths is the minimum necessary to create a better site plan.

The Commission may prescribe appropriate conditions and controls to enhance the relationship between the #enlargement#, #publicly accessible open area#, required open area or indoor public space and the surrounding #streets#, #buildings# and open areas.

91-843 - Authorization to modify requirements for alternative improvements

LAST AMENDED

6/21/2016

The City Planning Commission may authorize an alternative improvement not listed in Section [91-835](#) provided that the Commission finds that the new amenity will better serve the purpose of the Water Street Subdistrict described in Section [91-00](#) (GENERAL PURPOSES).

As a condition of the authorization, for a compensating amenity that is located within a #street# or #public park#, the commitment to provide or maintain such compensating amenity shall be duly recorded in the form of a signed declaration of restrictions, including a maintenance agreement with the Department of Parks and Recreation or other relevant agency, indexed against the #zoning lot#, binding the owners, successors and assigns. Such declaration or maintenance agreement may require security in the form of a bond or letter of credit to ensure that the compensating amenity is maintained in accordance with the declaration or maintenance agreement. The form and content of the legal instrument shall be satisfactory to the Commission, and the filing of such instrument in the New York County Office of the City Register shall be a precondition to the issuance of a building permit. The recording information shall be included on the certificate of occupancy for any #building#, or portion

thereof, on the #zoning lot# issued after the recording date.

The Commission may prescribe appropriate conditions and safeguards in connection with the grant of such authorization.

91-85 - Special Permit for Enlargements of 7,500 Square Feet or Greater

LAST AMENDED 6/21/2016

In addition to any certification pursuant to Section [91-83](#) (Retail Uses Within Existing Arcades), inclusive, or an authorization pursuant to Section [91-841](#) (Authorization for retail uses within existing arcades), the City Planning Commission may permit a horizontal #enlargement# of 7,500 square feet or greater within Areas A or B on Map 9 in Appendix A of this Chapter, provided that the Commission finds that the public amenity or improvement that is provided on the #zoning lot# is of equal or greater benefit to the public than the #arcade# to be eliminated or reduced.

For the purposes of calculating the total area of the horizontal #enlargement# that is subject to the special permit, the aggregate area of the horizontal #enlargement# permitted by any prior certification pursuant to Section [91-83](#), inclusive, and prior authorizations pursuant to Section [91-841](#) shall be included in such calculation, except the area of an indoor public space provided in accordance with the provision of Section [91-834](#) (Indoor public spaces) shall be excluded from such calculation.

As part of the special permit, the Commission may modify the requirements of Section [91-831](#) (Ground floor requirements), the provisions of Sections [91-832](#) (Plaza improvements) and [91-833](#) (Special regulations for plazas less than 40 feet in depth) for #publicly accessible open areas# and the provisions of Section [91-834](#) for indoor public spaces. In no event shall an #enlargement# be permitted within a #publicly accessible open area# or other required open area unless specified on Map 9 in Appendix A of this Chapter.

The Commission may prescribe additional conditions and safeguards to enhance the relationship between the #enlargement# and the surrounding #streets#, #buildings# and public open areas.

Appendix A - Lower Manhattan District Plan Maps

LAST AMENDED
6/12/2013

(12/11/01)

Map 1 — Special Lower Manhattan District (91-A1)

(11/15/07)

Map 2 — Street Wall Continuity Types 1, 2A, 2B and 3 (91-A2)

- District Boundary
- Type 1: 150' Minimum / 250' Maximum Before Setback
- ▨ Type 2A: 85' Minimum / 150' Maximum Before Setback / 100% Street Wall Continuity Required
- Type 2B: 85' Minimum / 150' Maximum Before Setback / At least 60% Street Wall Continuity Required
- Type 3: 60' Minimum

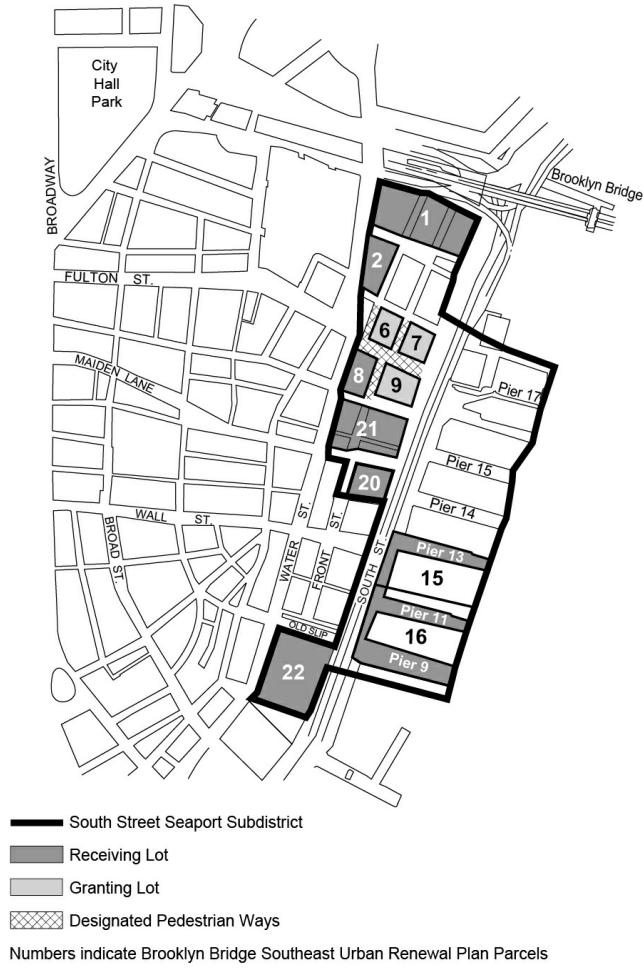

(12/21/09)
