Chapter 1 - Statement of Legislative Intent

31-00 - GENERAL PURPOSES OF COMMERCIAL DISTRICTS

LAST AMENDED

2/26/1967

The Commercial Districts established in this Resolution are designed to promote and protect public health, safety and general welfare. These general goals include, among others, the following specific purposes:

- (a) to provide sufficient space, in appropriate locations in proximity to residential areas, for local retail development catering to the regular shopping needs of the occupants of nearby residences, with due allowance for the need for a choice of sites;
- (b) to provide appropriate space and, in particular, sufficient depth from a street, to satisfy the needs of modern local retail development, including the need for off-street parking spaces in areas to which a large proportion of shoppers come by automobile, and to encourage the natural tendency of local retail development to concentrate in continuous retail frontage, to the mutual advantage of both consumers and merchants;
- (c) to protect both local retail development and nearby residences against fire, explosions, toxic and noxious matter, radiation and other hazards, and against offensive noise, vibration, smoke, dust and other particulate matter, odorous matter, heat, humidity, glare and other objectionable influences;
- (d) to protect both local retail development and nearby residences against congestion, particularly in areas where the established pattern is predominantly residential but includes local retail uses on the lower floors, by regulating the intensity of local retail development, by restricting those types of establishments which generate heavy traffic, and by providing for off-street parking and loading facilities;
- (e) to provide sufficient and appropriate space and, in particular, sufficient depth from the street, to meet the needs of the city's expected future economy for modern commercial floor space in central, major or secondary commercial centers, including the need for off-street parking space in areas where a large proportion of customers come by automobile, with due allowance for the need for a choice of sites, and to encourage the natural tendency of commercial development to concentrate in continuous retail frontage, to the mutual advantage of both consumers and merchants;
- (f) to protect commercial development in central, major or secondary commercial centers, as far as is possible and appropriate in each area, against fire, explosions, toxic and noxious matter, radiation, and other hazards, and against offensive noise, vibration, smoke, dust and other particulate matter, odorous matter, heat, humidity, glare and other objectionable influences;
- (g) to protect commercial development in central, major or secondary commercial centers against congestion, as far as possible, by limiting the bulk of buildings in relation to the land around them and to one another, by restricting those types of establishments which generate heavy traffic, and by providing for off-street parking and loading facilities;
- (h) to provide sufficient space in appropriate locations for all types of commercial and miscellaneous service activities, with due allowance for the need for a choice of sites;
- (i) to provide freedom of architectural design, in order to encourage the development of more attractive and economic building forms, within proper standards;
- (j) to protect the character of certain designated areas of historic and architectural interest, where the scale of building development is important, by limitations on the height of buildings; and

- (k) to promote the most desirable use of land and direction of building development in accord with a well-considered plan, to promote stability of commercial development, to strengthen the economic base of the City, to protect the character of the district and its peculiar suitability for particular uses, to conserve the value of land and buildings, and to protect the City's tax revenues.

31-11 - C1 Local Commercial Districts

LAST AMENDED
6/6/2024

These districts are designed to provide for local shopping and include a wide range of retail stores and personal service establishments which cater to frequently recurring needs. These districts also provide for a wide range of other essential local services and limited amusement and recreation as well as small-scale production uses. Since these districts provide amenities in convenient locations near all residential areas, and since they are relatively unobjectionable to nearby residences, these districts are widely mapped.

31-13 - C3 Waterfront Recreation Districts

LAST AMENDED
6/6/2024

31-14 - C4 General Commercial Districts

LAST AMENDED
6/6/2024

These districts comprise the City's major and secondary shopping and business centers, which provide for shopping needs and services over a wide area, and which have a substantial number of large stores generating considerable traffic. These districts are also designed to provide for the wide range of office, amusement and recreation, service, production and related uses normally found in major and secondary shopping centers but to exclude non-retail uses which generate a large volume of trucking.

31-15 - C5 General Central Commercial Districts

LAST AMENDED

6/6/2024

These districts are designed to provide for office buildings and the great variety of large retail stores and related activities in the central business district and regional commercial centers. These districts are also designed to provide for the wide range of amusement and recreation, service, production and related uses normally found in the central business district and regional commercial centers but to exclude non-retail uses which generate a large volume of trucking. Special signage regulations are designed to reflect the character of this area.

31-16 - C6 General Central Commercial Districts

LAST AMENDED

These districts are designed to provide for the wide range of retail, office, amusement and recreation, service, production and related uses normally found in the central business district and regional commercial centers but to exclude non-retail uses which generate a large volume of trucking.

31-17 - C7 General Commercial Districts

LAST AMENDED

6/6/2024

This district is designed to provide for a wide range of retail, service, office, open and enclosed amusement and recreation, production and related uses, but not residential uses.

31-18 - C8 General Service Districts

LAST AMENDED

6/6/2024

These districts are designed to provide for necessary services for a wider area than is served by the Local Commercial Districts. Since these service establishments often involve objectionable influences, such as noise from heavy service operations and large volumes of truck traffic, they are incompatible with both residential and retail uses. New residential development is excluded from these districts.
